

# CAPITAL GAINS

## LEARNING OUTCOMES

After studying this chapter, you would be able to -

- appreciate** the scope of income chargeable under this head;
- examine** the provisions of section 2(42A), relating to period of holding, for classification of a capital asset as short-term capital asset and long-term capital asset;
- analyse and apply** the provisions of section 47 to determine whether a particular transaction would be considered/not be considered as transfer for the purpose of capital gains taxation;
- determine** the cost of acquisition/ improvement and indexed cost of acquisition/ improvement, in case of a short-term capital asset and long-term capital asset, respectively for the purpose of computing the capital gains;
- compute** capital gains on transfer of depreciable assets;
- compute** capital gains in case of market linked debenture and other specified securities;
- compute** capital gains in case of slump sale;
- determine** the quantum of exemption available on investment of capital gains/ net consideration arising on transfer of certain assets and appreciate the conditions to be satisfied to avail such exemption;
- compute** the capital gains chargeable to tax applying the charging and deeming provisions and giving effect to the exemptions available in respect of capital gains;
- identify** the cases where an Assessing Officer can make a reference to the Valuation Officer;
- appreciate** the concessional tax treatment available for short-term capital gains and for long term capital gains on transfer of listed equity shares/ units of an equity oriented fund/ units of a business trust;
- compute** the tax liability applying the special rates of tax on long-term capital gains and short-term capital gains arising on transfer of listed equity shares/ units of an equity oriented fund and the normal rates of tax on capital gains arising on transfer of other short-term capital assets and other long-term capital assets.

## 4.1 INTRODUCTION

Section 45 provides that any profits or gains arising from the **transfer** of a **capital asset** effected in the previous year will be chargeable to income-tax under the head 'Capital Gains'. Such capital gains will be deemed to be the income of the previous year in which the transfer took place. In this charging section, two terms are important. One is "capital asset" and the other is "transfer".

Hence, in this chapter on capital gains, we begin our discussion with the definition of "capital asset" and "transfer". Thereafter, we will proceed to discuss the various circumstances under which capital gains tax is levied. There are certain transactions which are not to be regarded as transfer for the purposes of capital gains. These transactions have also been discussed in this chapter. There is a separate method of computation of capital gains in respect of depreciable assets. Also, there are exemptions in cases where capital gains/net sales consideration are invested in specified assets. All these aspects are being discussed in this chapter.

## 4.2 CAPITAL ASSET

**Definition:** According to section 2(14), a capital asset means –

- (a) property of any kind held by an assessee, whether or not connected with his business or profession;
- (b) any securities held by a Foreign Institutional Investor which has invested in such securities in accordance with the SEBI regulations.
- (c) any unit linked insurance policy (ULIP) issued on or after 1.2.2021, to which exemption under section 10(10D) does not apply on account of applicability of the fourth and fifth provisos thereof.

A ULIP which is issued on or after 1.2.2021 whose premium payable exceeds ₹ 2,50,000 for any of the previous years during the term of such policy would be a capital asset [Forth proviso to section 10(10D)].

In a case where premium is payable by a person for **more than one ULIP** issued on or after 1.2.2021 and the aggregate of premium payable on such ULIPs exceed ₹ 2,50,000 for any of the previous years during the term of any such ULIP(s), the exemption under section 10(10D) would be available in respect of any of those ULIPs (at the option of the assessee) whose aggregate premium payable does not exceed ₹ 2,50,000 for any of the previous years during their term. All other ULIPs would be capital assets [Fifth proviso to section 10(10D)].

However, it **does not include**—

- (i) **Stock-in trade:** Any stock-in-trade [other than securities referred to in (b) above], consumable stores or raw materials held for the purpose of the business or profession of the assessee;

Whether a particular asset is stock-in-trade or capital asset does not depend upon the nature of the item, but the manner in which the same is held. The item would be stock-in-trade in the hands of the assessee who deals or trades in that item; however, the same item would be capital asset for the assessee who holds it as an investment.

**Example:** *A dealer in real estate holds a piece of land as stock-in-trade. But the same will be capital asset for an assessee who holds it as an investment.*

The exclusion of stock-in-trade from the definition of capital asset is only in respect of sub-clause (a) above and not sub-clause (b). This implies that even if the nature of such security in the hands of the Foreign Portfolio Investor is stock in trade, the same would be treated as a capital asset and the profit on transfer would be taxable as capital gains.

Further, the Explanatory Memorandum to the Finance (No.2) Bill, 2014 clarifies that the income arising from transfer of such security by a Foreign Portfolio Investor (FPI) would be in the nature of capital gain, irrespective of the presence or otherwise in India, of the Fund manager managing the investments of the assessee.

- (ii) **Personal effects:** Personal effects, that is to say, movable property (including wearing apparel and furniture) held for personal use by the assessee or any member of his family dependent on him.

**EXCLUSIONS:**

- (a) jewellery;
- (b) archaeological collections;
- (c) drawings;
- (d) paintings;
- (e) sculptures; or
- (f) any work of art.

**Definition of Jewellery** - Jewellery is a capital asset and the profits or gains arising from the transfer of jewellery held for personal use are chargeable to tax under the head “capital gains”. For this purpose, the expression ‘jewellery’ includes the following:

- (i) Ornaments made of gold, silver, platinum or any other precious metal or any alloy containing one or more of such precious metals, whether or not containing any precious or semi-precious stones and whether or not worked or sewn into any wearing apparel;
- (ii) Precious or semi-precious stones, whether or not set in any furniture, utensil or other article or worked or sewn into any wearing apparel.

- (iii) **Rural agricultural land** in India i.e., agricultural land in India which is not situated in any specified area.

As per the definition that only rural agricultural lands in India are excluded from the purview of the term ‘capital asset’. Hence urban agricultural lands constitute capital assets. Accordingly, the agricultural land described in (a) and (b) below, being land situated within the specified urban limits, would fall within the definition of “capital asset”, and transfer of such land would attract capital gains tax -

- (a) agricultural land situated in any area within the jurisdiction of a municipality or cantonment board having population of not less than ten thousand, or
- (b) agricultural land situated in any area within such distance, measured aerially, in relation to the range of population as shown hereunder -

	<b>Shortest aerial distance from the local limits of a municipality or cantonment board referred to in item (a)</b>	<b>Population according to the last preceding census of which the relevant figures have been published before the first day of the previous year.</b>
(i)	≤ 2 kms	> 10,000
(ii)	> 2 kms ≤ 6 kms	> 1,00,000
(iii)	> 6 kms ≤ 8 kms	> 10,00,000

**Example**

	Area	Shortest aerial distance from the local limits of a municipality or cantonment board referred to in item (a)	Population according to the last preceding census of which the relevant figures have been published before the first day of the previous year.	Is the land situated in this area a capital asset?
(i)	A	1 km	9,000	No
(ii)	B	1.5 kms	12,000	Yes
(iii)	C	2 kms	11,00,000	Yes
(iv)	D	3 kms	80,000	No
(v)	E	4 kms	3,00,000	Yes
(vi)	F	5 kms	12,00,000	Yes
(vii)	G	6 kms	8,000	No
(viii)	H	7 kms	4,00,000	No
(ix)	I	8 kms	10,50,000	Yes
(x)	J	9 kms	15,00,000	No

**Explanation regarding gains arising on the transfer of urban agricultural land -** *Explanation 1* to section 2(1A) clarifies that capital gains arising from transfer of any agricultural land situated in any non-rural area (as explained above) will not constitute agricultural revenue within the meaning of section 2(1A).

In other words, the capital gains arising from the transfer of such urban agricultural lands would not be treated as agricultural income for the purpose of exemption under section 10(1). Hence, such gains would be exigible to tax under section 45.

- (iv) **Specified Gold Bonds:** 6½% Gold Bonds, 1977, or 7% Gold Bonds, 1980, or National Defence Gold Bonds, 1980, issued by the Central Government;
- (v) **Special Bearer Bonds, 1991** issued by the Central Government;
- (vi) **Gold Deposit Bonds** issued under the Gold Deposit Scheme, 1999 or deposit certificates issued under the Gold Monetisation Scheme, 2015 and Gold Monetisation Scheme, 2018 notified by the Central Government.

**Note** – ‘Property’ includes and shall be deemed to have always included any rights in or in relation to an Indian company, including rights of management or control or any other rights whatsoever.

### 4.3 SHORT TERM AND LONG TERM CAPITAL ASSETS

- **Definition** – As per section 2(42A), short-term capital asset means a capital asset held by an assessee **for not more than 36 months** immediately preceding the date of its transfer.

However, w.e.f. 23.7.2024, a capital asset will be a short-term capital asset if it is held by an assessee **for not more than 24 months** immediately preceding the date of its transfer.

As per section 2(29A), long-term capital asset means a capital asset which is not a short-term capital asset.

Accordingly, based on the period of holding capital assets would be classified as short-term or long-term capital asset as follows:

<b>Capital Asset</b>	<b>STCG, if held for</b>	<b>LTCG, if held for</b>
<b>In case transfer takes place before 23.7.2024</b>		
<ul style="list-style-type: none"> <li>• Security (other than unit) listed in a recognized stock exchange</li> <li>• Unit of equity oriented fund/unit of UTI</li> <li>• Zero Coupon bond</li> </ul>	<b>≤ 12 months</b> <i>immediately preceding the date of its transfer</i>	<b>&gt; 12 months</b> <i>immediately preceding the date of its transfer</i>
<ul style="list-style-type: none"> <li>• Unlisted shares</li> <li>• Land or building or both</li> </ul>	<b>≤ 24 months</b> <i>immediately preceding the date of its transfer</i>	<b>&gt; 24 months</b> <i>immediately preceding the date of its transfer</i>
<ul style="list-style-type: none"> <li>• Listed units of a business trust</li> <li>• Unlisted securities other than shares</li> <li>• Other capital assets</li> </ul>	<b>≤ 36 months</b> <i>immediately preceding the date of its transfer</i>	<b>&gt; 36 months</b> <i>immediately preceding the date of its transfer</i>
<b>In case transfer takes place on or after 23.7.2024</b>		
<ul style="list-style-type: none"> <li>• Security listed in a recognized stock exchange including listed units of a business trust</li> <li>• Unit of equity-oriented fund/unit of UTI</li> <li>• Zero Coupon bond</li> </ul>	<b>≤ 12 months</b> <i>immediately preceding the date of its transfer</i>	<b>&gt; 12 months</b> <i>immediately preceding the date of its transfer</i>
<ul style="list-style-type: none"> <li>• Other capital assets</li> </ul>	<b>≤ 24 months</b> <i>immediately preceding the date of its transfer</i>	<b>&gt; 24 months</b> <i>immediately preceding the date of its transfer</i>

**Note** – As per section 50AA, capital gains arising from transfer of the following assets would always be capital gains arising from transfer of short-term capital assets irrespective of the period of holding of such assets -

- units of a specified mutual fund acquired on or after 1.4.2023,
- market linked debentures,
- unlisted bond and unlisted debenture which is transferred or redeemed or matures on or after 23.7.2024.

**Meaning of certain terms:**

Term	Meaning
<p><b>Equity oriented fund [Clause (a) of Explanation to section 112A]</b></p>	<p>A fund set up under a scheme of a mutual fund specified under section 10(23D) or under a scheme of an insurance company comprising ULIPs issued on or after 1.2.2021, to which exemption under section 10(10D) does not apply on account of applicability of the fourth and fifth provisos thereof</p> <p>and</p> <p>(i) in a case where the fund invested in the units of another fund which is traded on a recognised stock exchange –</p> <ol style="list-style-type: none"> <li>I. a minimum of 90% of the total proceeds of such fund is invested in the units of such other fund; and</li> <li>II. such other fund also invests a minimum of 90% of its total proceeds in the equity shares of domestic companies listed on a recognised stock exchange; and</li> </ol> <p>(ii) in any other case, a minimum of 65% of the total proceeds of such fund is invested in the equity shares of domestic companies listed on a recognised stock exchange.</p> <p>However, the percentage of equity shareholding or unit held in respect of the fund, as the case may be, shall be computed with reference to the annual average of the monthly averages of the opening and closing figures.</p> <p>In case of a scheme of an insurance company comprising ULIPs issued on or after 1.2.2021, to which exemption u/s 10(10D) does not apply on account of applicability of the fourth and fifth provisos thereof, the minimum requirement of 90% or 65%, as the case may be, mentioned in (i) and (ii) above, is required to be satisfied throughout the term of such insurance policy.</p>

<b>Zero Coupon Bond [Section 2(48)]</b>	<p>A bond</p> <ul style="list-style-type: none"> <li>- issued by any infrastructure capital company or infrastructure capital fund or infrastructure debt fund notified by the Central Government under section 10(47) or a public sector company or a scheduled bank on or after 1<sup>st</sup> June, 2005,</li> <li>- in respect of which no payment and benefit is received or receivable before maturity or redemption from such issuing entity and</li> <li>- which the Central Government may notify in this behalf.</li> </ul>
---	---

**Note:** The income from transfer of a Zero coupon bond (not being held as stock-in-trade) is to be treated as capital gains. Section 2(47)(iva) provides that maturity or redemption of a Zero coupon bond shall be treated as a transfer for the purposes of capital gains tax.

The definitions of the terms “infrastructure capital company” and “infrastructure capital fund” have already been discussed in Chapter 3 – “Profits and gains from business and profession”.

**Applicability of tax on capital gains in the hands of the unit holders where the term of the units of Mutual Funds under the Fixed Maturity Plans has been extended [Circular No. 6/2015, dated 09-04-2015]**

Fixed Maturity Plans (FMPs) are closed ended funds having a fixed maturity date wherein the duration of investment is decided upfront.

Some Asset Management Companies (AMCs) administering mutual funds have offered extension of the duration of the FMPs by providing to the investor an option of roll-over of FMPs in accordance with the provisions of Regulation 33(4) of the SEBI (Mutual Funds) Regulation, 1996.

The CBDT has, vide this Circular, clarified that the roll over in accordance with the aforesaid regulation will not amount to transfer as the scheme remains the same.

Accordingly, no capital gains will arise at the time of exercise of the option by the investor to continue in the same scheme. The capital gains will, however, arise at the time of redemption of the units or opting out of the scheme, as the case may be.

- **Determination of period of holding [Clause (i) of Explanation 1 to section 2(42A)]:** In determining period of holding of any capital asset by the assessee in the circumstances stated in column (1), the period shall be determined by considering the period specified in Column (2).

	(ii) Gold released in respect of an Electronic Gold Receipt as referred to in section 47(viid) <b>[Conversion of EGR into Gold not regarded as transfer by virtue of section 47(viid)]</b>	The period for which such Electronic Gold Receipt was held by the assessee prior to its conversion into gold.
18	Where any <b>specified security or sweat equity shares allotted</b> or transferred, directly or indirectly, by the employer free of cost or at concessional rate to his employees (including former employees)	Period from the date of allotment or transfer of such specified security or sweat equity shares shall be <b>reckoned</b> .
	<p><b>“Specified security”</b> means the securities as defined in section 2(h) of the Securities Contracts (Regulation) Act, 1956 and, where employees' stock option has been granted under any plan or scheme therefor, includes the securities offered under such plan or scheme.</p> <p><b>“Sweat equity shares”</b> means equity shares issued by a company to its employees or directors at a discount or for consideration other than cash for providing know-how or making available rights in the nature of intellectual property rights or value additions, by whatever name called.</p>	

- **Period of holding in respect of other capital assets [Clause (ii) of Explanation 1 to section 2(42A)]** - The period for which any capital asset is held by the assessee shall be determined in accordance with any rules made by the CBDT in this behalf.

Accordingly, the CBDT has inserted Rule 8AA in the Income-tax Rules, 1962 to provide for method of determination of period of holding of capital assets, other than the capital assets mentioned in clause (i) of *Explanation 1* to section 2(42A).

- In the case of a capital asset, **being a share or debenture of a company**, which **becomes the property** of the assessee in the circumstances mentioned in **section 47(x)**, there shall be **included the period** for which the bond, debenture, debenture-stock or deposit certificate, as the case may be, was held by the assessee **prior to the conversion**.

**Note:** Section 47(x) provides that any transfer by way of conversion of bonds or debentures, debenture-stock or deposit certificates in any form, of a company into shares or debentures of that company shall not be regarded as transfer for the purposes of levy of capital gains tax.

- In case of a capital asset which became the property of the Indian subsidiary company in consequence to conversion of a branch of a foreign company referred to in section 115JG(1), the period for which the asset was held by the said branch of the foreign company and by the previous owner, if any, who has acquired the capital asset by a mode of acquisition referred to in clause (i)/(ii)/(iii)/(iv) of section 49(1) or section 115JG(1) shall be included. Section 115JG has been discussed in detail in Chapter 21: Non-resident Taxation in Module 4.
- In case of the amount which is chargeable to tax as income of specified entity under section 45(4) under the head - "Capital gains", the amount or a part of it shall be deemed to be from transfer of short-term capital asset or long term capital asset, as the case may be, mentioned in column (2), if it is attributed to capital asset mentioned in the corresponding row in column (3) –

	Deemed capital gains from transfer of capital asset	Type of capital asset of specified entity
	(2)	(3)
1.	Capital gains from transfer of a short term capital asset	(a) capital asset which is short term capital asset at the time of taxation of amount under section 45(4); or (b) capital asset forming part of block of asset; or (c) capital asset being self-generated asset and self-generated goodwill as defined in section 45(4)
2.	Capital gains from transfer of a long term capital asset(s)	Capital asset which is not covered in 1. above and is long term capital asset at the time of taxation of amount under section 45(4).

## 4.4 TRANSFER: WHAT IT MEANS? [SECTION 2(47)]

The Act contains an inclusive definition of the term 'transfer'. Accordingly, transfer in relation to a capital asset includes the following types of transactions:—

- (i) the sale, exchange or relinquishment of the asset; or
- (ii) the extinguishment of any rights therein; or
- (iii) the compulsory acquisition thereof under any law; or

**Example:** Acquisition of industrial undertaking under the Industries (Development and Regulation) Act, 1951.

- (iv) the owner of a capital asset may convert/treated the same into/as the stock-in-trade of a business carried on by him. Such conversion/treatment is treated as transfer; or

**Example:** Where an investor in shares starts a business of dealing in shares and treats existing investments as stock-in-trade of the newly set up business, such conversion shall be regarded as transfer for the purpose of capital gains.

- (v) the maturity or redemption of a zero coupon bond; or
- (vi) possession of an immovable property in consideration of part-performance of a contract referred to in section 53A of the Transfer of Property Act, 1882.

**Example:** A enters into an agreement for the sale of his house. The purchaser gives the entire sale consideration to A. A hands over complete rights of possession to the purchaser since he has received the entire sale consideration though house is not yet registered in the name of the buyer. Under the Income-tax Act, the above transaction is considered as transfer.

- (vii) transactions which have the effect of transferring or enabling the enjoyment of an immovable property.

**Example:** A person may become a member of a co-operative society, company or other association of persons which may be building houses/ flats. When he pays an agreed amount, the society etc. hands over possession of the house to the person concerned. No conveyance deed is registered. For the purpose of income-tax, the above transaction is a transfer.

**Note** – Section 2(47) provides an inclusive definition of “transfer”, in relation to a capital asset. *Explanation 2* to section 2(47) clarifies that ‘transfer’ includes and shall be deemed to have always included –

- |   |   |                                |
|---|---|--------------------------------|
| (1) disposing of or parting with an asset or any interest therein, or | } | - directly or indirectly,      |
|   |   | - absolutely or conditionally, |
| (2) creating any interest in any asset in any manner whatsoever       | } | - voluntarily or involuntarily |

by way of an agreement (whether entered into in India or outside India) or otherwise.

The above transactions would be deemed as a transfer notwithstanding that such transfer of rights has been characterised as being effected or dependent upon or flowing from the transfer of a share or shares of a company registered or incorporated outside India.

## 4.5 SCOPE AND YEAR OF CHARGEABILITY [SECTION 45]

### (1) General Provision [Section 45(1)]

Any profits or gains arising from the transfer of a capital asset effected in the previous year (other than exemptions covered under this chapter) shall be chargeable to income-tax under this head **in the previous year in which the transfer took place.**

**Year of chargeability** - Capital gains are chargeable as the income of the previous year in which the sale or transfer takes place. In other words, for determining the year of chargeability, the relevant date of transfer is not the date of the agreement to sell, but the actual date of sale *i.e.*, the date on which the effect of transfer of title to the property as contemplated by the parties has taken place [*Alapati Venkataramiah v. CIT [1965] 57 ITR 185 (SC)*].

However, as already noted, Income-tax Act has recognised certain transactions as transfer in spite of the fact that conveyance deed might not have been executed and registered.

### (2) Insurance receipts [Section 45(1A)]

Where any person receives any money or other assets under any insurance from an insurer on account of damage to or destruction of any capital asset, as a result of -

- ◆ flood, typhoon, hurricane, cyclone, earthquake or other convulsion of nature; or
- ◆ riot or civil disturbance; or

- ◆ accidental fire or explosion; or
- ◆ action by an enemy or action taken in combating an enemy (whether with or without declaration of war),

then, any profits or gains arising from receipt of such money or other assets shall be chargeable to income-tax under the head "Capital gains" and shall be deemed to be the income of the **such person for the previous year in which such money or other asset was received.**

**Full value of consideration:** In order to compute capital gains, the value of any money or the fair market value of other assets on the date of such receipt shall be deemed to be the full value of the consideration received or accruing as a result of the transfer of such capital assets.

### (3) Unit Linked Insurance Policy Receipts [Section 45(1B)]

Where any person receives, at any time during any previous year, any amount, including the amount allocated by way of bonus, on such policy under a unit linked insurance policy (ULIP) issued on or after 1.2.2021, to which exemption under section 10(10D) does not apply on account of the applicability of the fourth and fifth provisos thereof, then, any profits or gains arising from receipt of such amount by such person shall be chargeable to income-tax under the head "Capital gains" and shall be deemed to be the income of such person of the previous year in which such amount was received.

Any ULIP which is issued on or after 1.2.2021 whose premium payable exceeds ₹ 2,50,000 for any of the previous years during the term of such policy would be a capital asset [Forth proviso to section 10(10D)].

In a case where premium is payable by a person for more than one ULIP issued on or after 1.2.2021 and the aggregate of premium payable on such ULIPs exceed ₹ 2,50,000 for any of the previous years during the term of any such ULIP(s), the exemption under section 10(10D)<sup>1</sup> would be available in respect of any of those ULIPs (at the option of the assessee) whose aggregate premium payable does not exceed ₹ 2,50,000 for any of the previous years during their term [Fifth proviso to section 10(10D)].

Thus, the amount received under any other ULIP(s) issued on or after 1.2.2021 (referred to as specified ULIPs) to which exemption under section 10(10D) does not apply on account of applicability of the fourth and fifth provisos thereof, would be taxable under section 45(1B). The income from such specified ULIPs taxable is to be calculated in such manner as may be prescribed.

---

<sup>1</sup> Subject to fulfilment of other conditions under section 10(10D).

Accordingly, Rule 8AD prescribes the following manner to compute capital gains on receipt of amount under such specified ULIPs. Where any person receives at any time during any previous year any amount under such specified ULIP, including the amount allocated by way of bonus on such policy, then, —

	Situation	Capital gains arising from receipt of amount during the previous year in which such amount is received
(i)	Where the <u>amount is received for the first time under such specified ULIP</u> during the previous year,	<p><b>A-B</b>, where</p> <p><b>A</b> = the amount received for the first time under such specified ULIP during the previous year, including the amount allocated by way of bonus on such specified policy; and</p> <p><b>B</b> = the aggregate of the premium paid during the term of such specified ULIP till the date of receipt of the amount as referred to in “A”</p>

The capital gains as computed in above table would be deemed to be the capital gains arising from the transfer of a unit of an equity-oriented fund set up under a scheme of an insurance company comprising unit linked insurance policies.

#### (4) Conversion or treatment of a capital asset as stock-in-trade [Section 45(2)]

A person who is the owner of a capital asset may convert the same or treat it as stock-in-trade of the business carried on by him. As noted above, the conversion/treatment is a transfer.

As per section 45(2), notwithstanding anything contained in section 45(1), being the charging section, the profits or gains arising from the above conversion or treatment will be chargeable to income-tax as **his income of the previous year in which such stock-in-trade is sold or otherwise transferred by him.**

**Full value of consideration:** In order to compute the capital gains, the fair market value of the asset on the date of such conversion or treatment shall be deemed to be the full value of the consideration received as a result of the transfer of the capital asset.

**Note – Both Capital Gains and Business income are chargeable to tax in the year in which stock-in-trade is sold or otherwise transferred.**

#### ILLUSTRATION 1

X converts his capital asset (acquired on June 10, 2005 for ₹ 60,000) into stock-in-trade on March 10, 2024. The fair market value on the date of the above conversion was ₹ 5,50,000. He subsequently sells the stock-in-trade so converted for ₹ 6,00,000 on June 10, 2024. Examine the tax implication.

Cost Inflation Index - F.Y. 2005-06: 117; F.Y. 2023-24: 348; F.Y. 2024-25: 363.

#### SOLUTION

Since the capital asset is converted into stock-in-trade during the previous year relevant to the A.Y. 2024-25, it will be a transfer under section 2(47) during the P.Y.2023-24. However, the profits or gains arising from the above conversion will be chargeable to tax during the A.Y. 2025-26, since the stock-in-trade has been sold only on June 10, 2024. For this purpose, the fair market value on the date of such conversion (i.e. 10<sup>th</sup> March, 2024) will be the full value of consideration.

The capital gains will be computed after deducting the indexed cost of acquisition from the full value of consideration since the transfer (i.e., conversion of capital asset into stock in trade) took place during the P.Y. 2023-24. The cost inflation index for 2005-06 i.e., the year of acquisition is 117 and the index for the year of transfer i.e., 2023-24 is 348. The indexed cost of acquisition is ₹ 60,000 × 348/117 = ₹ 1,78,462. Hence, ₹ 3,71,538 (i.e., ₹ 5,50,000 – ₹ 1,78,462) will be treated as long-term capital gains chargeable to tax during the A.Y.2025-26. During the same assessment year, ₹ 50,000 (₹ 6,00,000 - ₹ 5,50,000) will be chargeable to tax as business profits.

#### **(5) Transfer of beneficial interest in securities [Section 45(2A)]**

As per section 45(2A), where any person has had at any time during the previous year any beneficial interest in any securities, then, any profits or gains arising from the transfer made by the depository or participant of such beneficial interest in respect of securities shall be chargeable to tax as the income of the beneficial owner of the previous year in which such transfer took place and shall not be regarded as income of the depository who is deemed to be the registered owner of the securities by virtue of section 10(1) of the Depositories Act, 1996.

**Full value of consideration and period of holding:** For the purposes of section 48 and proviso to section 2(42A), the cost of acquisition and the period of holding of securities shall be determined on the basis of the first-in-first-out (FIFO) method.

When the securities are transacted through stock exchanges, it is the established procedure that the brokers first enter into contracts for purchase/ sale of securities and thereafter, follow it up with delivery of shares, accompanied by transfer deeds duly signed by the registered holders.

- ◆ The seller is entitled to receive the consideration agreed to as on the date of contract.
- ◆ Thus, it is the date of broker's note that should be treated as the date of transfer in case of sale transactions of securities provided such transactions are followed up by delivery of shares and also the transfer deeds.
- ◆ Similarly, in respect of the purchasers of the securities, the holding period shall be reckoned to take place directly between the parties and not through stock exchanges.
- ◆ The date of contract of sale as declared by the parties shall be treated as the date of transfer provided it is followed up by actual delivery of shares and the transfer deeds.

Where securities are acquired in several lots at different points of time, the First-In-First-Out (FIFO) method shall be adopted to reckon the period of the holding of the security, in cases where the dates of purchase and sale could not be correlated through specific numbers of the scrips.

In other words, the assets acquired last will be taken to be remaining with the assessee while assets acquired first will be treated as sold. Indexation, wherever applicable, for long-term assets

will be regulated on the basis of the holding period determined in this manner - *CBDT Circular No. 704, dated 28.4.1995.*

### (6) Introduction of capital asset as capital contribution [Section 45(3)]

Where a person transfers a capital asset to a firm, AOP or BOI in which he is already a partner/ member or is to become a partner/ member by way of capital contribution or otherwise, the profits or gains arising from such transfer will be **chargeable to tax as income of the previous year in which such transfer takes place.**

**Full value of consideration:** For this purpose, the full value of the consideration will be deemed to be the amount recorded in the books of account of the firm, AOP or BOI as the value of the capital asset.

### (7) Tax implications on receipt of money or capital asset or stock-in trade by a partner or a member on dissolution or reconstitution of firm/AOPs/BOIs [Section 9B and 45(4)]

#### Tax implications on receipt of capital assets or stock in trade or both on dissolution or reconstitution of firm/AOP or BOI [Section 9B]

(i) **Deemed transfer in the hands of specified entity** - Where a **specified person (partner of a firm/member of AoP/Bol) receives** during the previous year **any capital asset or stock in trade or both** from a specified entity (firm/AoP/Bol, as the case may be) in connection with the **dissolution or reconstruction** of such specified entity, then **such specified entity** would be **deemed to have transferred** such capital asset or stock in trade or both, as the case may be, to the specified person **in the year in which such capital asset or stock in trade or both** are received by the specified person.

(ii) **Year of taxability** – Any profits and gains from such deemed transfer of capital asset or stock in trade or both, as the case may be, by the specified entity shall be deemed to be the **income of such specified entity of the previous year in which such capital asset or stock in trade or both were received by the specified person.**

<sup>2</sup> Now Companies Act, 2013

(iii) **Head of income** – Any profit and gains from such deemed transfer of capital asset would be chargeable to income-tax as income of such specified entity under the head “Capital gains”. Any profits and gains from such deemed transfer of stock in trade would be chargeable to tax under the head “Profits and gains from business or profession”, in accordance with the provisions of this Act.

(iv) **Full value of consideration** - In order to compute the capital gains, the **fair market value of the capital asset or stock in trade or both** on the date of its receipt by the specified person shall be **deemed to be the full value of the consideration** received or accruing as a result of such deemed transfer of the capital asset or stock in trade or both by the specified entity.

**Tax implications on receipt of money or capital assets or both on reconstitution of firm/AOP or BOI [Section 45(4)]**

(i) **Deemed income in the hands of specified entity** – Where a specified person receives during the previous year **any money or capital asset or both** from a specified entity in connection with the **reconstitution of such specified entity**, then any profits or gains arising from such receipt by the specified person shall be chargeable to income-tax as income of such specified entity under the head “Capital gains”.

(ii) **Year of taxability** – Such profits and gains shall be deemed to be the **income of specified entity of the previous year in which such money or capital asset or both were received by the specified person.**

(iii) **Computation of such profits and gains from such receipt** – Notwithstanding anything to the contrary contained in this Act, such profits or gains shall be determined in accordance with the following formula –

$$A^{**} = B + C - D$$

A = Income chargeable to income-tax u/s 45(4) as income of the specified entity under the head "Capital gains"

B = Value of any money received by the specified person from the specified entity on the date of such receipt;

C = The amount of fair market value of the capital asset received by the specified person from the specified entity on the date of such receipt; and

D = The amount of balance in the capital account (represented in any manner) of the specified person in the books of account of the specified entity at the time of its reconstitution.

**Balance in the capital account** of the specified person in the books of account of the specified entity is to be calculated without taking into account the increase in the capital account of the specified person due to the following

- revaluation of any asset or
- self-generated goodwill or
- any other self-generated asset.

"self-generated goodwill" and "self-generated asset" mean goodwill or asset, as the case may be, which has been acquired without incurring any cost for purchase or which has been generated during the course of the business or profession.

\*\* If the value of "A" in the above formula **is negative**, its value shall be **deemed to be zero**.

(iv) **Taxability u/s 45(4) is in addition to taxability under section 9B** – When a capital asset is received by a specified person from a specified entity in connection with the reconstitution of such specified entity, the provisions of this section shall operate in addition to the provisions of section 9B and the taxation under section 9B shall be worked out independently.

(v) **Definition of certain terms commonly used under both section 9B and 45(4):**

Terms	Meaning
<b>Specified person</b>	a person, who is a partner of a firm or member of AOPs or BOIs (not being a company or a co-operative society) in any previous year.
<b>Specified entity</b>	a firm or other AOPs or BOIs (not being a company or a co-operative society)
<b>Reconstitution of the specified entity</b>	Where <ol style="list-style-type: none"> <li>(a) one or more of its partners or members, as the case may be, of such specified entity <b>ceases</b> to be partners or members; <b>or</b></li> <li>(b) one or more new partners or members, as the case may be, are <b>admitted</b> in such specified entity in such circumstances that <b>one or more of the persons who were partners or members</b>, as the case may be, of the specified entity, before the change, <b>continue as partner or partners or member or members after the change; or</b></li> <li>(c) <b>all the partners or members</b>, as the case may be, of such specified entity <b>continue with a change in their respective share or in the shares of some of them</b></li> </ol>

**Note:** The case of dissolution of specified entity which is dealt in section 9B is not covered under section 45(4). The taxability of receipt of money by a partner of a firm/ member of AoP/Bol on reconstitution of firm/AoP/Bol, as the case may be, is dealt with only in section 45(4) and not in section 9B. The taxability of receipt of stock-in-trade by a partner of a firm/member of AoP/Bol on reconstitution is dealt with in section 9B. Therefore, it is only receipt of capital asset by a partner of a firm/member of an AoP/Bol on reconstitution of the firm/AoP/Bol which is taxable under section 9B and under section 45(4).

**(vi) Type of capital gain from capital asset received by specified person from specified entity in connection with its reconstitution [Section 2(42A) Rule 8AA]:** In case of the amount which is chargeable to tax as income of specified entity under section 45(4) under the head - "Capital gains", the amount or a part of it shall be deemed to be from transfer of short-term capital asset or long term capital asset, as the case may be, mentioned in column (2), if it is attributed to capital asset mentioned in the corresponding row in column (3) -

	Deemed capital gains from transfer of capital asset	Type of capital asset of specified entity
	(2)	(3)
1.	Capital gains from transfer of a short term capital asset	(a) capital asset which is short term capital asset at the time of taxation of amount under section 45(4); or (b) capital asset forming part of block of asset; or (c) capital asset being self-generated asset and self-generated goodwill as defined in section 45(4)
2.	Capital gains from transfer of a long term capital asset(s)	Capital asset which is not covered in 1. above and is long term capital asset at the time of taxation of amount under section 45(4).

**(vii) Attribution of capital gains:** For the purpose of section 48(iii), where the amount is chargeable to income-tax as income of specified entity under section 45(4), the specified entity shall attribute such amount to capital asset remaining with the specified entity in the prescribed manner:

Accordingly, Rule 8AB provides that the specified entity shall attribute such amount to capital asset remaining with the specified entity in the following manner:

S. No.	Particulars	Attribution to the capital assets remaining with the specified entity
Where the aggregate of the value of money and the fair market value of the capital asset received by the specified person from the specified entity, in excess of the balance in his capital account, chargeable to tax under section 45(4) -		
(i)	relates to revaluation of any capital asset or valuation of self-generated asset or self-generated goodwill, of the specified entity.  The revaluation should be based on a valuation report obtained from a registered valuer.	$\frac{\text{the amount charged u/s 45(4)}}{\text{aggregate of increase in, or recognition of, value of all assets because of the revaluation or valuation}} \times \text{increase in, or recognition of, value of that asset because of revaluation or valuation}$
(ii)	does not relate to revaluation of any capital asset or valuation of self generated asset or self-generated goodwill, of the specified entity	the amount charged to tax under section 45(4) shall not be attributed to any capital asset
(iii)	relate only to the capital asset received by the specified person from the specified entity	the amount charged to tax under section 45(4) shall not be attributed to any capital asset

The specified entity shall furnish the details of amount attributed to capital asset remaining with the specified entity in Form No. 5C.

Form No. 5C shall be furnished on or before the due date referred to in the *Explanation 2* below section 139(1) for the assessment year in which the amount is chargeable to tax under section 45(4).

It is clarified that revaluation of an asset or valuation of self-generated asset or self-generated goodwill does not entitle the specified entity for the depreciation on the increase in value of that asset on account of its revaluation or recognition of the value of self-generated asset or self-generated goodwill due to its valuation.

**(viii) Power of CBDT to issue guidelines [Section 9B(4) and 9B(5)]** - If any difficulty arises in giving effect to the provisions of section 9B and section 45(4), the CBDT may issue guidelines for the purpose of removing the difficulty with the approval of the Central Government.

Every guideline issued by the CBDT shall be laid before each House of Parliament, and shall be binding on the income-tax authorities and on the assessee.

**Guidelines under section 9B and section 45(4) of the Income-tax Act, 1961 [Circular No. 14/2021 dated 2.7.2021]**

The amount taxed under section 45(4) is required to be attributed to the remaining capital assets of the specified entity, so that when such capital assets get transferred in the future, the amount attributed to such capital assets gets reduced from the full value of the consideration and to that extent the specified entity does not pay tax again on the same amount.

This attribution is given only for the purposes of section 48. Section 48 only applies to capital assets which are not forming block of assets. For capital assets forming block of assets there is section 43(6)(c) to determine written down value of the block of asset and section 50 to determine the capital gains arising on transfer of such assets.

However, the Act has not yet provided that amount taxed under section 45(4) can also be attributed to capital assets forming part of block of assets and which are covered by these two provisions.

The CBDT has, vide this circular, clarified that Rule 8AB also applies to capital assets forming part of block of assets. Wherever the terms capital asset is appearing in the Rule 8AB, it refers to capital asset whose capital gains is computed under section 48 as well as capital asset forming part of block of assets. Further, wherever reference is made for the purposes of section 48, such reference may be deemed to include reference for the purposes of section 43(6)(c) and section 50.

It is further clarified that in case the capital asset remaining with the specified entity is forming part of a block of asset, the amount attributed to such capital asset under rule 8AB shall be reduced from the full value of the consideration received or accruing as a result of subsequent transfer of such asset by the specified entity, and the net value of such consideration shall be considered for reduction from the written down value of such block under section 43(6)(c) or for calculation of capital gains, as the case may be, under section 50.

For the purposes of understanding and for removing difficulties, if any, the application of section 9B and section 45(4) is explained with the help of the following examples:

**Example 1:** There are three partners "A", "B" and "C" in a firm "FR", having one third share each. Each partner has a capital balance of ₹ 10 lakh in the firm. There are three pieces of lands "S", "T" and "U" in that firm and there is no other capital asset in that firm. Book value of each of the land is ₹ 10 lakh. All these three lands were acquired by the firm more than two years ago.

Partner "A" wishes to exit. The firm revalues its lands based on valuation report from a registered valuer, as defined in rule 11U, and as per that valuation report fair market value of lands "S" and "T" is ₹ 70 lakh each, while fair market value of land "U" is ₹ 50 lakh. On the exit of partner "A", the firm decides to give him ₹ 11 lakh of money and land "U" to settle his capital balance on 14.5.2024.

In accordance with the provisions of section 9B, it would be deemed that the firm "FR" has transferred land "U" to the partner "A" at its fair market value of ₹ 50 lakh. Let us assume that the indexed cost of acquisition of land "U" is ₹ 15 lakh.

Now on account of the deeming provisions of section 9B, it is deemed that the firm "FR" has transferred land "U" to partner "A". Thus, an amount of ₹ 50 lakh less ₹ 15 lakh would be charged to tax in the hands of firm "FR" under the head "Capital gains". For partner "A", the cost of acquisition of this land would be ₹ 50 lakh. Hence, the amount of ₹ 35 lakh is charged to long term capital gains and let us assume that the tax is ₹ 7 lakh (assume no surcharge or cess just for ease of calculation and illustration purposes).

This, net book profit after tax of ₹ 33 lakh (capital gains of ₹ 40 lakh without indexation less tax of ₹ 7 lakh) is to be credited in the capital account of each of the three partners, i.e. ₹ 11 lakh each. Thus partner "A" capital account would increase to ₹ 21 lakh. This exercise is required to be carried out since section 9B mandates that it is to be deemed that the firm "FR" has transferred the land "U" to partner "A" and the long term capital gains of ₹ 35 lakh is chargeable to tax in the hands of the firm "FR".

As against capital balance of ₹ 21 lakh, partner "A" has received ₹ 61 lakh (₹ 11 lakh of money plus land "U" of fair market value of ₹ 50 lakh). Thus ₹ 40 lakh is required to be charged to tax under section 45(4). This shall be in addition to an amount of ₹ 35 lakh charged to tax under section 9B.

On account of clause (iii) of section 48, read with rule 8AB, this ₹ 40 lakh is to be attributed to the remaining assets of the firm "FR" on the basis of increase in their value due to revaluation based on the valuation report of registered valuer. In this case as per revaluation there are only two capital assets remaining; lands "S" and "T". In both cases the value has increased by ₹ 60 lakh each. Thus, out of ₹ 40 lakh, ₹ 20 lakh shall be attributed to land "S" and ₹ 20 lakh to land "T". When either of these lands gets sold, this amount attributed to them would be reduced from sales consideration under clause (iii) of section 48.

The amount of ₹ 40 lakh which is charged to tax under section 45(4) shall be charged as long term capital gains in view of rule 8AA(5), since the amount of ₹ 40 lakh is attributed to land "S" and land "T" which are both long term capital assets at the time of taxation of ₹ 40 lakh under section 45(4).

**Example 2:** There are three partners "A", "B" and "C" in a firm "FR", having one third share each. Each partner has a capital balance of ₹ 10 lakh in the firm. There are three pieces of lands "S", "T" and "U" in that firm and there is no other capital asset in that firm. All these three lands were acquired by the firm more than two years ago.

Book value of each of the land is ₹ 10 lakh. Partner "A" wishes to exit. The firm sells land "U" on 20.6.2024 for its fair market value of ₹ 50 lakh. Let us assume that the indexed cost of acquisition of land "U" is ₹ 15 lakh. Thus, an amount of ₹ 50 lakh less ₹ 15 lakh would be charged to tax in the hands of firm "FR" under the head "Capital gains". Hence, the amount of ₹ 35 lakh is charged to long term capital gains and let us assume that the tax is ₹ 7 lakh (assume no surcharge or cess just for ease of calculation and illustration purposes).

This, net book profit after tax of ₹ 33 lakh (capital gains of ₹ 40 lakh without indexation less tax of ₹ 7 lakh) is to be credited in the capital account of each of the three partners, i.e. ₹ 11 lakh each. Thus, partner "A" capital account would increase to ₹ 21 lakh.

Partner "A" decides to exit the firm "FR". The firm revalues its lands "S" and "T" based on valuation report from a registered valuer, as defined in Rule 11U, and as per that valuation report fair market value of lands "S" and "T" is ₹ 70 lakh each. On the exit of partner "A", the firm decides to give him ₹ 61 lakh of money to settle his capital balance. Thus, as against capital balance of ₹ 21 lakh, partner "A" has received ₹ 61 lakh of money. Thus ₹ 40 lakh is required to be charged to tax section 45(4). This will be in addition to ₹ 35 lakh already charged to capital gains.

On account of section 48(iii), read with rule 8AB, this ₹ 40 lakh is to be attributed to the remaining assets of the firm "FR" on the basis of increase in their value due to revaluation based on the valuation report of registered valuer. In this case, as per revaluation, there are only two capital assets remaining: lands "S" and "T". In both cases, the value has increased by ₹ 60 lakh each. Thus, out of ₹ 40 lakh, ₹ 20 lakh shall be attributed to land "S" and ₹ 20 Lakh to land "T". When either of these lands gets sold, this amount attributed to them would be reduced from sales consideration under section 48(iii).

The amount of ₹ 40 lakh which is charged to tax under section 45(4) shall be charged as long term capital gains in view of rule 8AA(5), since the amount of ₹ 40 lakh is attributed to land "S" and land "T" which are both long term capital assets at the time of taxation of ₹ 40 lakh under section 45(4).

**Note:** The final result in both example 1 and 2 is same due to the operation of section 9B.

**Example 3:** There are three partners "A", "B" and "C" in a firm "FR", having one third share each. Each partner has a capital balance of ₹ 100 lakh in the firm. There is a piece of land "S" of book value of ₹ 30 lakh. There is patent "T" of written down value of ₹ 45 lakh. And there is cash of ₹ 225 lakh. The land was acquired by the firm more than two years ago. The patent was acquired/ developed/ registered one year back.

Partner "A" wishes to exit. The firm revalues its land and patent based on valuation report from a registered valuer, as defined in rule 11U, and as per that valuation report, fair market value of land "S" is ₹ 45 lakh and fair market value of patent "T" is ₹ 60 lakh. As per the valuation report, there is also self-generated goodwill of ₹ 30 lakh. On the exit of partner "A", the firm decides to give him ₹ 75 lakh in money and land "S" to settle his capital balance on 14.7.2024.

In accordance with the provisions of section 9B, it would be deemed that the firm "FR" has transferred land "S" to the partner "A" at its fair market value of ₹ 45 lakh. Let us assume that the indexed cost of acquisition of land "S" is ₹ 45 lakh.

Now, on account of the deeming provisions of section 9B, it is deemed that the firm "FR" has transferred land "S" to partner "A". However, since the sale consideration is equal to indexed cost of acquisition, there will not be any capital gains tax. For partner "A", the cost of acquisition of this land would be ₹ 45 lakh.

The net book profit of ₹ 15 lakh (capital gains of ₹ 15 lakh without indexation) is to be credited in the capital account of each of the three partners, i.e., ₹ 5 lakh each. Thus, partner "A" capital account would increase to ₹ 105 lakh. This exercise is required to be carried out since section 9B mandates that it is to be deemed that the firm "FR" has transferred the land "S" to partner "A". Thus, any gain in the books is to be apportioned to partners' capital accounts.

As against capital balance of ₹ 105 lakh, partner "A" has received ₹ 120 lakh (money of ₹ 75 Lakh plus land "S" of fair market value of ₹ 45 lakh). Thus, ₹ 15 lakh is required to be charged to tax under section 45(4).

On account of section 48(iii), read with rule 8AB and this guidance note, this ₹ 15 lakh is to be attributed to the remaining capital assets of the firm "FR" on the basis of increase in the value due to revaluation of existing capital assets, or due to recognition of the value of self-generated goodwill, based on the valuation report of registered valuer. In this case, as per this report, the value of patent "T" has increased by ₹ 15 lakh and the self-generated goodwill value has been recognised at ₹ 30 lakh. Thus, one third of ₹ 15 lakh (i.e. ₹ 5 lakh) would be attributed to patent "T", while two third of ₹ 15 lakh (i.e. ₹ 10 lakh) would be attributed to self-generated goodwill. ₹ 5 lakh attributed to patent "T" shall not be added to the block of the assets and no depreciation shall be available on the same. When patent "T" gets transferred subsequently, this ₹ 5 lakh attributed

shall be reduced from the full value of the consideration received or accruing as a result of transfer of patent "T" by the firm "FR", and the net value shall be considered for reduction from the written down value of the intangible block under section 43(6)(c) or for calculation of capital gains, as the case may be, under section 50. (Refer guidance in paragraph 5 of this circular). Let us say that Patent T is sold for ₹ 25 lakh. ₹ 5 lakh shall be reduced from ₹ 25 lakh and only net amount of ₹ 20 lakh shall be considered for reduction from the written down value of the intangible block under section 43(6)(c) or for calculation of capital gains, as the case may be, under section 50. Similarly, when goodwill gets sold subsequently, ₹ 10 lakh would be reduced from its sales consideration under section 48(iii).

The amount ₹ 15 lakh which is charged to tax under section 45(4) shall be charged as short term capital gains, as ₹ 5 lakh is attributed to the Patent "T" which is part of block of assets and ₹ 10 lakh is attributed to self-generated goodwill. In accordance with rule 8AA(5), both of these are to be characterised as short term capital gains.

**Note:** For the purpose of calculation of depreciation under section 32, the written down value of the block of asset "intangible" of which Patent "T" is part, would remain ₹ 45 lakh and would not be increased to ₹ 60 lakh due to revaluation during the year. In this regard it may be highlighted that the following provisions are relevant in determining the amount on which depreciation is allowable under the Act:

- *Explanation 2* of section 32(1) provides that the term "written down value of the block of assets" shall have the same meaning as in section 43(6)(c).
- Section 43(6)(c), with respect to block of assets, inter alia, provides that the aggregate of the written down values of all the assets falling within that block of assets at the beginning of the previous year is to be increased by the actual cost of any asset falling within that block, acquired during the previous year. This clause does not allow any increase on account of revaluation.
- Section 43(1) which defines "Actual cost" as actual cost of the assets to the assessee. In revaluation, there is no actual cost to the assessee.

Further, section 32 does not allow depreciation on goodwill. If in the given example "self-generated goodwill" is replaced by "self-generated asset", even then, the depreciation will not be admissible on the amount of ₹ 30 lakh recognised in valuation. In this regard it may be highlighted that the above mentioned provisions, in the immediate preceding paragraph, are also applicable to "self-generated asset" and since there is no actual cost to assessee in case of "self-generated asset", depreciation is not allowable under section 32 on an asset whose actual cost is nil.

**(8) Compensation on compulsory acquisition [Section 45(5)]**

Sometimes, a building or some other capital asset belonging to a person is taken over by the Central Government by way of compulsory acquisition. In that case, the consideration for the transfer is determined by the Central Government or RBI. When the Central Government pays the above compensation, capital gains may arise. Such capital gains are **chargeable as income of the previous year in which such compensation or part thereof, was first received.**

**Enhanced Compensation-** Many times, persons whose capital assets have been taken over by the Central Government and who get compensation from the government go to the court of law for enhancement of compensation. If the court awards a compensation which is higher than the original compensation, the difference thereof will be chargeable to capital gains in the year in which the same is received from the government.

**Cost of acquisition in case of enhanced compensation -** For this purpose, the cost of acquisition and cost of improvement shall be taken to be *nil*.

**Compensation received in pursuance of an interim order deemed as income chargeable to tax in the year of final order -** In order to remove the uncertainty regarding the year in which the amount of compensation received in pursuance of an interim order of the court is to be charged to tax, a proviso has been inserted after clause (b) to provide that such compensation shall be deemed to be income chargeable under the head 'Capital gains' in the previous year in which the final order of such court, Tribunal or other authority is made.

**Reduction of enhanced compensation -** Where capital gain has been charged on the compensation received by the assessee for the compulsory acquisition of any capital asset or enhanced compensation received by the assessee and subsequently such compensation is reduced by any court, tribunal or any authority, the assessed capital gain of that year shall be recomputed by taking into consideration the reduced amount. This re-computation shall be done by way of rectification under section 155.

**Death of the transferor-** It is possible that the transferor may die before he receives the enhanced compensation. In that case, the enhanced compensation or consideration will be chargeable to tax in the hands of the person who receives the same.

**(9) Taxability of capital gains in case of Specified Agreement [Section 45(5A)]**

**Genuine hardship on account of taxability of capital gains in the year of transfer of property to developer:** The definition of 'transfer', *inter alia*, includes any arrangement or transaction where any rights are handed over in execution of part performance of contract, even though the legal title has not been transferred.

Applying the definition of transfer, under these development agreements, the transfer took place in the year in which the owner of the immovable property, being land or building or both handed over the immovable property to the developer.

Consequently, the capital gains tax liability in the hands of the owner would arise in the year in which the possession of immovable property is handed over to the developer for development of a project, in spite of the fact that the consideration thereof (i.e. the actual constructed property) will be received only after a couple of years.

**Deferment of taxability of capital gains:** With a view to minimise the genuine hardship which the owner of land or building may face in paying capital gains tax in the year of transfer, section 45(5A) provides that

- in case of an assessee **being individual or Hindu undivided family,**
- who enters into a specified agreement for development of a project,
- the capital gain arises from such transfer shall be chargeable to income-tax as income of the **previous year in which the certificate of completion for the whole or part of the project is issued by the competent authority.**

**Meaning of Specified Agreement:** Specified agreement means the registered agreement in which a person owning land or building or both, agrees to allow another person to develop a real estate project on such land or building or both, in consideration of a share, being land or building or both in such project, whether with or without payment of part of the consideration in cash.

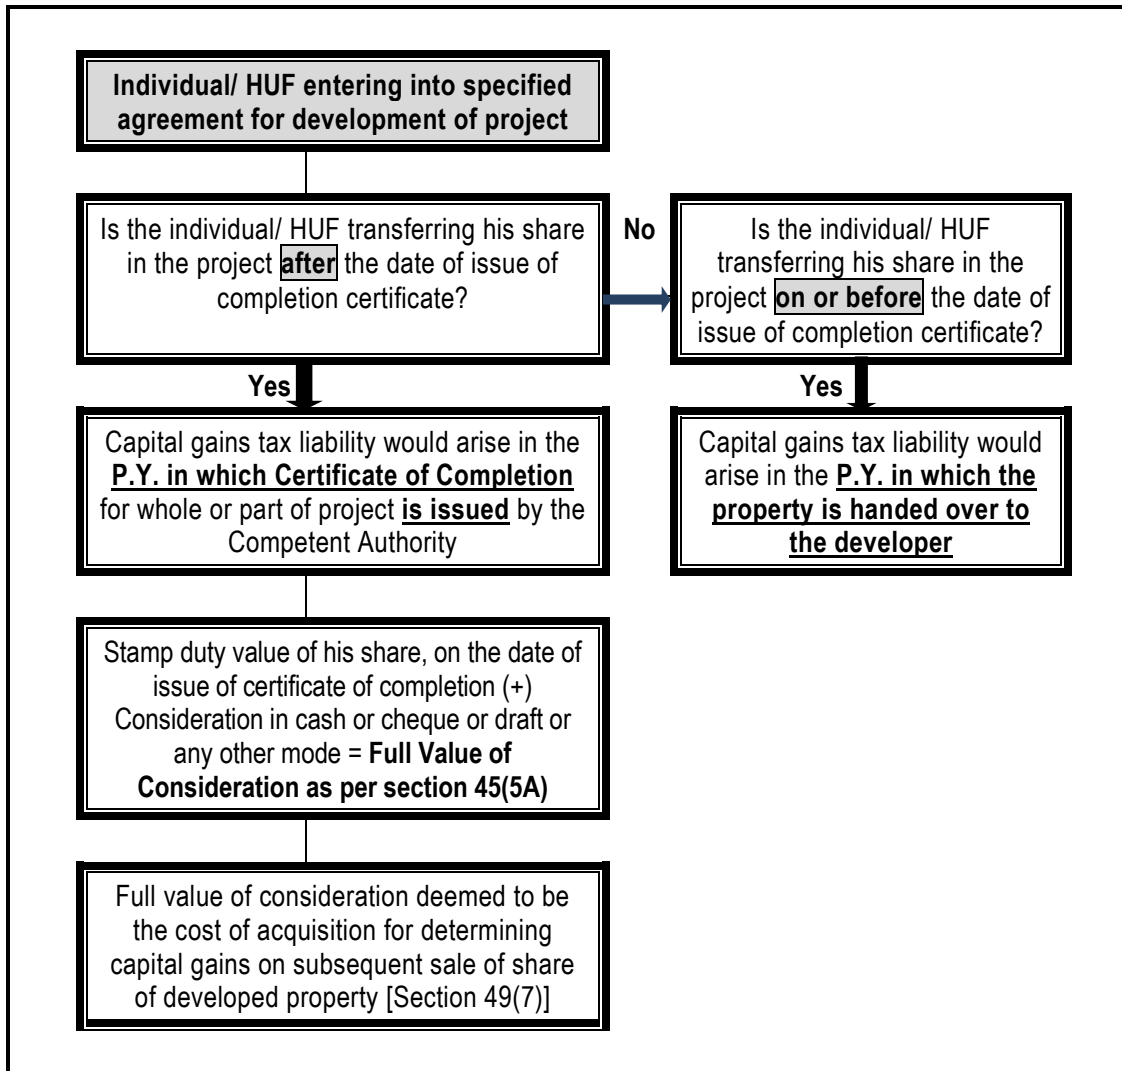

**Full value of consideration:** For the purpose of section 48, the stamp duty value of his share, being land or building or both, in the project on the date of issuing of said certificate of completion as increased by any consideration received in cash or by a cheque or draft or by any other mode, if any, shall be deemed to be the full value of the consideration received or accruing as a result of the transfer of the capital asset.

**Non-applicability of the beneficial provision:** It may, however, be noted these beneficial provisions would not apply, where the assessee transfers his share in the project on or before the date of issue of said completion certificate and the capital gain tax liability would be deemed to arise in the previous year in which such transfer took place. In such a case, full value of consideration received or accruing shall be determined by the general provisions of the Act. [Proviso to section 45(5A)]

### Meaning of certain terms:

Term	Meaning
<b>Competent authority</b>	The authority empowered to approve the building plan by or under any law for the time being in force
<b>Stamp duty value</b>	The value adopted or assessed or reassessable by any authority of Government for the purpose of payment of stamp duty in respect of an immovable property being land or building or both.

## 4.6 CAPITAL GAINS ON DISTRIBUTION OF ASSETS BY COMPANIES IN LIQUIDATION [SECTION 46]

- (1) **In the hands of liquidated company:** Where the assets of a company are distributed to its shareholders on its liquidation, such distribution shall **not** be regarded as a transfer by the company for the purposes of section 45 [Section 46(1)].

The above section is restricted in its application to the circumstances mentioned therein *i.e.*, the assets of the company must be distributed to shareholders on the liquidation of the company. If, however, the liquidator sells the assets of the company resulting in a capital gain and distributes the funds so collected, the company will be liable to pay tax on such gains.

- (2) **In the hands of shareholders:** Shareholders receive money or other assets from the company on its liquidation. They will be chargeable to income-tax under the head 'capital gains' in respect of the market value of the assets received on the date of distribution, or the moneys so received by them. The portion of the distribution which is attributable to the accumulated profits of the company is to be treated as dividend income of the shareholder under section 2(22)(c), which would be taxable in the hands of shareholders under the head "Income from other sources". The same will be deducted from the amount received/ fair market value for the purpose of determining the full value of consideration for computation of capital gains.
- (3) **Capital gains tax on subsequent sale by the shareholders:** If the shareholder, after receipt of any such asset on liquidation of the company, transfers it, then Fair Market Value on the date of distribution would be treated as cost of acquisition of such asset.

## 4.7 CAPITAL GAINS ON BUYBACK OF SHARES OR OTHER SECURITIES [SECTION 46A]

- (1) **In case of shares of a company other than a domestic company and specified securities:** Any consideration received by a holder of specified securities (other than shares of a domestic company) from any company on purchase of its specified securities is chargeable to tax in the hands of the holder of specified securities. The difference between the cost of acquisition and the value of consideration received by the holder of securities is chargeable to tax as capital gains in his hands. The computation of capital gains shall be made in accordance with the provisions of section 48.

Such capital gains shall be chargeable in the year in which such securities were purchased by the company. For this purpose, "specified securities" shall have the same meaning as given in *Explanation* to section 77A of the Companies Act, 1956<sup>3</sup>.

As per Section 68 of the Companies Act, 2013, "specified securities" includes employees' stock option or other securities as may be notified by the Central Government from time to time.

**Note** – As far as shares are concerned, this provision would be attracted in the hands of the shareholder only if the shares are bought back by a company, other than a domestic company.

(2) **In case of buy back of shares effected before 1.10.2024 by domestic companies:** In case of buyback of shares (whether listed or unlisted) before 1.10.2024 by a domestic company, additional income-tax@20% (plus surcharge @12% and cess@4%) is leviable in the hands of the company<sup>4</sup>. Consequently, the income arising to the shareholders in respect of such buyback of shares by the domestic company is exempt under section 10(34A), since the domestic company is liable to pay additional income-tax on the buyback of shares.

(3) **In case of buy back of shares effected on or after 1.10.2024 by domestic companies:** In case of buyback of shares (whether listed or unlisted) on or after 1.10.2024 by a domestic company, the sum paid by a domestic company for purchase of its own shares would be treated as dividend and taxable under the head "Income from Other Sources" in the hands of shareholders. No deduction for expenses would be available against such dividend income.

Consequently, as per section 46A, value of consideration received by a shareholder on buy back of shares by a domestic company would be Nil and the difference between the cost of acquisition and the value of consideration received by the shareholder will result into capital loss. The same can be set off and carried forward as per the applicable set-off & carry forward provisions of the Act. If it is long-term capital loss, it can be set-off only against long-term capital gains. If it is a short-term capital loss, it can set-off against both long term capital gains and short term capital gains. For details, refer Chapter: 7: Aggregation of income, Set-off and Carry Forward of Losses.

## 4.8 IMPORTANT DEFINITIONS

(a) **Amalgamation [Section 2(1B)]** - “Amalgamation”, in relation to companies, means

- the merger of one or more companies with another company or
- the merger of two or more companies to form one company

(the company or companies which so merge being referred to as the amalgamating company or companies and the company with which they merge or which is formed as a result of the merger, as the amalgamated company) in such a manner that -

- (i) all the property of the amalgamating company or companies immediately before the amalgamation becomes the property of the amalgamated company by virtue of the amalgamation;
- (ii) all the liabilities of the amalgamating company or companies immediately before the amalgamation become the liabilities of the amalgamated company by virtue of the amalgamation;
- (iii) shareholders holding not less than three-fourth in value of the shares in the amalgamating company or companies (other than shares already held therein immediately before the amalgamation by, or by a nominee for, the amalgamated company or its subsidiary) become shareholders of the amalgamated company by virtue of the amalgamation,

otherwise than as a result of the acquisition of the property of one company by another company pursuant to the purchase of such property by the other company or as a result of the distribution of such property to the other company after the winding up of the first mentioned company.

(b) **Demerger [Section 2(19AA)]** - “Demerger”, in relation to companies, means the transfer, pursuant to a scheme of arrangement under sections 230 to 232 of the Companies Act, 2013, by a demerged company of its one or more undertaking to any resulting company in such a manner that -

- (i) all the property of the undertaking, being transferred by the demerged company, immediately before the demerger, becomes the property of the resulting company by virtue of the demerger;
- (ii) all the liabilities relating to the undertaking, being transferred by the demerged company, immediately before the demerger, become the liabilities of the resulting company by virtue of the demerger;

- (iii) the property and the liabilities of the undertaking or undertakings being transferred by the demerged company are transferred at values appearing in its books of account immediately before the demerger;

However, this provision does not apply where, in compliance to the Indian Accounting Standards specified in Annexure to the Companies (Indian Accounting Standards) Rules, 2015, the resulting company records the value of the property and the liabilities of the undertaking or undertakings at a value different from the value appearing in the books of account of the demerged company, immediately before the demerger.

- (iv) the resulting company issues, in consideration of the demerger, its shares to the shareholders of the demerged company on a proportionate basis except where the resulting company itself is a shareholder of the demerged company;

**Note** - *If the resulting company is a shareholder of the demerged company, it cannot issue shares to itself. However, the resulting company has to issue shares to the other shareholders of the demerged company.*

- (v) the shareholders holding not less than three-fourths in value of the shares in the demerged company (other than shares already held therein immediately before the demerger, or by a nominee for, the resulting company or, its subsidiary) become shareholders of the resulting company or companies by virtue of the demerger, otherwise than as a result of the acquisition of the property or assets of the demerged company or any undertaking thereof by the resulting company;
- (vi) the transfer of the undertaking is on a going concern basis;
- (vii) the demerger is in accordance with the conditions, if any, notified under section 72A(5) by the Central Government in this behalf.

### ILLUSTRATION 2

*M held 2000 shares in a company ABC Ltd. This company amalgamated with another company during the previous year ending 31-3-2025. Under the scheme of amalgamation, M was allotted 1000 shares in the new company. The market value of shares allotted is higher by ₹ 50,000 than the value of holding in ABC Ltd.*

*The Assessing Officer proposes to treat the transaction as an exchange and to tax ₹ 50,000 as capital gain. Is he justified?*

**SOLUTION**

In the above example, assuming that the amalgamated company is an Indian company, the transaction is squarely covered by the exemption under section 47(vii) and the proposal of the Assessing Officer to treat the transaction as an exchange is not justified.

**Transfer of capital asset or intangible asset on succession of the firm by a company or by AOP/ BOI to company consequent to demutualisation or corporatisation of a recognised stock exchange [Section 47(xiii)]:**

Any transfer of a capital asset or intangible asset (in the case of a firm) –

- (i) by a firm to a company where such firm is succeeded by that company; or
- (ii) to a company in the course of demutualisation or corporatisation of a recognised stock exchange in India as a result of which an AOP or BOI is succeeded by that company.

**Conditions –**

- (i) All assets and liabilities of the firm or AOP or BOI relating to the business immediately before the succession become the assets and liabilities of the company;
- (ii) All the partners of the firm immediately before the succession become the shareholders of the company in the same the proportion in which their capital accounts stood in the books of the firm on the date of succession;
- (iii) The partners of the firm do not receive any consideration or benefit in any form, directly or indirectly, other than by way of allotment of shares in the company;
- (iv) The partners of the firm together hold not less than 50% of the total voting power in the company, and their shareholding continues in such manner for a period of 5 years from the date of succession;
- (v) The demutualisation or corporatisation of a recognised stock exchange in India is carried out in accordance with a scheme for demutualisation or corporatisation approved by SEBI.

**Transfer of capital asset or intangible asset by private company and share held by shareholder to LLP in a conversion of private company into a LLP [Section 47(xiiib)]:**

- (i) Any transfer of a capital asset or intangible asset by a private company or unlisted public company to a LLP or
- (ii) Any transfer of a share or shares held in a company by a shareholder on conversion of a company into a LLP

in accordance with section 56 and section 57 of the Limited Liability Partnership Act, 2008.

**Conditions –**

- (i) All assets and liabilities of the company immediately before the conversion become the assets and liabilities of the LLP;
- (ii) all the shareholders of the company immediately before the conversion become partners of the LLP and their capital contribution and profit sharing ratio in the LLP are in the same proportion as their shareholding in the company on the date of conversion;
- (iii) No consideration other than share in profit and capital contribution in the LLP arises to the shareholders;
- (iv) The erstwhile shareholders of the company continue to be entitled to receive at least 50% of the profits of the LLP for a period of 5 years from the date of conversion;
- (v) The total sales, turnover or gross receipts in business of the company should not exceed ₹ 60 lakh in any of the three preceding previous years;
- (vi) The total value of assets as appearing in the books of account of the company in any of the three previous years preceding the previous year in which the conversion takes place, should not exceed ₹ 5 crore; and
- (vii) No amount is paid, either directly or indirectly, to any partner out of the accumulated profit of the company for a period of 3 years from the date of conversion.

**Transfer of capital asset under Reverse Mortgage [Section 47(xvi)]:**

Any transfer of a capital asset in a transaction of reverse mortgage under a scheme made and notified by the Central Government.

The Reverse Mortgage scheme is for the benefit of senior citizens, who own a residential house property. In order to supplement their existing income, they can mortgage their house property with a scheduled bank or housing finance company, in return for a lump-sum amount or for a regular monthly/ quarterly/ annual income. The senior citizens can continue to live in the house and receive regular income, without the botheration of having to pay back the loan.

The loan will be given up to, say, 60% of the value of residential house property mortgaged. Also, the bank/housing finance company would undertake a revaluation of the property once every 5 years. The borrower can use the loan amount for renovation and extension of residential property, family's medical and emergency expenditure etc., amongst others. However, he cannot use the amount for speculative or trading purposes.

The Reverse Mortgage Scheme, 2008, includes within its scope, disbursement of loan by an approved lending institution, in part or in full, to the annuity sourcing institution, for the purposes of periodic payments by way of annuity to the reverse mortgagor. This would be an additional mode of disbursement i.e., in addition to direct disbursements by the approved lending institution to the Reverse Mortgagor by way of periodic payments or lump sum payment in one or more tranches.

An annuity sourcing institution has been defined to mean Life Insurance Corporation of India or any other insurer registered with the Insurance Regulatory and Development Authority.

**Maximum Period of Reverse Mortgage Loan:**

	<b>Mode of disbursement</b>	<b>Maximum period of loan</b>
(a)	Where the loan is disbursed directly to the Reverse Mortgagor	20 years from the date of signing the agreement by the reverse mortgagor and the approved lending institution.
(b)	Where the loan is disbursed, in part or in full, to the annuity sourcing institution for the purposes of periodic payments by way of annuity to the Reverse Mortgagor	The residual life time of the borrower.

The bank will recover the loan along with the accumulated interest by selling the house after the death of the borrower. The excess amount will be given to the legal heirs. However, before resorting to sale of the house, preference will be given to the legal heirs to repay the loan and interest and get the mortgaged property released.

Therefore, section 47(xvi) clarifies that any transfer of a capital asset in a transaction of reverse mortgage under a scheme made and notified by the Central Government would not amount to a transfer for the purpose of capital gains.

**Exemption of income received in a transaction of reverse mortgage [Section 10(43)]:** Section 10(43), further, provides that the amount received by the senior citizen as a loan, either in lump sum or in instalments, in a transaction of reverse mortgage would be exempt from income-tax.

Capital gains tax liability would be attracted only at the stage of alienation of the mortgaged property by the bank/ housing finance company for the purposes of recovering the loan.

**ILLUSTRATION 3**

*In which of the following situations capital gains tax liability does not arise?*

- (i) *Mr. A purchased gold in 1970 for ₹ 25,000. In the P.Y. 2024-25, he gifted it to his son at the time of marriage. Fair market value (FMV) of the gold on the day the gift was made was ₹ 1,00,000.*
- (ii) *A house property is purchased by a Hindu undivided family in 1945 for ₹ 20,000. It is given to one of the family members in the P.Y. 2024-25 at the time of partition of the family. FMV on the day of partition was ₹ 12,00,000.*
- (iii) *Mr. B purchased 50 convertible debentures for ₹ 40,000 in 1995 which are converted into 500 shares worth ₹ 85,000 in November 2024 by the company.*

**SOLUTION**

We know that capital gains arise only when we transfer a capital asset. The liability of capital gains tax in the situations given above is discussed as follows:

- (i) As per the provisions of section 47(iii), transfer of a capital asset by an individual under a gift is **not** regarded as transfer for the purpose of capital gains. Therefore, capital gains tax liability does not arise in the given situation.
- (ii) As per the provisions of section 47(i), transfer of a capital asset (being in kind) on the total or partial partition of Hindu undivided family is **not** regarded as transfer for the purpose of capital gains. Therefore, capital gains tax liability does not arise in the given situation.
- (iii) As per the provisions of section 47(x), transfer by way of conversion of bonds or debentures, debenture stock or deposit certificates in any form of a company into shares or debentures of that company is **not** regarded as transfer for the purpose of capital gains. Therefore, capital gains tax liability does not arise in the given situation.

**ILLUSTRATION 4**

*Mr. Abhishek a senior citizen, mortgaged his residential house with a bank, under a notified reverse mortgage scheme. He was getting loan from bank in monthly installments. Mr. Abhishek did not repay the loan on maturity and hence gave possession of the house to the bank, to discharge his loan. How will the treatment of long-term capital gain be on such reverse mortgage transaction?*

**SOLUTION**

Section 47(xvi) provides that any transfer of a capital asset in a transaction of reverse mortgage under a scheme made and notified by the Central Government shall not be considered as a transfer for the purpose of capital gain.

Accordingly, the mortgaging of residential house with bank by Mr. Abhishek will not be regarded as a transfer. Therefore, no capital gain will be charged on such transaction.

Further, section 10(43) provides that the amount received by the senior citizen as a loan, either in lump sum or in instalment, in a transaction of reverse mortgage would be exempt from income-tax. Therefore, the monthly instalment amounts received by Mr. Abhishek would not be taxable.

However, capital gains tax liability would be attracted at the stage of alienation of the mortgaged property by the bank for the purposes of recovering the loan.

## 4.10 WITHDRAWAL OF EXEMPTION IN CERTAIN CASES

Section 47A provides for withdrawal of the benefit of exemption given by section 47 in certain cases.

(1) **Conditions for transfer of capital asset by holding to its wholly owned subsidiary and vice versa [Section 47(iv) or 47(v)]:** As noted above, capital gains arising from the transfer of a capital asset by a company to its wholly owned subsidiary company is exempt from tax.

Similarly, capital gains arising from the transfer of a capital asset by the subsidiary company to its 100% holding company is also exempt from tax, provided under both circumstances the transferee is an Indian company.

Section 47A provides that the above exemption will be withdrawn if at any time before the expiry of 8 years from the date of transfer of a capital asset referred to above

- (1) such capital asset is converted by the transferee company or is treated by it as stock-in-trade of its business; or
- (2) the parent company or its nominees ceases to hold the whole of the share capital of the subsidiary company.

In the above two cases, the amount of capital gains exempt from tax by virtue of the provisions contained in section 47 will be deemed to be the income of the transferor company chargeable under the head 'capital gains' of the year in which such transfer took place.

- (2) **Transfer of membership of a recognised stock exchange for shares [Section 47(xi)]:** Capital gains not charged to tax under clause (xi) of section 47 shall be deemed to be the income chargeable under the head “capital gains” of the previous year in which such transfer took place if the shares of the company received in exchange for transfer of membership in a recognised stock exchange, are transferred at any time before the expiry of 3 years from the date of such transfer.
- (3) **Transfer of capital asset or intangible asset on succession of firm/ sole proprietary concern by a company [Section 47(xiii) or 47(xiv)]:** Where any of the conditions laid down in section 47(xiii) or (xvi), as the case may be, for succession of a firm or sole proprietary concern by a company are not complied with, the amount of profits or gains arising from the transfer of such capital asset or intangible asset shall be deemed to be the profits and gains **chargeable to tax of the successor company** for the previous year in which the conditions are not complied with.
- (4) **Transfer of capital asset or intangible asset by private company or unlisted public company and share held by shareholder to LLP in a conversion of private company or unlisted public company by a LLP [Section 47(xiiiib)]:** If subsequent to the conversion of a private company or unlisted company into an LLP, any of the conditions laid down in section 47(xiiiib) are not complied with, the capital gains not charged under section 45 would be deemed to be chargeable to tax in the previous year in which the conditions are not complied with, **in the hands of the LLP or the shareholder of the predecessor company**, as the case may be.

## 4.11 MODE OF COMPUTATION OF CAPITAL GAINS [SECTION 48]

- (1) **Computation of capital gains:** The income chargeable under the head ‘capital gains’ shall be computed by deducting the following items from the full value of the consideration received or accruing as a result of the transfer of the capital asset:
- Expenditure incurred wholly and exclusively in connection with such transfer like, brokerage, stamp duty, registration fee, legal expenses etc.
  - The cost of acquisition and cost of any improvement thereto.

However, the cost of acquisition of the asset or the cost of improvement thereto would not include the deductions claimed in respect of interest u/s 24(b) or under the provisions of Chapter VI-A.

**Deduction from cost of acquisition of a unit of a business trust** - The cost of acquisition of a unit of a business trust **has to be reduced** -

- by any sum received by a unit holder from the business trust with respect to such unit, **which is not in the nature of interest and dividend** referred to in section 10(23FC) or **rental income** referred to in section 10(23FCA) and
- which is **not chargeable to tax in the hands of unit holders** under section 56(2)(xii) and **in the hands of business trust** under section 115UA(2).

**However**, where transaction of transfer of a unit is not considered as transfer under section 47 and cost of acquisition of such unit is determined under section 49, sum received with respect to such unit before such transaction as well as after such transaction has to be reduced from the cost of acquisition.

- (iii) in case of value of any money or capital asset received by a specified person from a specified entity referred to in section 45(4), **the amount chargeable to income-tax as income of such specified entity** under that section **which is attributable to the capital asset being transferred by the specified entity**, calculated in the prescribed manner [*The manner of attribution is prescribed under Rule 8AB, which was discussed in earlier paras along with section 45(4)*].

(2) **No deduction in respect of STT paid:** No deduction, however, shall be allowed in computing the income chargeable under the head "Capital Gains" in respect of any amount paid on account of securities transaction tax under Chapter VII of the Finance (No.2) Act, 2004.

(3) **Cost inflation index:** *Under section 48, for computation of long-term capital gains arising from the transfer which takes place before 23.7.2024, the cost of acquisition and cost of improvement will be increased by applying the cost inflation index (CII). Once the cost inflation index is applied to the cost of acquisition and cost of improvement, it becomes indexed cost of acquisition and indexed cost of improvement.*

**"Cost Inflation Index"** in relation to a previous year means such index as may be notified by the Central Government having regard to 75% of average rise in the Consumer Price Index (Urban) for the immediately preceding previous year to such previous year.

Indexed cost of acquisition means an amount which bears to the cost of acquisition, the same proportion as CII for the year in which the asset is transferred bears to the CII for the first year in which the asset was held by the assessee or for the year beginning on 1<sup>st</sup> April, 2001, whichever is later.

Similarly, indexed cost of any improvement means an amount which bears to the cost of improvement, the same proportion as CII for the year in which the asset is transferred bears to the CII for the year in which the improvement to the asset took place.

*Below is the summary showing the indexation benefit available to different types of long-term capital assets **which are transferred before 23.7.2024** -*

<b>Long-term capital assets which are transferred before 23.7.2024</b>	<b>Indexation benefit</b>
<i>Bonds or debentures</i>	No
<i>Capital indexed bonds issued by the Government</i>	Yes
<i>Sovereign Gold Bond issued by the RBI under the Sovereign Gold Bond Scheme, 2015</i>	Yes
<i>Depreciable assets</i>	N.A. since it will be short term capital gain
<i>Unit of a specified mutual fund acquired on or after 1.4.2023</i>	
<i>Marked linked debentures</i>	
<i>Equity share in a company on which STT is paid both at the time of acquisition and transfer</i>	No
<i>Unit of equity oriented fund or unit of business trust on which STT is paid at the time of transfer</i>	No
<i>Other long-term capital assets</i>	Yes

Consequent to the amendment made by the Finance (No. 2) Act, 2024 in section 48, no indexation benefit is allowable on **long-term capital gains arising on transfer of any capital assets taking place on or after 23.7.2024.**

#### **Computation of tax on LTCG on transfer of land or building or both on or after 23.7.2024 [Section 112]**

A resident individual or HUF, while computing tax on LTCG on transfer of land or building or both, has the option to take the benefit of indexation under section 112 in respect of long-term capital gains arising on transfer of land or building or both which is acquired before 23.7.2024 and transferred on or after 23.7.2024. Accordingly, LTCG on transfer of such land or building or both are subject to lower of tax @12.5% (on LTCG computed without indexation benefit) or @20% (on LTCG computed with indexation benefit).

*It may be noted that this benefit to a resident individual or HUF is to be given only while computing tax on LTCG under section 112 on transfer of land or building or both and not while computing Income under the head "Capital Gains" which would form part of gross total income/total income. Thus, for computing income under the head "Capital Gains" to be included in gross total income, indexation benefit is **not** to be given even in case of resident individual/HUF transferring land or building or both on or after 23.7.2024 which was acquired before 23.7.2024.*

**The cost inflation indices for the financial years so far have been notified as under:**

<b>2024-25</b>	<b>363</b>

- (4) **Full value of consideration of shares, debentures or warrants issued under ESOP in case of transfer under a gift etc. upto A.Y. 2024-25** - In case where shares, debentures or warrants allotted by a company directly or indirectly to its employees under the Employees' Stock Option Plan or Scheme in accordance with the guidelines issued in this behalf by the Central Government are transferred under a gift or irrecoverable trust, then the market value on the date of such transfer shall be deemed to be the full value of consideration received or accruing as a result of transfer of such asset.
- (5) **Special provision for non-residents** - In case of non-residents who invest foreign exchange to acquire capital assets, capital gains arising from the transfer of shares or debentures of an Indian company is to be computed in the following manner:
- The cost of acquisition, the expenditure incurred wholly and exclusively in connection with the transfer and the full value of the consideration are to be converted into the same foreign currency with which such shares were acquired. The conversion has to be done at the average of Telegraphic Transfer Buying Rate (TTBR) and Telegraphic Transfer Selling Rate (TTSR) on the respective dates.
  - The resulting capital gains shall be reconverted into Indian currency by applying the TTBR on the date of transfer.

The aforesaid manner of computation of capital gains shall be applied for every purchase and sale of shares or debentures of an Indian company. This will provide relief from risk of foreign currency fluctuation to non-residents. Rule 115A is relevant for this purpose. Benefit of indexation will not be applied in this case.

**Note** – Refer to Chapter 21: Non-resident Taxation of Module 4 where Rule 115A is detailed.

*On long-term capital gains arising from transfer of unlisted securities or shares of a company in which public are not substantially interested, non-residents and foreign companies are subject to tax at a concessional rate of 10% (without indexation benefit or currency conversion) if such transfer takes place before 23.7.2024 and @12.5% (without indexation benefit or currency conversion) if such transfer takes place on or after 23.7.2024 [Section 112].*

### **Rupee Denominated Bonds (RDBs)**

As a measure to enable Indian companies to raise funds from outside India, the RBI has permitted them to issue rupee denominated bonds outside India. Accordingly, in case of

non-resident assessee, any gains arising on account of appreciation of rupee between the date of purchase and the date of redemption of rupee denominated bond of an Indian company held by him against foreign currency in which investment is made shall not be included in computation of full value of consideration. This would provide relief to the non-resident investor who bears the risk of currency fluctuation.

**Note** – The benefit of currency fluctuation would **not** be applicable to the long-term capital gains arising from the transfer of the following assets referred to in section 112A –

- (i) equity share in a company on which STT is paid both at the time of acquisition and transfer
- (ii) unit of equity oriented fund or unit of business trust on which STT is paid at the time of transfer.

## 4.12 ASCERTAINMENT OF COST IN SPECIFIED CIRCUMSTANCES [SECTION 49]

A person becomes the owner of a capital asset not only by purchase but also by several other methods. Section 49 gives guidelines as to how to compute the cost under different circumstances.

### Taxability/ Exemption of Capital Gains arising on transfer of Specified Capital Assets

#### ILLUSTRATION 5

Neerja was carrying on the textile business under a proprietorship concern, Neerja Textiles. On 30.12.2024 the business of Neerja Textiles was succeeded by New Look Textile Private Limited and all the assets and liabilities of Neerja Textiles on that date became the assets and liabilities of New Look Textile Private Limited and Neerja was given 52% share in the share capital of the company. No other consideration was given to Neerja on account of this succession.

The assets and liabilities of Neerja Textiles transferred to the company include an urban land which was acquired by Neerja on 19.7.2013 for ₹ 9,80,000. The company sold the same on 30.03.2025 for ₹ 16,00,000.

Examine the tax implication of the above-mentioned transaction and compute the income chargeable to tax in such case(s).

### SOLUTION

#### **Taxability in case of succession of Neerja Textiles by New Look Textile Private Limited**

As per provisions of section 47(xiv), in case a proprietorship concern is succeeded by a company in the business carried by it and as a result of which any capital asset or intangible asset is transferred to the company, then the same shall not be treated as transfer and will not be chargeable to capital gain tax in case the following conditions are satisfied:

- (1) all the assets and liabilities of sole proprietary concern becomes the assets and liabilities of the company.
- (2) the shareholding of the sole proprietor in the company is not less than 50% of the total voting power of the company and continues to remain as such for a period of 5 years from the date of succession.
- (3) the sole proprietor does not receive any consideration or benefit in any form from the company other than by way of allotment of shares in the company.

In the present case, all the conditions mentioned above are satisfied therefore, the transfer of capital asset by Neerja Textiles to New Look Textile Private Limited shall not attract capital gain tax provided Neerja continues to hold 50% or more of voting power of New Look Textiles Private Limited for a minimum period of 5 years.

#### **Taxability in case of transfer of land by New Look Textile Private Limited**

As per the provisions of section 49(1) and *Explanation 1* to section 2(42A), in case a capital asset is transferred in the circumstances mentioned in section 47(xiv), the cost of the asset in the hands of the company shall be the cost of the asset in the hands of the sole proprietor. Consequently, for the determining the period of holding of the asset, the period for which the asset is held by the sole proprietor shall also be considered.

Therefore, in the present case, the urban land shall be a long-term capital asset since it is held for more than 24 months by New Look Textile Private Limited and Neerja Textiles taken together. Cost of acquisition of land in the hands of the company shall be ₹ 9,80,000 i.e., the purchase cost of the land in the hands of Neerja.

### Computation of capital gain chargeable to tax in the hands of New Look Textile Private Ltd.

Particulars	₹
Net Sale Consideration	16,00,000
Less: Cost of acquisition	9,80,000
Long-term capital gain	6,20,000

**Note:** Indexation benefit would not be available to New Look Textile Private Ltd. since transfer took place on or after 23.7.2024.

## 4.13 COST OF ACQUISITION [SECTION 55(2)]

Cost of acquisition is the price that the assessee has paid, or the amount that the assessee has incurred, for acquisition of the asset. Expenses incurred for completing the title are a part of the cost of acquisition. For eg: Stamp duty.

Cost of acquisition in relation to the following assets is as follows:

- (1) **Goodwill of a business or profession or a trademark or brand name associated with a business or profession or any other intangible asset or a right to manufacture, produce or process any article or thing, or right to carry on any business or profession, tenancy rights, stage carriage permits and loom hours, or any other right**
  - (i) **In case of acquisition from previous owner:** In the case of the above capital assets, if the assessee has purchased them from a previous owner, the cost of acquisition means the amount of the purchase price.

#### **Example:**

*If A purchases a stage carriage permit from B for ₹ 2 lakhs, ₹ 2 lakhs will be the cost of acquisition for A.*

However, in case of a capital asset, being goodwill of a business or profession, in respect of which depreciation under section 32(1) has been obtained by the assessee in any previous year (upto P.Y.2019-20), the cost of acquisition of such goodwill would be the amount of the purchase price as reduced by the total amount of depreciation (upto P.Y.2019-20) obtained by the assessee under section 32(1).

- (ii) **In case of circumstances mentioned under section 49(1)(i)/(ii)/(iii)/(iv):** In cases where the capital asset became the property of the assessee by any of the following modes from the previous owner, and such capital assets were acquired by the

- (i) **Original shares (which form the basis of entitlement of rights shares):** In relation to the original financial asset on the basis of which the assessee becomes entitled to any additional financial assets, cost of acquisition means the amount actually paid for acquiring the original financial assets.
- (ii) **Rights entitlement (which is renounced by the assessee in favour of a person):** In relation to any right to renounce the said entitlement to subscribe to the financial asset, when such a right is renounced by the assessee in favour of any person, cost of acquisition shall be taken to be *nil* in the case of such assessee.
- (iii) **Rights shares acquired by the assessee:** In relation to the financial asset, to which the assessee has subscribed on the basis of the said entitlement, cost of acquisition means the amount actually paid by him for acquiring such asset.
- (iv) **Rights shares which are purchased by the person in whose favour the assessee has renounced the rights entitlement:** In the case of any financial asset purchased by the person in whose favour the right to subscribe to such assets has been renounced, cost of acquisition means the aggregate of the amount of the purchase price paid by him to the person renouncing such right and the amount paid by him to the company or institution for acquiring such financial asset.
- (v) **Bonus Shares:** In relation to the financial asset allotted to the assessee without any payment and on the basis of holding of any other financial assets, **cost of acquisition shall be taken to be nil in the case of such assessee.**

In other words, where bonus shares are allotted without any payment on the basis of holding of original shares, the cost of such bonus shares will be nil in the hands of the original shareholder.

**Bonus shares allotted before 01.04.2001:** However, in respect of bonus shares allotted before 1.4.2001, although the cost of acquisition of the shares is nil, the assessee may opt for the fair market value as on 1.4.2001 as the cost of acquisition of such bonus shares.

**Bonus shares allotted before 1.2.2018, on which STT has been paid at the time of transfer** – In case of transfer of bonus shares allotted before 1.2.2018 on which STT has been paid at the time of transfer, the cost would be the higher of –

- (i) **Actual cost of acquisition** (i.e., Nil, in case of bonus shares allotted on or after 1.4.2001; and FMV on 1.4.2001, in case of business shares allotted before 1.4.2001)

## (ii) Lower of –

- (a) FMV as on 31.1.2018; and
- (b) Actual sale consideration

(3) **Equity shares received on demutualisation or corporatisation of a recognised stock exchange** – In relation to equity shares allotted to a shareholder of a recognised stock exchange in India under a scheme for demutualisation or corporatisation approved by SEBI, the cost of acquisition of such shares shall be the cost of acquiring his original membership of the exchange.

(4) **Clearing or trading right acquired on demutualisation or corporatisation of a recognised stock exchange** – The cost of a capital asset, being trading or clearing rights of a recognised stock exchange acquired by a shareholder (who has been allotted equity share or shares under such scheme of demutualisation or corporatisation), shall be deemed to be nil.

(5) **Long-term capital assets referred to in section 112A**

The cost of acquisition in relation to the long-term capital assets being,

- equity shares in a company on which STT is paid both at the time of purchase and transfer or
- unit of equity oriented fund or unit of business trust on which STT is paid at the time of transfer.

acquired before 1<sup>st</sup> February, 2018 shall be the higher of

- (i) cost of acquisition of such asset; and
- (ii) lower of
  - (a) the fair market value of such asset; and
  - (b) the full value of consideration received or accruing as a result of the transfer of the capital asset.

**Meaning of Fair Market Value:**

S.No.	Circumstance	Fair Market Value
(i)	In a case where the capital asset is listed on any recognised stock exchange as on 31.01.2018	<b><u>If there is trading in such asset on such exchange on 31.01.2018</u></b> The highest price of the capital asset quoted on such exchange on the said date

		<p><b><u>If there is no trading in such asset on such exchange on 31.01.2018</u></b></p> <p>The highest price of such asset on such exchange on a date immediately preceding 31.01.2018 when such asset was traded on such exchange.</p>
(ii)	In a case where the capital asset is a unit which is not listed on any recognised stock exchange as on 31.01.2018	The net asset value of such unit as on the said date
(iii)	<p>In a case where the capital asset is an equity share in a company which is</p> <ul style="list-style-type: none"> <li>- not listed on a recognised stock exchange as on 31.01.2018 but listed on such exchange on the date of transfer</li> <li>- <i>not listed on a recognized stock exchange as on 31.01.2018 or which became the property of the assessee in consideration of shares which is not listed on such exchange as on 31.1.2018 by way of transaction covered under section 47 but listed on such exchange subsequent to the date of transfer (where transfer is in respect of sale of unlisted equity shares under an offer for sale to the public included in an initial public offer)</i></li> <li>- listed on a recognised stock exchange on the date of transfer and</li> </ul>	An amount which bears to the cost of acquisition the same proportion as CII for the financial year 2017-18 bears to the CII for the first year in which the asset was held by the assessee or on 01.04.2001, whichever is later.

	<p>which became the property of the assessee in consideration of share which is not listed on such exchange as on 31.01.2018 by way of transaction not regarded as transfer under section 47</p>

**(6) Any other capital asset–**

- (i) **Where the capital asset become the property of the assessee before 1-4-2001,** cost of acquisition means the cost of acquisition of the asset to the assessee or the fair market value of the asset on 1-4-2001 at the option of the assessee.

However, in case of capital asset, being land or building or both, the fair market value of such asset on 1-4-2001 shall not exceed the stamp duty value, wherever available, of such asset as on 1-4-2001.

- (ii) **Where the capital asset became the property of the assessee by any of the modes specified in section 49(1):** The cost of acquisition to the assessee will be the cost of acquisition to the previous owner. Even in such cases, where the capital asset became the property of the previous owner before 1-4-2001, the assessee has got a right to opt for the fair market value as on 1-4-2001.

However, in case of capital asset, being land or building or both, the fair market value of such asset on 1-4-2001 shall not exceed the stamp duty value, wherever available, of such asset as on 1-4-2001.

**Note:** *The provisions contained in (i) & (ii) of (6) above shall also apply to the financial assets mentioned in (i) to (v) of (2) and long term capital assets referred to in section 112A of (5) above.*

- (iii) **Where the capital asset became the property of the assessee on the distribution of the capital assets of a company on its liquidation** and the assessee has been assessed to capital gains in respect of that asset under section 46, the cost of acquisition means the fair market value of the asset on the date of distribution.

- (iv) **A share or a stock of a company** may become the property of an assessee under the following circumstances:

- (a) the consolidation and division of all or any of the share capital of the company into shares of larger amount than its existing shares.
- (b) the conversion of any shares of the company into stock,
- (c) the re-conversion of any stock of the company into shares,
- (d) the sub-division of any of the shares of the company into shares of smaller amount, or
- (e) the conversion of one kind of shares of the company into another kind.

In the above circumstances the cost of acquisition to the assessee will mean the cost of acquisition of the asset calculated with reference to the cost of acquisition of the shares or stock from which such asset is derived.

- (7) **Where the cost for which the previous owner acquired the property cannot be ascertained**, the cost of acquisition to the previous owner means the fair market value on the date on which the capital asset became the property of the previous owner.

ABC Ltd. converts its capital asset acquired for an amount of ₹ 50,000 in June, 2004 into stock-in-trade in the month of November, 2023. The fair market value of the asset on the date of

conversion is ₹ 4,50,000. The stock-in-trade was sold for an amount of ₹ 6,50,000 in the month of September, 2024. What will be the tax treatment?

Financial year	Cost Inflation Index
2004-05	113
2023-24	348
2024-25	363

### SOLUTION

The capital gains on the sale of the capital asset converted to stock-in-trade is taxable in the given case. It arises in the year of conversion (i.e. P.Y. 2023-24) but will be taxable only in the year in which the stock-in-trade is sold (i.e. P.Y. 2024-25). Profits from business will also be taxable in the year of sale of the stock-in-trade (P.Y. 2024-25).

The long-term capital gains and business income for the A.Y.2025-26 are calculated as under:

Particulars	₹	₹
<b>Profits and Gains from Business or Profession</b>		
Sale proceeds of the stock-in-trade	6,50,000	
Less: Cost of the stock-in-trade (FMV on the date of conversion)	4,50,000	2,00,000
<b>Long Term Capital Gains</b>		
Full value of the consideration (FMV on the date of the conversion)	4,50,000	
Less: Indexed cost of acquisition (₹ 50,000 x 348/113)	1,53,982	2,96,018

**Note:** For the purpose of indexation, the cost inflation index of the year in which the asset is converted into stock-in-trade should be considered.

Since the transfer (conversion into stock-in-trade) took place in the P.Y. 2023-24, the benefit of indexation would be available. The date of sale of stock-in trade is not relevant for determining whether benefit of indexation would be available.

## 4.14 COST OF IMPROVEMENT [SECTION 55(1)]

- (1) **Goodwill or any other intangible asset of a business, etc. [Section 55(1)(b)(1)]:** In relation to a capital asset being goodwill or any other intangible asset of a business or a right to manufacture, produce or process any article or thing, or right to carry on any business or profession or any other right, the cost of improvement shall be taken to be **Nil**.
- (2) **Any other capital asset [Section 55(1)(b)(2)]:**

Circumstance		Cost of improvement
(i)	<b>Where the capital asset became the property of the previous owner or the assessee before 1.4.2001</b>	
(a)	<b>In a case covered u/s 49(1), where the capital asset became the property of the previous owner and the assessee before 1.4.2001</b>	All expenditure of a capital nature incurred in making any addition or alteration to the capital asset <b>on or after 1.4.2001 by the assessee.</b>
(b)	<b>In a case covered u/s 49(1), where the capital asset became the property of the previous owner before 1.4.2001 but became the property of the assessee on or after 1.4.2001</b>	All expenditure of a capital nature incurred in making any addition or alteration to the capital asset <b>on or after 1.4.2001 by the previous owner and the assessee.</b>
(c)	<b>In a case <u>not</u> covered u/s 49(1)</b>	All expenditure of a capital nature incurred in making any addition or alteration to the capital asset <b>on or after 1.4.2001 by the assessee.</b>
(ii)	<b>Where the capital asset became the property of the previous owner and the assessee on or after 1.4.2001</b>	
(a)	<b>In a case covered u/s 49(1)</b>	All expenditure of a capital nature incurred in making any addition or alteration to the capital asset <b>by the previous owner and the assessee.</b>
(b)	<b>In a case not covered u/s 49(1)</b>	All expenditure of a capital nature incurred in making any addition or alteration to the capital asset <b>by the assessee after it became the assessee's property.</b>

In a nutshell, in a case covered under section 49(1), cost of improvement would include expenditure of a capital nature on addition or alteration to the capital asset by the previous owner or the assessee or both on or after 1.4.2001. In a case not covered under section 49(1), cost of improvement would include expenditure of a capital nature on addition or alteration to the capital asset by the assessee on or after 1.4.2001.

However, cost of improvement does not include any expenditure which is deductible in computing the income chargeable under the head "Income from house property", "Profits and gains of business or profession" or "Income from other sources". Routine expenses on repairs and maintenance do not form part of cost of improvement.

## 4.15 COMPUTATION OF CAPITAL GAINS IN CASE OF DEPRECIABLE ASSETS [SECTIONS 50 & 50A]

- (1) **Transfer of depreciable assets [Section 50]:** Section 50 provides for the computation of capital gains in case of depreciable assets. It may be noted that where the capital asset is a depreciable asset forming part of a block of assets, section 50 will have overriding effect in spite of anything contained in section 2(42A) which defines a short-term capital asset.

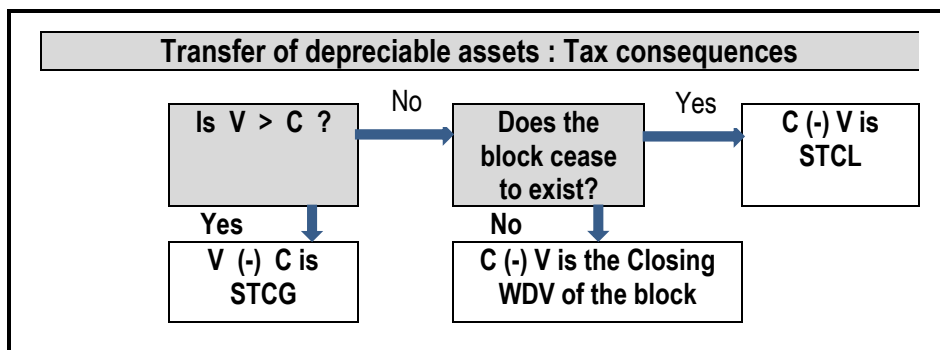

Accordingly, where the capital asset is an asset forming part of a block of assets in respect of which depreciation has been allowed, the provisions of sections 48 and 49 shall be subject to the following modifications:

- Where the full value of consideration received or accruing for the transfer of the asset **plus** the full value of such consideration for the transfer of any other capital asset falling with the block of assets during previous year exceeds the aggregate of the following amounts namely:
  - (1) expenditure incurred wholly and exclusively in connection with such transfer(s);
  - (2) WDV of the block of assets at the beginning of the previous year;
  - (3) the actual cost of any asset falling within the block of assets acquired during the previous year

such excess shall be deemed to be the capital gains arising from the transfer of short-term capital assets.

- Where all assets in a block are transferred during the previous year, the block itself will cease to exist. In such a situation, the difference between the sale value of the assets and the WDV of the block of assets at the beginning of the previous year

together with the actual cost of any asset falling within that block of assets acquired by the assessee during the previous year will be deemed to be the capital gains arising from the transfer of short- term capital assets.

<b>STCG</b>	Short Term Capital Gain
<b>STCL</b>	Short Term Capital Loss
<b>WDV</b>	Written Down Value

- (2) **Cost of acquisition in case of power sector assets [Section 50A]:** With respect to the power sector, in case of depreciable assets referred to in section 32(1)(i), the provisions of sections 48 and 49 shall apply subject to the modification that the WDV of the asset [as defined in section 43(6)], as adjusted, shall be taken to be the cost of acquisition.

A second hand plant was bought for ₹ 8,50,000 on 30<sup>th</sup> November, 2024.*

You are required to:

- (i) determine the claim of depreciation for Assessment Year 2025-26.
- (ii) compute the capital gains liable to tax for Assessment Year 2025-26.

- (iii) If Rajawat & Co. had sold the three machines in June, 2024 for ₹ 21,00,000, will there be any difference in your above workings? Examine.

**SOLUTION****(i) Computation of depreciation for A.Y.2025-26**

Particulars	₹
Opening balance of the block as on 1.4.2024 [i.e., W.D.V. as on 31.3.2024 after providing depreciation for P.Y. 2023-24]	8,50,000
Add: Purchase of second hand plant during the year in November, 2024	8,50,000
	17,00,000
Less: Sale consideration of old machinery during the year	11,00,000
<b>W.D.V of the block as on 31.03.2025</b>	<b>6,00,000</b>

Since the value of the block as on 31.3.2025 comprises of a new asset which has been put to use for less than 180 days, depreciation is restricted to 50% of the prescribed percentage of 15% i.e. depreciation is restricted to 7½%. Therefore, the depreciation allowable for the year is ₹ 45,000, being 7½% of ₹ 6,00,000.

- (ii) The provisions under section 50 for computation of capital gains in the case of depreciable assets can be invoked only under the following circumstances:
- When one or some of the assets in the block are sold for consideration more than the value of the block.
  - When all the assets are transferred for a consideration more than the value of the block.
  - When all the assets are transferred for a consideration less than the value of the block.

Since in the first two cases, the sale consideration is more than the written down value of the block, the computation would result in short term capital gains.

In the third case, since the written down value exceeds the sale consideration, the resultant figure would be a short-term capital loss.

In the given case, capital gains will not arise as the block of asset continues to exist, and some of the assets are sold for a price which is lesser than the written down value of the block.

- (iii) If the three machines are sold in June, 2024 for ₹ 21,00,000, then short term capital gains would arise, since the sale consideration is more than the aggregate of the written down value of the block at the beginning of the year and the additions made during the year.

Particulars	₹	₹

## 4.16 COMPUTATION OF CAPITAL GAINS IN CASE OF MARKET LINKED DEBENTURES [SECTION 50AA]

- (1) **Transfer of unit of a Specified Mutual Fund or Market Linked Debenture or unlisted bond or unlisted debenture:** Section 50AA provides for the computation of capital gains in case of transfer or redemption or maturity of

- unit(s) of a Specified Mutual Fund acquired on or after 1.4.2023 or
- a Market Linked Debenture or
- an unlisted bond or unlisted debentures which is transferred or redeemed or matures on or after 23.7.2024.

Section 50AA will have an overriding effect in spite of anything contained in section 2(42A) which defines a short-term capital asset and section 48 providing the manner of computation of capital gains.

Accordingly, capital gain arising from the transfer or redemption or maturity of unit of a Specified Mutual Fund acquired on or after 1.4.2023 or Market Linked Debenture or an unlisted bond or unlisted debentures which is transferred or redeemed or matures on or after 23.7.2024 would be deemed to be short term capital gains and chargeable to tax at normal rate of tax.

- (2) **Computation of capital gains:** The full value of consideration received or accruing as a result of the transfer or redemption or maturity of such debenture or unit or bond as reduced by the cost of acquisition of the debenture or unit and the expenditure incurred wholly and

exclusively in connection with such transfer or redemption or maturity would be deemed to be the capital gains.

- (3) **No deduction in respect of STT:** No deduction would be allowed in computing the income chargeable under the head “Capital Gains” in respect of any sum paid on account of securities transaction tax (STT).
- (4) **Meaning of certain terms:**

Term	Meaning
<b>Market Linked Debenture</b>	A security (i) which has an underlying principal component in the form of debt security; and (ii) where the returns are linked to market returns on other underlying securities or indices. It includes any security classified or regulated as a market linked debenture by the SEBI.
<b>Specified Mutual Fund</b>	A Mutual Fund where not more than 35% of its total proceeds is invested in the equity shares of domestic companies. However, the percentage of equity shareholding held in respect of the Specified Mutual Fund shall be computed with reference to the annual average of the daily closing figures.

## 4.17 CAPITAL GAINS IN RESPECT OF SLUMP SALE [SECTION 50B]

- (1) **Meaning of slump sale [Section 2(42C)]** – Slump sale means transfer of one or more undertakings, by any means, for a lump sum consideration without values being assigned to the individual assets and liabilities in such transfer.

Term	Meaning
<b>Undertaking</b> <i>[Explanation 1]</i>	It includes any part of an undertaking, or a unit or division of an undertaking or a business activity taken as a whole, but does not include individual assets or liabilities or any combination thereof not constituting a business activity.
<b>Transfer</b> <i>[Explanation 3]</i>	Meaning assigned to it in section 2(47) [It would include sale, exchange, relinquishment of capital asset, extinguishment of any rights therein, compulsory acquisition under any law etc. – See detailed definition in page 4.13]

**Note** - The determination of the value of an asset or liability for the sole purpose of payment of stamp duty, registration fees or other similar taxes or fees shall not be regarded as assignment of values to individual assets or liabilities.

- (2) **Capital gains – Whether long-term or short-term? [Section 50B(1)]** - Any profits or gains arising from the slump sale of one or more undertakings held for more than 36 months, shall be chargeable to income-tax as capital gains arising from the transfer of long-term capital assets and shall be deemed to be the income of the previous year in which the transfer took place.

Any profits and gains arising from such transfer of one or more undertakings held by the assessee for not more than 36 months shall be deemed to be short-term capital gains.

- (3) **Deemed cost of acquisition and cost of improvement [Section 50B(2)(i)]** - The net worth of the undertaking or the division, as the case may be, shall be deemed to be the cost of acquisition and the cost of improvement for the purposes of sections 48 and 49 in relation to capital assets of such undertaking or division transferred. No indexation benefit would be available even if it results in a long-term capital gain, irrespective of the date of transfer of the undertaking i.e., whether before or on or after 23.7.2024.

- (4) **Deemed full value of consideration [Section 50B(2)(ii)]** – Fair market value of the capital assets as on the date of transfer, calculated in the prescribed manner, shall be deemed to be the full value of the consideration received or accruing as a result of the transfer of such capital asset.

Accordingly, the CBDT has inserted Rule 11UAE to determine fair market value of the capital assets.

**The fair market value of the capital assets shall be the FMV1 or FMV2, whichever is higher.**

**FMV1** = The fair market value of the capital assets transferred by way of slump sale determined in accordance with the formula

$A+B+C+D - L$ , where,

- A = Book value of all the assets (other than jewellery, artistic work, shares, securities and immovable property) as appearing in the books of accounts of the undertaking or the division transferred by way of slump sale as reduced by the following amount which relate to such undertaking or the division, —
- (i) any amount of income-tax paid, if any, less the amount of income-tax refund claimed, if any; and
  - (ii) any amount shown as asset including the unamortised amount of deferred expenditure which does not represent the value of any asset;

- B = The price which the jewellery and artistic work would fetch if sold in the open market on the basis of the valuation report obtained from a registered valuer;
- C = Fair market value of shares and securities as determined in the manner provided in rule 11UA(1);
- D = The value adopted or assessed or assessable by any authority of the Government for the purpose of payment of stamp duty in respect of the immovable property;
- L = Book value of liabilities as appearing in the books of accounts of the undertaking or the division transferred by way of slump sale, but not including the following amounts which relates to such undertaking or division, namely: —
- (i) the paid-up capital in respect of equity shares;
  - (ii) the amount set apart for payment of dividends on preference shares and equity shares where such dividends have not been declared before the date of transfer at a general body meeting of the company;
  - (iii) reserves and surplus, by whatever name called, even if the resulting figure is negative, other than those set apart towards depreciation;
  - (iv) any amount representing provision for taxation, other than amount of income-tax paid, if any, less the amount of income-tax claimed as refund, if any, to the extent of the excess over the tax payable with reference to the book profits in accordance with the law applicable thereto;
  - (v) any amount representing provisions made for meeting liabilities, other than ascertained liabilities;
  - (vi) any amount representing contingent liabilities other than arrears of dividends payable in respect of cumulative preference shares

**FMV2** = The fair market value of the consideration received or accruing as a result of transfer by way of slump sale determined in accordance with the formula –

E+F+G+H, where,

- E = value of the monetary consideration received or accruing as a result of the transfer;
- F = fair market value of non-monetary consideration received or accruing as a result of the transfer represented by property referred to in rule 11UA(1) determined in the manner provided in rule 11UA(1) for the property covered in that sub-rule;
- G = the price which the non-monetary consideration received or accruing as a result of the transfer represented by property, other than immovable property, which is not referred to in rule 11UA(1) would fetch if sold in the open market on the basis of the valuation report obtained from a registered valuer, in respect of property;
- H = the value adopted or assessed or assessable by any authority of the Government for the purpose of payment of stamp duty in respect of the

immovable property (i.e., Stamp duty value) in case the non-monetary consideration received or accruing as a result of the transfer is represented by the immovable property.

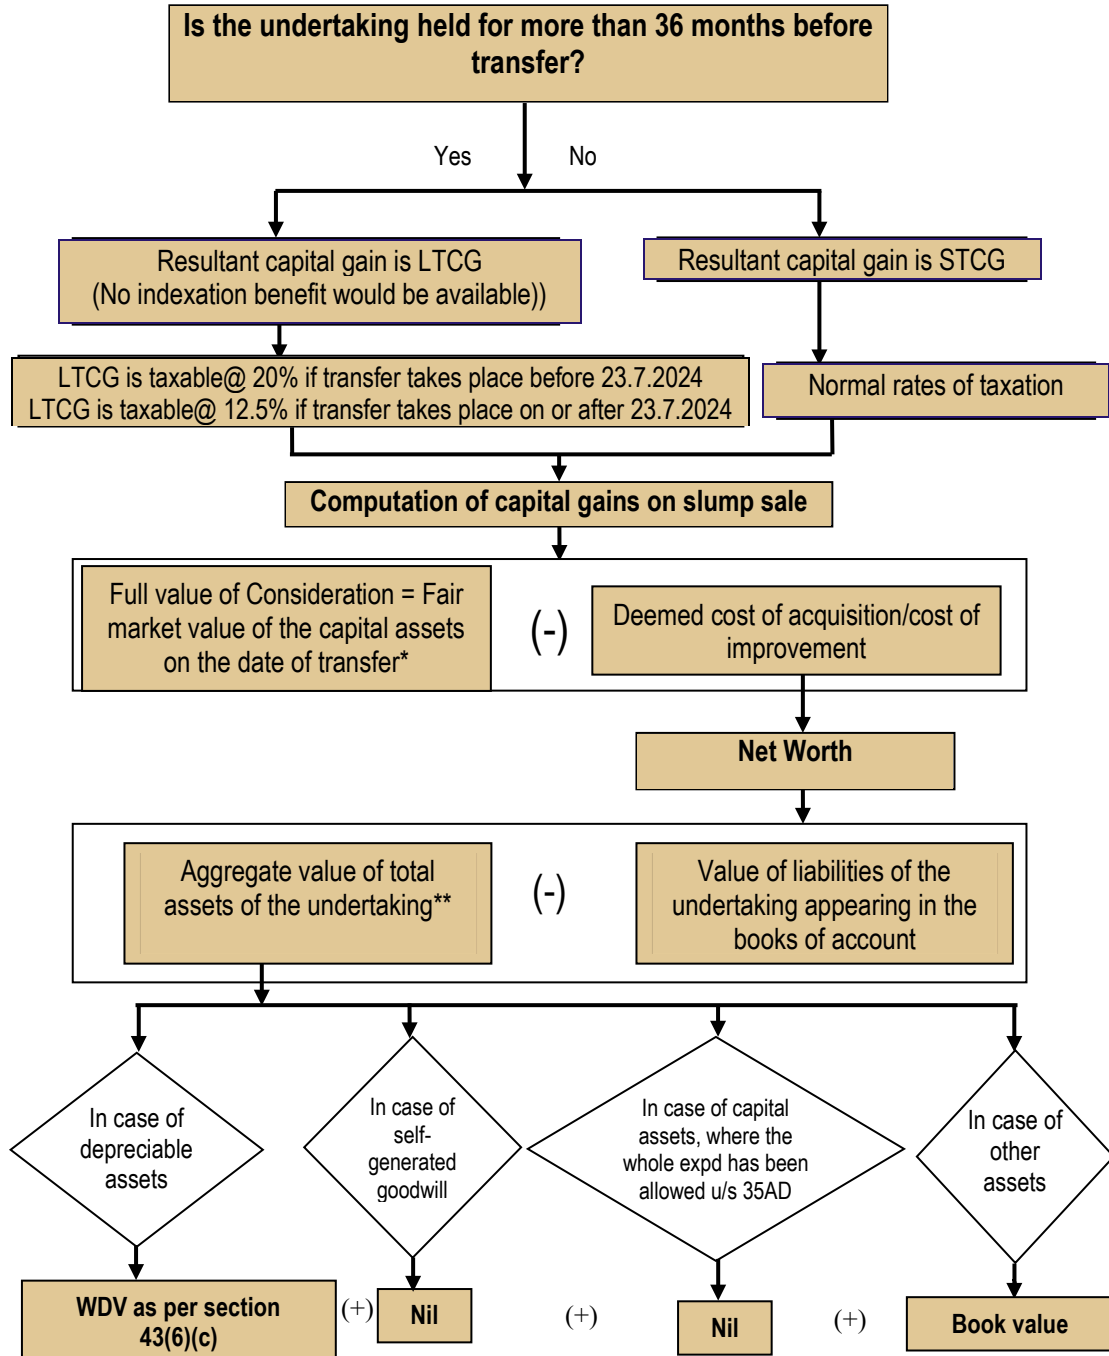

The **fair market value of the capital assets** shall be determined **on the date of slump sale** and for this purpose, **valuation date** shall also mean the **date of slump sale**.

- (5) **Report of a Chartered Accountant** - Every assessee, in the case of slump sale, shall furnish in the prescribed form on or before 30<sup>th</sup> September of the A.Y. [i.e., the specified date referred under section 44AB, being the date one month prior to the due date for filing return of income under section 139(1)], a report of a chartered accountant indicating the computation of net worth of the undertaking or division, as the case may be, and certifying that the net worth of the undertaking or division has been correctly arrived at in accordance with the provisions of this section [Sub-section (3)].

(6) **Meaning of Certain Terms:**

Explanation	Term	Particulars
1	Net worth	Aggregate value of total assets of the undertaking or division <b>as reduced by</b> the value of liabilities of such undertaking or division as appearing in the books of account.  However, any change in the value of assets on account of revaluation of assets shall not be considered for this purpose.
2	Aggregate value of total assets of undertaking or division	<b>In the case of depreciable assets:</b> The written down value of block of assets determined in accordance with the provisions contained in sub-item (C) of item (i) of section 43(6)(c);  <b>In case of capital asset, being goodwill of a business or profession, which has not been acquired by the assessee by purchase from a previous owner [self-generated goodwill]: Nil</b>  Capital asset in respect of which 100% deduction is claimed: In case of capital assets in respect of which the whole of the expenditure has been allowed or is allowable as a deduction under section 35AD: <b>Nil</b> ;  <b>For all other assets:</b> Book value

4. Since the Unit is held for more than 36 months, capital gain arising would be long-term capital gain. However, indexation benefit is not available in case of slump sale.

## 4.18 DEEMED FULL VALUE OF CONSIDERATION FOR COMPUTING CAPITAL GAINS [SECTION 50C, 50CA & 50D]

S. No.	Capital Asset	Section	Circumstance		Deemed Full Value of consideration for computing Capital Gains
1.	Land or Building or both	50C	(1)	If Stamp Duty Value > 110% of consideration received or accruing as a result of transfer	Stamp Duty Value
			(a)	If date of agreement is different from the date of transfer and whole or part of the consideration is received by way of account payee cheque or bank draft or ECS or through such other prescribed electronic mode (IMPS, UPI, RTGS, NEFT, Net banking, debit card, credit	Stamp Duty Value on the date of agreement

				card or BHIM Aadhar Pay) on or before the date of agreement	
			(b)	If date of agreement is different from the date of transfer but the whole or part of the consideration has not been received by way of account payee cheque or bank draft or ECS or through such other prescribed electronic mode (IMPS, UPI, RTGS, NEFT, Net banking, debit card, credit card or BHIM Aadhar Pay) on or before the date of agreement	Stamp Duty Value on the date of transfer
				However, if the stamp duty value on the date of agreement or the date of transfer, as the case may be $\leq 110\%$ of the sale consideration received.	Actual consideration so received

**Meaning of certain terms:**

S. No.	Term	Section	Meaning
(i)	Stamp Duty Value	50C	The value adopted or assessed or assessable by any authority of a State Government (Stamp Valuation Authority) for the purpose of payment of stamp duty
(ii)	Assessable	50C	The term 'assessable' has been defined to mean the price which the stamp valuation authority would have, notwithstanding anything to the contrary contained in any other law for the time being in force, adopted or assessed, if it were referred to such authority for the purposes of the payment of stamp duty. The term "assessable" has been added to cover transfers executed through power of attorney.
(iii)	Quoted Shares	50CA	The share quoted on any recognised stock exchange with regularity from time to time, where the quotation of such share is based on current transaction made in the ordinary course of business.

## 4.19 ADVANCE MONEY RECEIVED [SECTION 51]

It is possible for an assessee to receive some advance in regard to the transfer of capital asset. Due to the break-down of the negotiation, the assessee may have retained the advance.

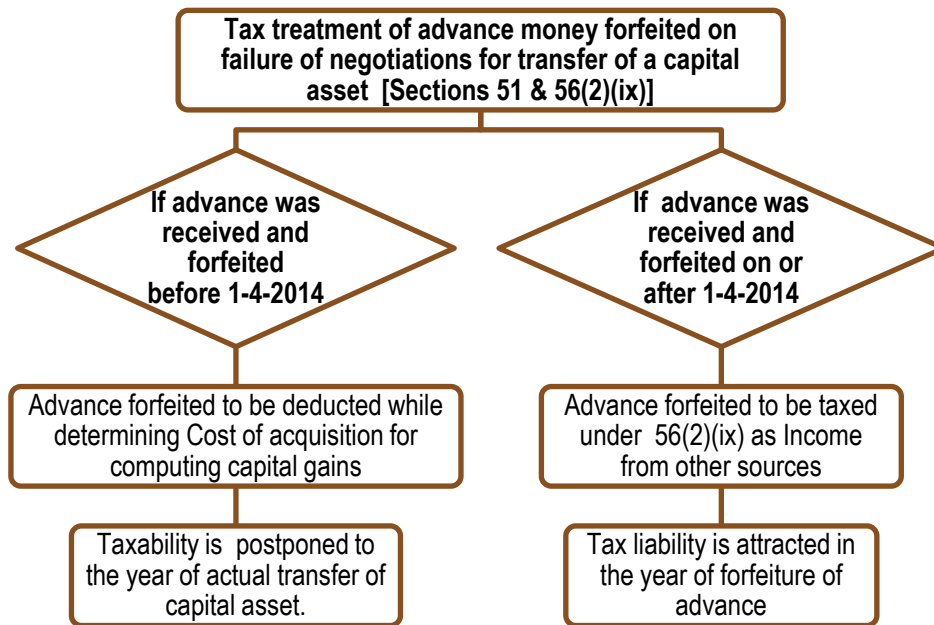

Section 51 provides that while calculating capital gains, the above advance retained by the assessee must go to reduce the cost of acquisition. However, if advance has been received and retained by the previous owner and not the assessee himself, then the same will not go to reduce the cost of acquisition of the assessee.

Section 56(2)(ix) provides for the taxability of any sum of money, received as an advance or otherwise in the course of negotiations for transfer of a capital asset. Consequently, such sum shall be chargeable to income-tax under the head 'Income from other sources', if such sum is forfeited on or after 1<sup>st</sup> April, 2014 and the negotiations do not result in transfer of such capital asset.

In order to avoid double taxation of the advance received and retained, section 51 provides that where any sum of money received as an advance or otherwise in the course of negotiations for transfer of a capital asset has been included in the total income of the assessee for any previous

year in accordance with section 56(2)(ix), then, such amount shall not be deducted from the cost for which the asset was acquired or the written down value or the fair market value, as the case may be, in computing the cost of acquisition.

However, any such sum of money forfeited before 1<sup>st</sup> April, 2014, will be deducted from the cost of acquisition before applying indexation, if any, for computing capital gains.

### ILLUSTRATION 13

Mr. Kay purchases a house property on April 10, 1992 for ₹ 65,000. The fair market value of the house property on April 1, 2001 was ₹ 2,70,000 and Stamp duty value was ₹ 2,20,000. On August 31, 2004, Mr. Kay enters into an agreement with Mr. Jay for sale of such property for ₹ 3,70,000 and received an amount of ₹ 60,000 as advance. However, as Mr. Jay did not pay the balance amount, Mr. Kay forfeited the advance. In May 2008, Mr. Kay constructed the first floor by incurring a cost of ₹ 2,35,000. Subsequently, in January 2009, Mr. Kay gifted the house to his brother Mr. Dee. On June 10, 2024, Mr. Dee sold the house for ₹ 15,00,000.

## SOLUTION

## Computation of taxable capital gains of Mr. Dee for A.Y.2025-26

Particulars	₹	₹
Sale consideration		15,00,000
Less: Indexed cost of acquisition ( $₹ 2,20,000 \times 363/100$ )	7,98,600	
Indexed cost of improvement ( $₹ 2,35,000 \times 363/137$ )	6,22,664	14,21,264
<b>Long-term capital gain</b>		<b>78,736</b>

**Note:** For the purpose of capital gains, holding period is considered from the date on which the house was purchased by Mr. Kay, till the date of sale. The house property was acquired before 1<sup>st</sup> April, 2001, higher of fair market value on 1.4.2001 or actual cost of acquisition can be considered as cost of acquisition. However, fair market value cannot exceed stamp duty value on 1.4.2001.

Amount forfeited by previous owner, Mr. Kay, shall not be deducted from cost of acquisition.

As per the view expressed by Bombay High Court in *CIT v. Manjula J. Shah 16 Taxman 42*, in case the cost of acquisition of the capital asset in the hands of the assessee is taken to be cost of such asset in the hands of the previous owner, the indexation benefit would be available from the year in which the capital asset is acquired by the previous owner. Accordingly, the indexed cost of acquisition is calculated by taking the CII of F.Y.2001-02, since the Fair Market Value as on 1.4.2001 has been taken as the cost of acquisition.

**Alternative view** – As per the plain reading of the provisions of section 48, indexation benefit would be available from the year in which the capital asset is first held by the assessee. In such case, indexed cost of acquisition would have to be calculated by taking the CII of F.Y. 2008-09 i.e., the year in which the house was gifted by Mr. Kay to Mr. Dee.

**Note** - Since the property was gifted prior to 1.10.2009, it is a case falling u/s 49(1) and not 49(4). Accordingly, the cost of acquisition of the previous owner, Mr. Kay, or the FMV as on 1.4.2001 (since the asset was acquired by the previous owner, Mr. Kay, before 1.4.2001), has to be considered.

Mr. X purchases a house property in December 1993 for ₹ 5,25,000 and an amount of ₹ 1,75,000 was spent on the improvement and repairs of the property in March, 1997. The property was proposed to be sold to Mr. Z in the month of May, 2007 and an advance of ₹ 40,000 was taken from him. As the entire money was not paid in time, Mr. X forfeited the advance and subsequently sold the property to Mr. Y in the month of March, 2025 for ₹ 52,00,000. The fair value of the

property on April 1, 2001 was ₹ 11,90,000 and Stamp duty value on the said date was ₹ 10,20,000. What is the capital gain chargeable in the hands of Mr. X for the A.Y. 2025-26?

Financial year	Cost Inflation Index
2001-02	100
2007-08	129
2024-25	363

### SOLUTION

Capital gains in the hands of Mr. X for the A.Y.2025-26 is computed as under

Particulars	₹
Sale proceeds	52,00,000
Less: Cost of acquisition [Note 1]	9,80,000
Cost of improvement [Note 2]	-
<b>Long term capital gains</b>	<b>42,20,000</b>

#### Note 1: Computation of indexed cost of acquisition

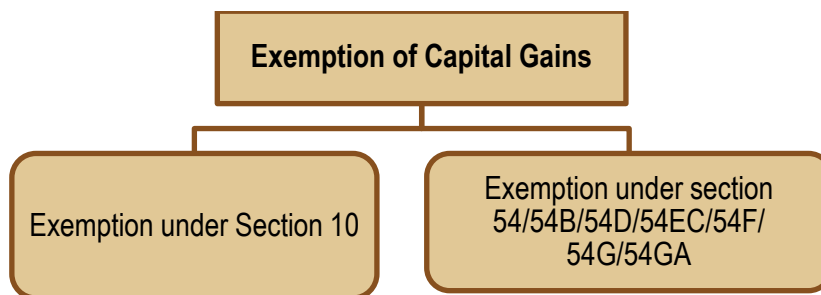

Cost of acquisition (higher of fair market value as on April 1, 2001 and the actual cost of acquisition. Fair market value, however, should not exceed ₹ 10,20,000, being the stamp duty value on 1.4.2001)	10,20,000
Less: Advance taken and forfeited before 1.4.2014	40,000

**Note 2:** Any improvement cost incurred prior to 1.4.2001 is to be ignored.

**Note 3:** Since the house property was acquired before 23.7.2024 and transferred on or after 23.7.2024, while computing tax on such LTCG, Mr. X has the option to pay tax under section 112 at lower of 12.5% (on LTCG computed without indexation benefit) or 20% (on LTCG computed with indexation benefit).

## 4.20 EXEMPTION OF CAPITAL GAINS

(1) **Exemption under section 10**

The following are the exemption in respect of capital gains under section 10:

(i) **Exemption of capital gain on transfer of a unit of Unit Scheme, 1964 (US 64) [Section 10(33)]**

This clause provides that any income arising from the transfer of unit of US 64, shall be exempt from tax. Such transfer should take place on or after 1.4.2002.

(ii) **Exemption of capital gains on compulsory acquisition of agricultural land situated within specified urban limits [Section 10(37)]**

With a view to mitigate the hardship faced by the farmers whose agricultural land situated in specified urban limits has been compulsorily acquired, clause (37) provide to exempt the capital gains arising to an individual or a HUF from transfer of urban agricultural land by way of compulsory acquisition.

Such exemption is available where the compensation or the enhanced compensation or consideration, as the case may be, is received on or after 1.4.2004.

The exemption is available only when such land has been **used for agricultural purposes** during the **immediately preceding two years from the date of transfer** by such individual or a parent of his or by such HUF.

**Clarification on taxability of the compensation received by the land owners for the land acquired under the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement Act, 2013 (RFCTLARR Act) [Circular No. 36/2016, dated 25-10-2016]**

The RFCTLARR Act which came into effect from 1st January, 2014, in section 96, *inter alia* provides that income-tax shall not be levied on any award or agreement made (except those made under section 46) under the RFCTLARR Act. Therefore, compensation received for compulsory acquisition of land under the RFCTLARR Act (except those made under section 46 of RFCTLARR Act), is exempted from the levy of income-tax.

As no distinction has been made between compensation received for compulsory acquisition of agricultural land and non-agricultural land in the matter of providing exemption from income-tax under the RFCTLARR Act, the exemption provided under section 96 of the RFCTLARR Act is wider in scope than the tax-exemption provided under the existing provisions of Income-tax Act, 1961.

The CBDT has clarified that compensation received in respect of award or agreement which has been exempted from levy of income-tax vide section 96 of the RFCTLARR Act shall also not be taxable under the provisions of Income-tax Act, 1961 even if there is no specific provision for exemption of such compensation in the Income-tax Act, 1961.

*Mr. Kumar has an agricultural land costing ₹ 6 lakh in Lucknow on 1.4.2003 and has been using it for agricultural purposes till 1.8.2012 when the Government took over compulsory acquisition of this land. A compensation of ₹ 12 lakhs was settled. The compensation was received by Mr. Kumar on 1.7.2024. Compute the amount of capital gains taxable in the hands of Mr. Kumar.*

*Cost Inflation Index: 2003-04: 109, 2012-13: 200, 2024-25: 363*

**SOLUTION**

In the given problem, compulsory acquisition of an urban agricultural land has taken place and the compensation is received after 1.4.2004. This land had also been used for at least 2 years by the assessee himself for agricultural purposes. Thus, as per section 10(37), entire capital gains arising on such compulsory acquisition will be fully exempt and nothing is taxable in the hands of Mr. Kumar in the year of receipt of compensation i.e., A.Y.2025-26.

**ILLUSTRATION 16**

*Will your answer be different if Mr. Kumar had by his own will sold this land to his friend Mr. Sharma? Examine.*

**SOLUTION**

As per section 10(37), exemption is available if compulsory acquisition of urban agricultural land takes place. Since the sale is out of own will and desire, the provisions of this section are not attracted and the capital gains arising on such sale will be taxable in the hands of Mr. Kumar.

**ILLUSTRATION 17**

*Will your answer be different if Mr. Kumar had not used this land for agricultural activities? Examine and compute the amount of capital gains taxable in the hands of Mr. Kumar, if any.*

**SOLUTION**

As per section 10(37), exemption is available only when such land has been used for agricultural purposes during the preceding two years by such individual or his parent or by

such HUF. Since the assessee has not used it for agricultural activities, the provisions of this section are not attracted and the capital gains arising on such compulsory acquisition will be taxable in the hands of Mr. Kumar in the year of receipt of compensation i.e., A.Y. 2025-26.

*Will your answer be different if the land belonged to ABC Ltd. and not Mr. Kumar and compensation on compulsory acquisition was received by the company? Examine.*

#### SOLUTION

Section 10(37) exempts capital gains arising to an individual or a HUF from transfer of agricultural land by way of compulsory acquisition. If the land belongs to ABC Ltd., a company, the provisions of this section are not attracted and the capital gains arising on such compulsory acquisition will be taxable in the hands of ABC Ltd.

#### (2) Exemption of Capital Gains under section 54/54B/54D/54EC/54F/54G/54GA

##### (i) Capital Gains on sale of residential house [Section 54]

**Eligible assesseees** – Individual & HUF

#### Conditions to be fulfilled

- There should be a transfer of residential house (buildings or lands appurtenant thereto)
- It must be a long-term capital asset
- Income from such house should be chargeable under the head “Income from house property”
- **Where the amount of capital gains exceeds ₹ 2 crore**

Where the amount of capital gain exceeds ₹ 2 crore, **one residential house in India** should be –

- purchased within 1 year before or 2 years after the date of transfer (or)

- constructed within a period of 3 years after the date of transfer.
- **Where the amount of capital gains does not exceed ₹ 2 crore**

Where the amount of capital gains does not exceed ₹ 2 crore, the assessee i.e., individual or HUF, may at his option,

  - purchase **two residential houses in India** within 1 year before or 2 years after the date of transfer (or)
  - construct **two residential houses in India** within a period of 3 years after the date of transfer.

Where during any assessment year, the assessee has exercised the option to purchase or construct two residential houses in India, he shall not be subsequently entitled to exercise the option for the same or any other assessment year.

This implies that if an assessee has availed the option of claiming benefit of section 54 in respect of purchase of two residential houses in Jaipur and Jodhpur, say, in respect of capital gains of ₹ 1.50 crores arising from transfer of residential house at Mumbai in the P.Y.2024-25 then, he will not be entitled to avail the benefit of section 54 again in respect of purchase of two residential houses in, say, Pune and Baroda, in respect of capital gains of ₹ 1.20 crores arising from transfer of residential house in Jaipur in the P.Y.2027-28, even though the capital gains arising on transfer of the residential house at Jaipur does not exceed ₹ 2 crore.

- If such investment is not made before the date of filing of return of income, then the capital gain has to be deposited under the Capital Gains Account Scheme (CGAS) [*Refer points (viii) and (ix) of this sub-heading (2)*]. However, the capital gain in excess of ₹ 10 crore would not be taken into account for the purpose of deposit in CGAS.
- Amount utilised by the assessee for purchase or construction of new asset and the amount so deposited shall be deemed to be the cost of new asset. The deemed cost of the new asset would be restricted to ₹ 10 crores for the purpose of exemption under section 54.

### **Quantum of Exemption**

- If cost of new residential house or houses, as the case may be  $\geq$  long-term capital gains, entire long-term capital gains is exempt.
- If cost of new residential house or houses, as the case may be  $<$  long-term capital gains, long-term capital gains to the extent of cost of new residential house is exempt

However, if the cost of new residential house(s) exceeds ₹ 10 crores, the amount exceeding ₹ 10 crore would not be taken into account for exemption. It means the maximum exemption that can be claimed by the assessee u/s 54 is ₹ 10 crore.

### Examples

1. If the long-term capital gains is ₹ 2.05 crores and the cost of the new house is ₹ 3 crores, then, the entire long-term capital gains of ₹ 2.05 crores is exempt.
2. If long-term capital gains is ₹ 2.05 crores and cost of new house is ₹ 1.55 crores, then, long-term capital gains is exempt only upto ₹ 1.55 crores. Balance ₹ 50 lakhs is taxable u/s 112.

### Example

(1)	(2)	(3)	(4)	(5)
S.No.	LTCCG computed	Cost of new residential house	Amount in column (3) or ₹ 10 crore, whichever is lower	Exempt LTCCG [Lower of column (2) and column (4)]
(1)	₹ 7 crore	₹ 12 crore	₹ 10 crore	₹ 7 crore
(2)	₹ 12 crore	₹ 14 crore	₹ 10 crore	₹ 10 crore
(3)	₹ 11 crore	₹ 9 crore	₹ 9 crore	₹ 9 crore
(4)	₹ 15 crore	₹ 13 crore	₹ 10 crore	₹ 10 crore

### Examples

1. If the LTCCG is ₹ 8 crore and the assessee has incurred ₹ 5 crore in construction of new residential house upto the due date u/s 139(1) i.e., 31.7.2025/ 31.10.2025, as the case may be, then, as per section 54(2), he can deposit the amount of ₹ 3 crore not appropriated by him towards construction of house upto 31.7.2025/31.10.2025, as the case may be, in Capital Gains Account Scheme (CGAS) for claiming exemption under section 54. If he deposits, say, ₹ 2 crore, in CGAS on or before the due date u/s 139(1), the deemed cost of the new residential house would be ₹ 7 crore (₹ 5 crore + ₹ 2 crore). The amount exempt u/s 54 would be ₹ 7 crore.
2. If the LTCCG is ₹ 14 crore and the assessee has already incurred ₹ 7 crore in construction of new residential house upto 31.7.2025/31.10.2025, as the case may be, then, as per section 54(2), he can deposit the difference of ₹ 3 crore (₹ 10 crore - ₹ 7 crore) in CGAS for claiming exemption u/s 54. If he deposits, say, ₹ 2 crore in CGAS on or before the due date u/s 139(1), the deemed cost of the new residential

house would be ₹9 crore (₹7 crore + ₹2 crore). The amount exempt under section 54 would be ₹9 crore.

### Consequences of transfer of new asset before 3 years

- If the new asset is transferred before 3 years from the date of its acquisition or construction, then, cost of the asset will be reduced by capital gains exempted earlier for computing capital gains.
- **Example:** The long-term capital gains is ₹ 2.05 crore and the cost of the new house is ₹ 3 crore, the entire long-term capital gains of ₹ 2.05 crore will be exempt. If the new house was sold after 18 months for ₹ 5 crore, then, short term capital gain chargeable to tax would be –

Particulars	₹
Net Consideration	5,00,00,000
Less: Cost of acquisition minus capital gains exempt earlier (₹ 3,00,00,000 – ₹ 2,05,00,000)	95,00,000
<b>Short term capital gains chargeable to tax</b>	<b>4,05,00,000</b>

### ILLUSTRATION 19

Mr. Cee purchased a residential house on July 20, 2022 for ₹ 10,00,000 and made some additions to the house incurring ₹ 2,00,000 in August 2022. He sold the house property in April, 2024 for ₹ 20,00,000. Out of the sale proceeds, he spent ₹ 5,00,000 to purchase another house property in September, 2024.

What is the amount of capital gains taxable in the hands of Mr. Cee for the A.Y. 2025-26?

### SOLUTION

The house is sold before 24 months from the date of purchase. Hence, the house is a short-term capital asset and no benefit of indexation would be available.

Particulars	₹
Sale consideration	20,00,000
Less: Cost of acquisition	10,00,000
Cost of improvement	2,00,000
<b>Short-term capital gains</b>	<b>8,00,000</b>

**Note:** The exemption of capital gains under section 54 is available only in case of long-term capital asset. As the house is short-term capital asset, Mr. Cee cannot claim exemption under section 54. Thus, the amount of taxable short-term capital gains is ₹ 8,00,000.

(ii) **Capital Gains on transfer of agricultural land [Section 54B]**

**Eligible assessee** – Individual & HUF

**Conditions to be fulfilled**

- There should be a transfer of urban agricultural land.
- Such land must have been used for agricultural purposes by the assessee, being an individual or his parent, or a HUF in the 2 years immediately preceding the date of transfer.
- He should purchase another agricultural land (urban or rural) within 2 years from the date of transfer.
- If such investment is not made before the date of filing of return of income, then the capital gain has to be deposited under the CGAS [Refer points (viii) and (ix) of this sub-heading (2)]. Amount utilised by the assessee for purchase of new asset and the amount so deposited shall be deemed to be the cost of new asset.

**Quantum of exemption**

- If cost of new agricultural land  $\geq$  capital gains, entire capital gains is exempt.
- If cost of new agricultural land  $<$  capital gains, capital gains to the extent of cost of new agricultural land is exempt.

**Examples**

1. If the capital gains is ₹ 3 lakhs and the cost of the new agricultural land is ₹ 4 lakhs, then the entire capital gains of ₹ 3 lakhs is exempt.
2. If capital gains is ₹ 3 lakhs and cost of new agricultural land is ₹ 2 lakhs, then capital gains is exempt only upto ₹ 2 lakhs.

**Consequences of transfer of new agricultural land before 3 years**

- If the new agricultural land is transferred before 3 years from the date of its acquisition, then cost of the land will be reduced by capital gains exempted earlier for computing capital gains of new agricultural land.

- However, if the new agricultural land is a rural agricultural land, there would be no capital gains on transfer of such land.
- Continuing in the above example, if the new agricultural land (urban land) is sold after, say, 1 year for ₹ 6 lakhs, then short-term capital gain chargeable to tax would be –

Particulars	₹
Net consideration	6,00,000
Less: Cost of acquisition minus capital gains exempt earlier (₹ 4,00,000 – ₹ 3,00,000)	1,00,000
<b>Short-term capital gains chargeable to tax</b>	<b>5,00,000</b>

(iii) **Capital Gains on transfer by way of compulsory acquisition of land and building of an industrial undertaking [Section 54D]**

**Eligible assessee** – Any assessee

**Conditions to be fulfilled**

- There must be compulsory acquisition of land and building or any right in land or building forming part of an industrial undertaking.
- The land and building should have been used by the assessee for purposes of the business of the industrial undertaking in the 2 years immediately preceding the date of transfer.
- The assessee must purchase any other land or building or any right in land or building or construct any building (for shifting or re-establishing the existing undertaking or setting up a new industrial undertaking) within 3 years from the date of transfer.
- If such investment is not made before the date of filing of return of income, then the capital gain has to be deposited under the CGAS [Refer points (viii) and (ix) of this sub-heading (2)]. Amount utilised by the assessee for purchase of new asset and the amount so deposited shall be deemed to be the cost of new asset.

**Quantum of exemption**

- If cost of new asset  $\geq$  Capital gains, entire capital gains is exempt.
- If cost of new asset  $<$  Capital gains, capital gains to the extent of cost of new asset is exempt.

**Note:** The exemption in respect of capital gains from transfer of capital asset would be available even in respect of short-term capital asset, being land or building or any right in any land or building, provided such capital asset is used by assessee for the industrial undertaking belonging to him, even if he was not the owner for the said period of 2 years.

### Consequences of transfer of new asset before 3 years

- If the new asset is transferred before 3 years from the date of its purchase or construction, then cost of the asset will be reduced by capital gains exempted earlier for computing capital gains.

### ILLUSTRATION 20

PQR Ltd. purchased a land for industrial undertaking in May 2004, at a cost of ₹ 3,50,000. The above property was compulsorily acquired by the State Government at a compensation of ₹ 13,00,000 in the month of January, 2025. The compensation was received in February, 2025. The company purchased another land for its industrial undertaking at a cost of ₹ 2,00,000 in the month of March, 2025. What is the amount of the capital gains chargeable to tax in the hands of the company for the A.Y. 2025-26?

Financial year	Cost Inflation Index

<b>Taxable long-term capital gain</b>	<b>7,50,000</b>

#### (iv) Capital Gains not chargeable on investment in certain bonds [Section 54EC]

**Eligible assessee** – Any assessee

#### Conditions to be fulfilled

- There should be transfer of a long-term capital asset being land or building or both.

- Such asset can also be a depreciable asset being a building held for more than 24 months. [*CIT v. Dempo Company Ltd (2016) 387 ITR 354 (SC)*]
- The capital gains arising from such transfer should be invested in a long-term specified asset within 6 months from the date of transfer.
- Long-term specified asset means specified bonds, redeemable after 5 years, issued on or after 1.4.2018 by the National Highways Authority of India (NHAI) or the Rural Electrification Corporation Limited (RECL) or any other bond notified by the Central Government in this behalf.
- The assessee should not transfer or convert or avail loan or advance on the security of such bonds for a period of **5 years** from the date of acquisition of such bonds.

**Note - In case of conversion of capital asset into stock in trade and subsequent sale of stock in trade -** Period of 6 months to be reckoned from the date of sale of stock in trade for the purpose of section 54EC exemption [*CBDT Circular No.791 dated 2-6-2000*].

#### **Quantum of exemption**

Capital gains or amount invested in specified bonds, whichever is lower.

#### **Ceiling limit for investment in long-term specified asset**

The maximum investment which can be made in notified bonds or bonds of NHAI and RECL, out of capital gains arising from transfer of one or more assets, during the previous year in which the original asset is transferred and in the subsequent financial year cannot exceed ₹ 50 lakhs.

#### **Violation of condition**

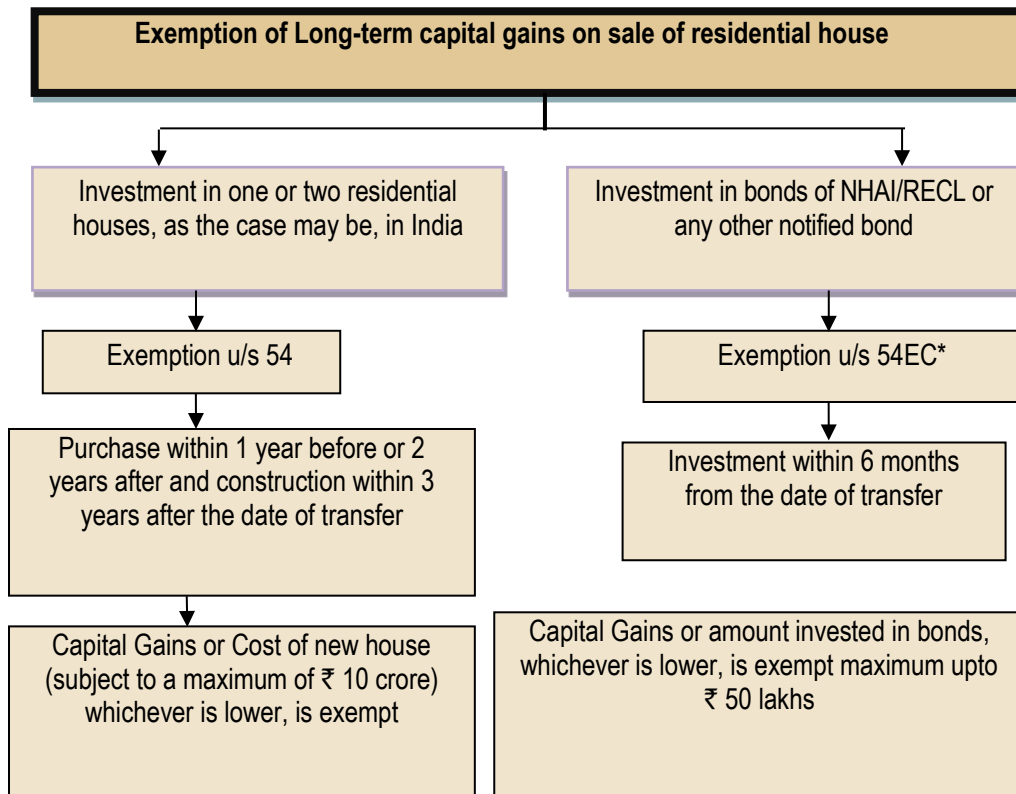

In case of transfer or conversion of such bonds or availing loan or advance on security of such bonds before the expiry of 5 years, the capital gain exempted earlier shall be taxed as long-term capital gain in the year of violation of condition.

#### **ILLUSTRATION 21**

*Long-term capital gain of ₹ 75 lakh arising from transfer of building on 1.5.2024 will be fully exempt from tax if such capital gain is invested in the bonds redeemable after five years, issued by NHAI under section 54EC. Examine with reasons whether the given statement is true or false having regard to the provisions of the Income-tax Act, 1961.*

**SOLUTION**

**False:** The exemption under section 54EC has been restricted, by limiting the maximum investment in long term specified assets (i.e., bonds of NHAI or RECL or any other bond notified by Central Government in this behalf, redeemable after 5 years) to ₹ 50 lakh, whether such investment is made during the relevant previous year or the subsequent previous year, or both. Therefore, in this case, the exemption under section 54EC can be availed only to the extent of ₹ 50 lakh, provided the investment is made before 1.11.2024 (i.e., within six months from the date of transfer).

\*The exemption under section 54EC is available in respect of capital gains on transfer of capital asset being land or building or both.

**(v) Capital gains in cases of investment in residential house [Section 54F]**

**Eligible assessee:** Individuals/ HUF

**Conditions to be fulfilled**

- There must be transfer of a **long-term capital asset, not being a residential house**.

- Transfer of plot of land is also eligible for exemption
- The assessee should -
  - ◆ Purchase **one residential house situated in India** within a period of 1 year before or 2 years after the date of transfer; or
  - ◆ Construct one residential house in India within 3 years from the date of transfer.
- If such investment is not made before the date of filing of return of income, then the net sale consideration has to be deposited under the CGAS [*Refer points (viii) and (ix) of this sub-heading (2)*]. However, the net consideration in excess of ₹ 10 crore would not be taken into account for the purpose of deposit in CGAS.
- Amount utilised by the assessee for purchase or construction of new asset and the amount so deposited shall deemed to be the cost of new asset. The deemed cost of new asset would be restricted to ₹ 10 crores for the purpose of exemption under section 54F.
- The assessee should not own more than one residential house on the date of transfer.
- The assessee should not –
  - ◆ purchase any other residential house within a period of 2 years or
  - ◆ construct any other residential house within a period of 3 years
 from the date of transfer of the original asset.

#### Quantum of exemption

- If cost of new residential house ≥ Net sale consideration of original asset, entire capital gains is exempt.
- If cost of new residential house < Net sale consideration of original asset, only proportionate capital gains is exempt i.e.

$$\text{LTCG} \times \frac{\text{Amount invested in new residential house}}{\text{Net sale consideration}}$$

However, if the cost of new residential house/ amount invested in new residential house exceeds ₹ 10 crore, the amount exceeding ₹ 10 crore would not be taken into account for exemption.

**Example**

(1)	(2)	(3)	(4)	(5)	
	Net Consideration	LTCG computed	Cost of new residential house	Amount in column (3) or ₹10 crores, whichever is lower	Exempt LTCG
(1)	₹15 crore	₹7.5 crore	₹12 crore	₹10 crore	₹7.5 crore x 10/15 = ₹5 crore
(2)	₹20 crore	₹12 crore	₹15 crore	₹10 crore	₹12 crore x 10/20 = ₹6 crore
(3)	₹16 crore	₹12 crore	₹8 crore	₹8 crore	₹12 crore x 8/16 = ₹6 crore
(4)	₹10 crore	₹6 crore	₹10 crore	₹10 crore	₹6 crore x 10/10 = ₹6 crore
(5)	₹12 crore	₹6 crore	₹12 crore	₹10 crore	₹6 crore x 10/12 = ₹5 crore

**Examples**

1. If the net consideration is ₹9 crore, the capital gain is ₹4.50 crore and the amount incurred for construction of new residential house upto 31.7.2025/31.10.2025, as the case may be, is ₹5 crore, then, as per section 54F(4), the assessee can deposit the amount of ₹4 crore (i.e., ₹9 crore – ₹5 crore) not appropriated towards construction upto 31.7.2025/ 31.10.2025, as the case may be, in CGAS for claiming exemption u/s 54F. If the assessee has deposited, say, ₹3 crore on or before 31.7.2025/ 31.10.2025, as the case may be, the deemed cost of new residential house would be ₹8 crore (₹5 crore + ₹3 crore). The exemption u/s 54F would be ₹4 crore [i.e., ₹4.50 crore x ₹8 crore/₹9 crore].
2. If the net consideration is ₹15 crore, the capital gain is ₹7.50 crore and the amount incurred for construction of new residential house upto 31.7.2025/31.10.2025, as the case may be, is ₹6 crore, the assessee can deposit ₹4 crore [i.e., ₹10 crore – ₹6 crore] on or before 31.7.2025/31.10.2025, as the case may be, in CGAS for claiming exemption u/s 54F. If the assessee has deposited, say, ₹3 crore on or before the due date of filing return u/s 139(1), the deemed cost of new residential house would be ₹9 crore (₹6 crore + ₹3 crore). The exemption u/s 54F would be ₹4.50 crore [i.e., ₹7.50 crore x ₹9 crore/₹15 crore].

**Consequences if the new house is transferred within 3 years from the date of its purchase**

If the new asset is transferred before the expiry of 3 years from the date of its purchase or construction, as the case may be, then capital gains arises on transfer of the new house and the capital gains exempted earlier under section 54F would be taxable as long-term capital gains.

**Note** – In case the new residential house is sold after 2 years, the capital gains would be long-term capital gains and indexation benefit would be available.

**Consequences where assessee purchases any other residential house within 2 years or constructs within 3 years from the date of transfer of original asset**

The capital gain exempted earlier under section 54F would be deemed to be long-term capital gains and chargeable to tax in the previous year in which such residential house is purchased or constructed.

**(vi) Exemption of capital gains for shifting of industrial undertaking from urban areas [Section 54G]**

**Eligible assessee:** Any assessee

**Conditions to be fulfilled**

- There should be a shifting of the industrial undertaking from an urban area to any other area other than an urban area.
- There should be a transfer of machinery, plant, building or land or any right in building or land used for the business of an industrial undertaking situated in an urban area.
- Such transfer should be in the course of, or in consequence of, shifting the industrial undertaking from an urban area to any other area other than an urban area.
- The capital gain (short-term or long-term) should be utilised for any of the following purposes within 1 year before or 3 years after the date of transfer –
  - ◆ purchase of new plant and machinery for the purposes of business of the industrial undertaking in the area to which the said undertaking is shifted;
  - ◆ acquisition of building or land or construction of building for the purposes of his business in the said area;
  - ◆ shifted the original asset and transferred the establishment of such industrial undertaking from the urban area to the other area;
  - ◆ incurred expenses on such other purpose as may be specified in a scheme framed by the Central Government.
- If such investment is not made before the date of filing of return of income, then the capital gain has to be deposited under the CGAS. [*Refer points (viii) at the end of this sub-heading (2)*]. Amount utilised by the assessee for purchase of new asset and expenses of shifting and the amount so deposited shall be deemed to be the cost of new asset.

**Quantum of exemption**

- If cost of new assets plus expenses incurred for the specified purpose  $\geq$  Capital gains, entire capital gains (short-term or long-term) is exempt.
- If cost of new assets plus expenses incurred for the specified purpose  $<$  Capital gains, capital gains (short-term or long-term) to the extent of such cost and expenses is exempt.

**Consequences if the new asset is transferred within a period of 3 years**

If the new asset is transferred within a period of 3 years of its purchase or construction, then the capital gain, which was exempt earlier under section 54G would be deducted from the cost of acquisition of the new asset for the purpose of computation of capital gains in respect of the transfer of the new asset.

**(vii) Exemption of capital gains on transfer of certain capital assets in case of shifting of an industrial undertaking from an urban area to any SEZ [Section 54GA]**

**Eligible assessee** – Any assessee

**Conditions to be fulfilled**

- There must be transfer of capital assets
- Such transfer must be effected in the course of, or in consequence of the shifting of an industrial undertaking from an urban area to any SEZ, whether developed in an urban area or not.
- The capital asset should be either machinery or plant or building or land or any rights in building or land used for the purposes of the business of an industrial undertaking situated in an urban area.
- The assessee should, within a period of 1 year before or 3 years after the date of transfer,
  - ◆ purchase machinery or plant for the purposes of business of the industrial undertaking in the SEZ;
  - ◆ acquire building or land or construct building for the purposes of his business in the SEZ;
  - ◆ shifted the original asset and transferred the establishment of such industrial undertaking from the urban area to the SEZ; and

- ◆ incurred expenses for such other purposes as may be specified in a scheme framed by the Central Government.
- If such investment is not made before the date of filing of return of income, then the capital gain has to be deposited under the CGAS [*Refer points (viii) at the end of this sub-heading (2)*]. Amount utilised by the assessee for purchase of new asset and expenses of shifting and the amount so deposited shall be deemed to be the cost of new asset.

#### **Quantum of exemption**

- If cost of new assets plus expenses incurred for shifting  $\geq$  Capital gains, entire capital gains (short-term or long-term) is exempt.
- If cost of new assets plus expenses incurred for shifting  $<$  Capital gains, capital gains (short-term or long-term) to the extent of such cost and expenses is exempt.

#### **Consequences if the new asset is transferred within a period of 3 years**

- If the new asset is transferred within a period of 3 years of its purchase or construction, then the capital gain, which was exempt earlier under section 54GA would be deducted from the cost of acquisition of the new asset for the purpose of computation of capital gains in respect of the transfer of the new asset.

#### **(viii) Capital Gains Account Scheme (CGAS)**

Under sections 54, 54B, 54D, 54F, 54G and 54GA, capital gains is exempt to the extent of investment of such gains/ net consideration (in the case of section 54F) in specified assets within the specified time. If such investment is not made before the date of filing of return of income, then the capital gain or net consideration (in case of exemption under section 54F) has to be deposited under the CGAS. However, the capital gain in excess of ₹ 10 crore would not be taken into account for the purpose of deposit in CGAS in case of section 54 and the net consideration in excess of ₹ 10 crore would not be taken into account for the purpose of deposit in CGAS in case of section 54F.

#### **Time limit**

Such deposit in CGAS should be made before filing the return of income or on or before the due date of filing the return of income, whichever is earlier. In such cases, the amount already utilized for purchase or construction of new asset plus the amount deposited under the CGAS on or before due date u/s 139(1) would be deemed to be the cost of new asset. However, for the purpose of sections 54 and 54F, the amount so deemed to be the cost of the new asset cannot exceed ₹ 10 crore.

Proof of such deposit should be attached with the return. The deposit can be withdrawn for utilization for the specified purposes in accordance with the scheme.

**Consequences if the amount deposited in CGAS is not utilized within the stipulated time of 2 years / 3 years**

If the amount deposited is not utilized for the specified purpose within the stipulated period, then the **unutilized amount shall be charged as capital gain** of the previous year in which the specified period expires. In the case of section 54F and 54GB, proportionate amount will be taxable.

*CBDT Circular No.743 dated 6.5.96* clarifies that in the event of death of an individual before the stipulated period, the unutilized amount is not chargeable to tax in the hands of the legal heirs of the deceased individual. Such unutilized amount is not income but is a part of the estate devolving upon them.

**(ix) Extension of time for acquiring new asset or depositing or investing amount of Capital Gain [Section 54H]**

In case of compulsory acquisition of the original asset, where the compensation is not received on the date of transfer, the period available for acquiring a new asset or making investment in CGAS under sections 54, 54B, 54D, 54EC and 54F would be considered from the date of receipt of such compensation and not from the date of the transfer.

## **4.21 REFERENCE TO VALUATION OFFICER [SECTION 55A]**

Section 55A provides that the Assessing Officer may refer the valuation of a capital asset to a Valuation Officer in the following circumstances with a view to ascertaining the fair market value of the capital asset for the purposes of capital gains -

- (i) In a case where the value of the asset as claimed by the assessee is in accordance with the estimate made by a registered valuer, if the Assessing Officer is of the opinion that the value so claimed is at variance with its fair market value.

Under this provision, the Assessing Officer can make a reference to the Valuation Officer in cases where the fair market value is taken to be the sale consideration of the asset. An Assessing Officer can also make a reference to the Valuation Officer in a case where the fair market value of the asset as on 01.04.2001 is taken as the cost of the asset, if he is of the view that there is any variation between the value as on 01.04.2001 claimed by the

assessee in accordance with the estimate made by a registered valuer and the fair market value of the asset on that date.

- (ii) If the Assessing Officer is of the opinion that the fair market value of the asset exceeds the value of the asset as claimed by the assessee by more than 15% of the value of asset as so claimed or by more than ₹ 25,000.
- (iii) The Assessing Officer is of the opinion that, having regard to the nature of asset and other relevant circumstances, it is necessary to make the reference.

## 4.22 TAX ON SHORT TERM CAPITAL GAINS IN RESPECT OF EQUITY SHARES/ UNITS OF AN EQUITY ORIENTED FUND/ UNITS OF A BUSINESS TRUST [SECTION 111A]

- (1) **Applicability of concessional rate of tax:** This section provides for a concessional rate of tax on the short-term capital gains on transfer of -
  - (i) an equity share in a company or
  - (ii) a unit of an equity oriented fund or
  - (iii) a unit of a business trust.
- (2) **Concessional rate of tax in respect of STCG on transfer of certain assets:** The concessional rate of tax on the short-term capital in respect of transfer of above-mentioned assets is as follow:

<i>Date of transfer</i>	<i>Rate of Tax</i>
<i>before 23.7.2024</i>	<i>15%</i>
<i>on or after 23.7.2024</i>	<i>20%</i>

- (3) **Conditions:** The conditions for availing the benefit of this concessional rate are –
  - (i) the transaction of sale of such equity share or unit should be entered into on or after 1.10.2004, being the date on which Chapter VII of the Finance (No. 2) Act, 2004 came into force; and
  - (ii) such transaction should be chargeable to securities transaction tax under the said Chapter.

However, short-term capital gains arising from transactions undertaken in foreign currency on a recognized stock exchange located in an International Financial Services Centre (IFSC) would be taxable at a *concessional rate of 15% or 20%, as the case may be*, even though STT is not leviable in respect of such transaction.

- (4) **Adjustment of Unexhausted Basic Exemption Limit:** In the case of resident individuals or HUF, if the basic exemption is not fully exhausted by any other income, then, such short-term capital gain will be reduced by the unexhausted basic exemption limit and only the balance would be taxed at *15% or 20%, as the case may be*. However, the benefit of availing the basic exemption limit is not available in the case of non-residents.
- (5) **No deduction under Chapter VI-A against STCG taxable under section 111A:** Deductions under Chapter VI-A cannot be availed in respect of such short-term capital gains on equity shares of a company or units of an equity oriented fund or unit of a business trust included in the total income of the assessee.

## 4.23 TAX ON LONG TERM CAPITAL GAINS [SECTION 112]

- (1) **Concessional rate of tax:** Where the total income of an assessee includes long-term capital gains, tax is payable by the assessee at special rates on such long-term capital gains. The treatment of long-term capital gains in the hands of different types of assessee are as follows –

S. No.	Long-term capital asset (LTCA)	Rate of tax
<b>I.</b>	<b>Where transfer takes place before 23.7.2024</b>	
(i)	Unlisted securities, or shares of a closely held company	<b>Non-corporate non-resident/ foreign company</b> - 10% without the benefit of indexation and foreign currency fluctuation <b>Other Assessee</b> - 20% with indexation benefit
(ii)	Listed securities (other than a unit) or a zero-coupon bond	- 10% without indexation <b>or</b> - 20% with indexation benefit whichever is more beneficial to the assessee
(iii)	Other Assets (other than taxable u/s 112A)	- 20% with indexation benefit

<b>II. Where transfer takes place on or after 23.7.2024</b>	
(i)	<p><i>Land or building or both if acquired before 23.7.2024</i></p> <p><b>Individual or HUF, being a resident</b> – 12.5% without indexation or 20% with indexation benefit, whichever is more beneficial to the assessee</p> <p><b>Other Assesseees</b> – 12.5% without indexation</p>
(ii)	<p>- <i>Land or building or both if acquired on or after 23.7.2024</i></p> <p style="text-align: center;"><b>or</b></p> <p>- <i>Other Assets (other than taxable u/s 112A)</i></p> <p>12.5% without indexation</p> <p><i>[In case of non-residents, LTCG on transfer of unlisted securities, or shares of a closely held company, would be taxable @12.5% without indexation and foreign currency fluctuation]</i></p>

#### Important Points to remember –

- (1) **For Individuals or HUF (Residents):** Where the total income as reduced by such long-term capital gains is below the maximum amount which is not chargeable to income-tax then such long-term capital gains shall be reduced by the amount by which the total income as so reduced falls short of the maximum amount which is not chargeable to income-tax and the tax on the balance of such long-term capital gains will be taxed at 20% (with indexation) or 12.5% (without indexation), depending on the date of transfer.
- (2) **Debentures or Bonds:** In respect of debentures or bonds (whether listed or unlisted) transferred or redeemed or matured before 23.7.2024, the resultant capital gains will be considered either long-term or short-term, based on the holding period, and taxed accordingly. If unlisted debentures or bonds are transferred or redeemed or matured on or after 23.7.2024, the resulting capital gains will always be treated as short-term, regardless of the holding period. Indexation benefit is in any case not available for bonds/debentures, even if transferred before 23.07.2024.
- (3) **Non-Residents and Foreign Companies:** Long-term capital gains from the transfer of listed shares (other than listed equity shares covered u/s 112A) or debentures of an Indian company (acquired in foreign currency) will be taxed as follows:
  - 20% (without indexation, but with foreign currency fluctuation adjustments) if the transfer takes place before 23.7.2024.

- 12.5% (without indexation, but with foreign currency fluctuation adjustments) if the transfer takes place on or after 23.7.2024.
- (4) **No Chapter VI-A deduction against LTCG:** The provisions of section 112 make it clear that the deductions under Chapter VIA cannot be availed in respect of the long-term capital gains included in the total income of the assessee.

## 4.24 TAX ON LONG TERM CAPITAL GAINS ON CERTAIN ASSETS [SECTION 112A]

- (1) **Applicability of concessional rate of tax:** Section 112A provides that notwithstanding anything contained in section 112, a concessional rate of tax will be leviable on the long-term capital gains **exceeding ₹ 1,25,000** on transfer of –
- (a) an equity share in a company or
  - (b) a unit of an equity oriented fund or
  - (c) a unit of a business trust.
- (2) **Concessional rate of tax in respect of LTCG on transfer of certain assets:** *The concessional rate of tax on the long-term capital in respect of transfer of above-mentioned assets is as follows:*

<b>Date of transfer</b>	<b>Rate of Tax</b>
<i>before 23.7.2024</i>	<i>10% on LTCG exceeding ₹ 1,25,000</i>
<i>on or after 23.7.2024</i>	<i>12.5% on LTCG exceeding ₹ 1,25,000</i>
<i>However, the total exemption on LTCG in a previous year cannot exceed ₹ 1,25,000.</i>	

- (3) **Conditions:** The conditions for availing the benefit of this concessional rate are–
- (a) In case of equity share in a company, STT has been paid on acquisition and transfer of such capital asset
  - (b) In case of unit of an equity oriented fund or unit of business trust, STT has been paid on transfer of such capital asset.

However, the Central Government may, by notification in the Official Gazette, specify the nature of acquisition of equity share in a company on which the condition of payment of STT on acquisition would not be applicable.

Accordingly, the Central Government has, vide notification No. 60/2018, dated 1<sup>st</sup> October, 2018, notified that the condition of chargeability of STT shall not apply to the acquisition of equity shares entered into

- before 1<sup>st</sup> October, 2004 or
- on or after 1<sup>st</sup> October, 2004 which are not chargeable to STT, other than the following transactions.

In effect, only in respect of the following transactions mentioned in column (2), the requirement of paying STT at the time of acquisition for availing the benefit of concessional rate of tax under section 112A would apply. It may be noted that the exceptions are listed in column (3) against the transaction. The requirement of payment of STT at the time of acquisition for availing benefit of concessional tax rate under section 112A will not apply to acquisition transactions mentioned in column (3).

<b>(c)</b>	acquisition of equity share of a company during the period beginning from the date on which the company is delisted from a recognised stock exchange and ending on the date immediately preceding the date on which the company is again listed on a recognised stock exchange in accordance with the Securities Contracts (Regulation) Act, 1956 read with SEBI Act, 1992 and the rules made thereunder.
------------	---

Further, long-term capital gains arising from transaction undertaken on a recognized stock exchange located in an International Financial Service Centre (IFSC) would be taxable at a concessional rate of 10% or 12.5%, as the case may be, where the consideration for transfer is received or receivable in foreign currency, even though STT is not leviable in respect of such transaction.

- (3) Adjustment of Unexhausted Basic Exemption Limit:** In the case of resident individuals or HUF, if the basic exemption is not fully exhausted by any other income, then such long-term capital gain exceeding ₹ 1,25,000 will be reduced by the unexhausted basic exemption limit and only the balance would be taxed at 10% or 12.5%, as the case may be.

However, the benefit of adjustment of unexhausted basic exemption limit is not available in the case of non-residents. It is also not available in case of resident AOPs and BOIs.

- (4) No deduction under Chapter VI-A against LTCG taxable under section 112A:** Deductions under Chapter VI-A cannot be availed in respect of such long-term capital gains on equity shares of a company or units of an equity oriented fund or unit of a business trust included in the total income of the assessee.
- (5) No benefit of rebate under section 87A against LTCG taxable under section 112A:** Rebate under section 87A is not available in respect of tax payable @10% on LTCG under section 112A.

Subsequent to insertion of section 112A, the CBDT has issued clarification F. No. 370149/20/2018-TPL dated 04.02.2018 in the form of a Question and Answer format to clarify certain issues raised in different for a on various issues relating to the new tax regime for taxation of long-term capital gains. The relevant questions raised and answers to such questions as per the said Circular are given hereunder. [Answers to certain questions have been revised incorporating the effect of amendments by the Finance (No. 2) Act, 2024]:

**Q 1. What is the meaning of long term capital gains under the new tax regime for long term capital gains?**

Ans 1. Long term capital gains mean gains arising from the transfer of long-term capital asset.

It provides for a new long-term capital gains tax regime for the following assets –

- (i). Equity Shares in a company listed on a recognised stock exchange;
- (ii). Unit of an equity oriented fund; and
- (iii). Unit of a business trust.

The concessional tax rate u/s 112A applies to the above assets, if–

- a. the assets mentioned in (i) and (ii) are held for a period of “more than 12 months” from the date of acquisition and the asset mentioned in (iii) is held for a period of “more than 36 months” if transfer takes place before 23.7.2024. However, the period of holding would be “more than 12 months” if transfer of any of above assets take place on or after 23.7.2024.; and
- b. the Securities Transaction Tax (STT) is paid at the time of transfer. However, in the case of equity shares acquired after 1.10.2004, STT is required to be paid even at the time of acquisition (subject to notified exemptions).

**Q 2. What is the point of chargeability of the tax?**

Ans 2. The tax will be levied only upon transfer of the long-term capital asset on or after 1st April, 2018, as defined in section 2(47) of the Act.

**Q 3. What is the method for calculation of long-term capital gains?**

Ans 3. The long-term capital gains will be computed by deducting the cost of acquisition from the full value of consideration on transfer of the long-term capital asset.

**Q 4. How do we determine the cost of acquisition for assets acquired on or before 31st January, 2018?**

Ans 4. The cost of acquisition for the long-term capital asset acquired on or before 31st January, 2018 will be the actual cost.

However, if the actual cost is less than the fair market value of such asset as on 31st January, 2018, the fair market value will be deemed to be the cost of acquisition.

Further, if the full value of consideration on transfer is less than the fair market value, then such full value of consideration or the actual cost, whichever is higher, will be deemed to be the cost of acquisition.

**Q 5. Please provide illustrations for computing long-term capital gains in different scenarios, in the light of answer to question 4.**

Ans 5. The computation of long-term capital gains in different scenarios is illustrated as under

**Scenario 1** – An equity share is acquired on 1st January, 2017 at ₹ 100, its fair market value is ₹ 200 on 31st January, 2018 and it is sold on 1st April, 2024 at ₹ 250. As the actual cost of acquisition is less than the fair market value as on 31st January, 2018, the fair market value of ₹ 200 will be taken as the cost of acquisition and the long-term capital gain will be ₹ 50 (₹ 250 – ₹ 200).

**Scenario 2** – An equity share is acquired on 1st January, 2017 at ₹ 100, its fair market value is ₹ 200 on 31st January, 2018 and it is sold on 1st April, 2024 at ₹ 150. In this case, the actual cost of acquisition is less than the fair market value as on 31st January, 2018. However, the sale value is also less than the fair market value as on 31st January, 2018. Accordingly, the sale value of ₹ 150 will be taken as the cost of acquisition and the long-term capital gain will be NIL (₹ 150 – ₹ 150).

**Scenario 3** – An equity share is acquired on 1st January, 2017 at ₹ 100, its fair market value is ₹ 50 on 31st January, 2018 and it is sold on 1st April, 2024 at ₹ 150. In this case, the fair market value as on 31st January, 2018 is less than the actual cost of acquisition, and therefore, the actual cost of ₹ 100 will be taken as actual cost of acquisition and the long-term capital gain will be ₹ 50 (₹ 150 – ₹ 100).

**Scenario 4** – An equity share is acquired on 1st January, 2017 at ₹ 100, its fair market value is ₹ 200 on 31st January, 2018 and it is sold on 1st April, 2024 at ₹ 50. In this case, the actual cost of acquisition is less than the fair market value as on 31st January, 2018. The sale value is less than the fair market value as on 31st January, 2018 and also the actual cost of acquisition. Therefore, the actual cost of ₹ 100 will be taken as the cost of acquisition in this case. Hence, the long-term capital loss will be ₹ 50 (₹ 50 – ₹ 100) in this case.

**Q 6. Whether the cost of acquisition will be inflation indexed?**

Ans 6. Third proviso to section 48, provides that the long-term capital gain will be computed without giving effect to the provisions of the second proviso of section 48. Accordingly, it is clarified that the benefit of inflation indexation of the cost of acquisition would not be available for computing long-term capital gains.

**Note** – *This is irrespective of whether the transfer takes place before or on or after 23.7.2024.*

**Q 7. What will be the tax treatment of transfer made on or after 1st April 2018?**

Ans 7. The long-term capital gains exceeding ₹ 1,25,000 arising from transfer of listed equity shares/ units of equity oriented fund/business trust on or after 1st April, 2018 will be taxed at 10% (where transfer is made before 23.7.2024) or 12.5% (where transfer is made on or after 23.7.2024), as the case may be. However, there will be no tax on gains accrued upto 31st January, 2018.

**Q 8. What is the date from which the holding period will be counted?**

Ans 8. The holding period will be counted from the date of acquisition.

**Q 9. Whether tax will be deducted at source in case of gains by resident tax payer?**

Ans 9. No. There will be no deduction of tax at source from the payment of long-term capital gains to a resident tax payer.

**Q 10. What will be the cost of acquisition in the case of bonus shares acquired before 1st February 2018?**

Ans 10. The cost of acquisition of bonus shares acquired before 31st January, 2018 will be determined as per section 55(2)(ac). Therefore, the fair market value of the bonus shares as on 31st January, 2018 will be taken as cost of acquisition (except in some typical situations explained in Ans 5), and hence, the gains accrued upto 31st January, 2018 will continue to be exempt<sup>7</sup>.

**Q 11. What will be the cost of acquisition in the case of right share acquired before 1st February 2018?**

Ans 11. The cost of acquisition of right share acquired before 31st January, 2018 will be determined as per section 55(2)(ac). Therefore, the fair market value of right share as on 31st January, 2018 will be taken as cost of acquisition (except in some typical situations explained in Ans 5), and hence, the gains accrued upto 31st January, 2018 will continue to be exempt.

**Q 12. What will be the treatment of long-term capital loss arising from transfer made on or after 1st April, 2018?**

Ans 12. Long-term capital loss arising from transfer made on or after 1st April, 2018 will be allowed to be set-off and carried forward in accordance with existing provisions of the Act.

---

<sup>7</sup> Subject to the notification issued by the Central Government to specify the nature of acquisition of equity share in a company on which the condition of payment of STT on acquisition would not be applicable.

Therefore, it can be set-off against any other long-term capital gains and unabsorbed loss can be carried forward to subsequent eight years for set-off against long-term capital gains.

## 4.25 SURPLUS ON SALE OF SHARES AND SECURITIES - WHETHER TAXABLE AS CAPITAL GAINS OR BUSINESS INCOME? [CIRCULAR NO. 06/2016, DATED 29-2-2016]

Section 2(14) defines the term "capital asset" to include property of any kind held by an assessee, whether or not connected with his business or profession, but does not include any stock-in-trade or personal assets subject to certain exceptions. As regards shares and other securities, the same can be held either as capital assets or stock-in-trade/trading assets or both.

Determination of the character of a particular investment in shares or other securities, whether the same is in the nature of a capital asset or stock-in-trade, is essentially a fact-specific determination and has led to a lot of uncertainty and litigation in the past.

**Parameters laid down by CBDT and Courts to distinguish shares held as investments and shares held as stock in trade**

Over the years, the courts have laid down different parameters to distinguish the shares held as investments from the shares held as stock-in-trade. The CBDT has also, through Instruction No. 1827, dated August 31, 1989 and Circular No. 4 of 2007 dated June 15, 2007, summarized the said principles for guidance of the field formations.

**Principles to determine whether gains on sale of listed shares and other securities would constitute capital gains or business income**

Disputes, however, continue to exist on the application of these principles to the facts of an individual case since the taxpayers find it difficult to prove the intention in acquiring such shares/securities. In this background, while recognizing that no universal principle in absolute terms can be laid down to decide the character of income from sale of shares and securities (i.e. whether the same is in the nature of capital gain or business income), CBDT realizing that major part of shares/securities transactions takes place in respect of the listed ones and with a view to reduce litigation and uncertainty in the matter, in partial modification to the aforesaid Circulars, further instructs the Assessing Officers to take into account the following while deciding whether the surplus generated from sale of listed shares or other securities would be treated as Capital Gain or Business Income—

- a) **Where assessee opts to treat such shares and securities as stock-in-trade:** Where the assessee itself, irrespective of the period of holding the listed shares and securities, opts to treat them as stock-in-trade, the income arising from transfer of such shares/securities would be treated as its business income,
- b) **Listed shares and securities held for a period of more than 12 months:** In respect of listed shares and securities held for a period of more than 12 months immediately preceding the date of its transfer, if the assessee desires to treat the income arising from the transfer thereof as Capital Gain, the same shall not be put to dispute by the Assessing Officer. However, this stand, once taken by the assessee in a particular Assessment Year, shall remain applicable in subsequent Assessment Years also and the taxpayers shall not be allowed to adopt a different/contrary stand in this regard in subsequent years;

- c) **Other cases:** In all other cases, the nature of transaction (i.e. whether the same is in the nature of capital gain or business income) shall continue to be decided keeping in view the aforesaid Circulars issued by the CBDT.

**Principles listed above not to apply in case of sham transactions**

It is, however, clarified that the above shall not apply in respect of such transactions in shares/securities where the genuineness of the transaction itself is questionable, such as bogus claims of Long-term Capital Gain/Short Term Capital Loss or any other sham transactions.

**Objective of formulation of principles: Reducing litigation and ensuring consistency**

It is reiterated that the above principles have been formulated with the sole objective of reducing litigation and maintaining consistency in approach on the issue of treatment of income derived from transfer of shares and securities. All the relevant provisions of the Act shall continue to apply on the transactions involving transfer of shares and securities.

Would receipt of higher compensation after notification of compulsory acquisition change the character of transaction into a voluntary sale, so as to deny exemption u/s 10(37)(iii)?	When proceedings were initiated under the Land Acquisition Act, 1894, even if the compensation is negotiated and fixed, it would continue to remain as compulsory acquisition. <b>Merely because the compensation amount is agreed upon, the character of acquisition will not change from compulsory acquisition to a voluntary sale.</b> The claim of exemption from capital gains u/s 10(37)(iii) is, therefore, tenable in law.

	<b>Issue</b>	<b>Analysis &amp; Decision</b>
	In a case where a depreciable asset (building) held for more than 24 months is transferred, can benefit of exemption u/s 54EC be claimed, if the capital gains on sale of such asset are reinvested in long-term specified assets within the specified time?	The assessee cannot be denied exemption u/s 54EC, because firstly, there is nothing in section 50 to suggest that the fiction created therein is not restricted to only sections 48 and 49. Secondly, fiction created by the legislature has to be confined for the purpose for which is created. Thirdly, <b>section 54EC does not make any distinction between depreciable and non-depreciable asset for the purpose of re-investment of capital gains in long term specified assets for availing the exemption thereunder.</b> Further, section 54EC specifically provides that when the capital gain arising on the transfer a long-term capital asset (being land or building or both) is invested or deposited in long-term specified assets, the assessee shall not be subject to capital gains to that extent. Therefore, the exemption u/s 54EC cannot be denied to the assessee on account of the fiction created in section 50.

	Can advance given for purchase of land, building, plant and machinery tantamount to utilization of capital gain for purchase and acquisition of new machinery or plant and building or land, for claim of exemption u/s 54G?	For the purpose of availing exemption, all that was required for the assessee is to “utilise” the amount of capital gain for purchase and acquisition of new machinery or plant and building or land. <b>Since the entire amount of capital gain, in this case, was utilized by the assessee by way of advance for acquisition of land, building, plant and machinery, the assessee is entitled to avail exemption/deduction u/s 54G.</b>

	<b>Issue</b>	<b>Analysis &amp; Decision</b>
	Would the depreciable asset forming part of block of assets on which depreciation is being allowed since its acquisition change its character if it is not used for business purpose for the last two years, to the effect that gain arising from its transfer be considered as long term capital gain instead of short-term capital gains?	The depreciable asset forming a part of block of assets within the meaning section 2(11) would not cease to be a part of the block of assets so long as the assessee continued business. In this case, the building forming part of the block of assets would retain its character as such, even if one or two of the assets in the block were not used for the business purposes in the last couple of years. Consequently, the profits arising on sale of such asset would be short-term capital gains.

10.	<b><i>CIT v. Kamal Wahal (2013) 351 ITR 4 (Delhi)</i></b>	
	<b>Issue</b>	<b>Analysis &amp; Decision</b>
	Can exemption u/s 54F be denied solely on the ground that the new residential house is purchased by the assessee exclusively in the name of his wife?	For the purpose of section 54F, a new residential house need not necessarily be purchased by the assessee in his own name nor is it necessary that it should be purchased exclusively in his name.  Having regard to the rule of purposive construction and the object of enactment of section 54F, <b>the assessee is entitled to claim exemption u/s 54F in respect of utilization of sale proceeds of capital asset for investment in residential house property in the name of his wife.</b>
11.	<b><i>CIT v. Ravinder Kumar Arora (2012) 342 ITR 38 (Delhi)</i></b>	
	<b>Issue</b>	<b>Analysis &amp; Decision</b>
	In case of a house property registered in joint names, can exemption u/s 54F be allowed fully to the co-owner who has paid whole of the purchase consideration of the house property or will it be restricted to his share in the house property?	The inclusion of his wife's name in the sale deed was just to avoid any litigation after his death. All the funds invested in the said house were provided by the assessee, including the stamp duty and corporation tax paid at the time of the registration of the sale deed of the said house. This fact was also clearly evident from the bank statement of the assessee.  <b>Section 54F mandates that the house should be purchased by the assessee but it does not stipulate that the house should be purchased only in the name of the assessee.</b> In this case, the house was purchased by the assessee in his name and his wife's name was also included additionally. Therefore, the conditions stipulated in section 54F stand fulfilled and the entire exemption claimed in respect of the purchase price of the house property shall be allowed to the assessee.

12.	<b><i>CIT v. Sambandam Udaykumar (2012) 345 ITR 389 (Kar.)</i></b>	
	<b>Issue</b>	<b>Analysis &amp; Decision</b>
	Can exemption u/s 54F be denied to an assessee in respect of investment made in construction of a residential house, on the ground that the construction was not completed within 3 years after the date on which transfer took place, on account of pendency of certain finishing work like flooring, electrical fittings, fittings of door shutter etc.?	The condition precedent for claiming the benefit u/s 54F is that capital gains realized from sale of capital asset should have been invested either in purchasing a residential house or in constructing a residential house within the stipulated period. If the assessee has invested the money in the construction of a residential house, merely because the construction was not completed in all respects and possession could not be taken within the stipulated period, would not disentitle him from claiming exemption u/s 54F. In fact, in this case, <b>the assessee has taken possession of the residential building and is living in the said premises despite the pendency of flooring work, electricity work, fitting of door and window shutters.</b> Therefore, <b>the assessee is entitled to exemption u/s 54F</b> in respect of the amount invested in construction within the prescribed period.
13.	<b><i>Gouli Mahadevappa v. ITO (2013) 356 ITR 90 (Kar.)</i></b>	
	<b>Issue</b>	<b>Analysis &amp; Decision</b>
	Where the stamp duty value under section 50C has been adopted as the full value of consideration, can the reinvestment made in acquiring a residential property, which is in excess of the actual net sale consideration, be considered for the purpose of computation of exemption under section 54F, irrespective of the source of funds for such reinvestment?	When capital gain is assessed on notional basis as per the provisions of section 50C, and the higher value i.e., the stamp duty value under section 50C has been adopted as the full value of consideration, the entire amount reinvested in the residential house within the prescribed period should be considered for the purpose of exemption under section 54F, irrespective of the source of funds for such reinvestment.  For eg: if stamp duty value = ₹ 50 lakh, actual consideration = ₹ 40 lakh, capital gains = ₹ 12 lakh, if ₹ 47 lakh is re-invested in residential house, then exemption u/s 54F = ₹ 12 lakh x ₹ 47 lakh / ₹ 50 lakh = ₹ 11.28 lakh (assuming gross and net consideration are same), irrespective of the source of balance ₹ 7 lakh (₹ 47 lakh - ₹ 40 lakh) over and above actual consideration.

	<b>Issue</b>	<b>Analysis &amp; Decision</b>
	Can exemption u/s 54EC be denied on account of the bonds being issued after six months of the date of transfer even though the payment for the bonds was made by the assessee within the six-month period?	In order to avail the exemption u/s 54EC, the capital gains have to be invested in a long-term specified asset within a period of six months from the date of transfer. <b>Where the assessee has made the payment within the six month period, and the same is reflected in the bank account and a receipt has been issued as on that date, the exemption u/s 54EC cannot be denied</b> merely because the bond was issued after the expiry of the six month period or the date of allotment specified therein was after the expiry of the six month period.
15.	<b><i>Principal CIT v. Gujarat State Fertilizers and Chemicals Limited (2018) 409 ITR 378 (Guj)</i></b>	
	<b>Issue</b>	<b>Analysis &amp; Decision</b>
	Would sale of fertilizer bonds (issued in lieu of government subsidy) at loss be treated as a business loss or a loss under the head "Capital gains"?	Fertilizer subsidy given to an assessee to compensate the loss on sale of fertilisers should be treated as business income of the assessee. Due to cash crunch, the Government of India had discharged its dues of paying the subsidy by issue of fertilizer bonds. These bonds are saleable in the open market and the prices of such bonds are varying. In this case also, the assessee received fertilizer bonds (in lieu of subsidy) which were sold at a loss in the open market.  Since the subsidy would have been treated as business income, <b>loss on sale of fertilizer bonds issued is to be allowed as business loss.</b>

1. Hari has acquired a residential house property in Delhi on 15<sup>th</sup> April, 2002 for ₹ 9,00,000 and decided to sell the same on 3<sup>rd</sup> May, 2005 to Ms. Pari and an advance of ₹ 25,000 was taken from her. The balance money was not paid by Ms. Pari and Hari has forfeited the entire advance sum. On 3<sup>rd</sup> June, 2024, he has sold this house to Mr. Suri for ₹ 43,00,000. On 4<sup>th</sup> April, 2024, he had purchased a residential house in Delhi for ₹ 7,00,000, where he was staying with his family on rent for the last 5 years and paid the full amount as per the purchase agreement. However, Hari does not possess any legal title till 31<sup>st</sup> March, 2025, as such transfer was not registered with the registration authority.

Hari has purchased another old house in Chennai on 14<sup>th</sup> October, 2024 from Mr. X, an Indian resident, by paying ₹ 5,00,000 and the purchase was registered with the appropriate authority.

2. Mr. Ganesh sold his residential house in Mumbai and earned long term capital gain of ₹ 2.5 crores. He purchased two residential flats adjacent to each other on the same day vide two separate registered sale deeds from two different persons. The builder had certified that he had effected necessary modification to make it one residential apartment. Mr. Ganesh sought exemption under section 54 in respect of the investment made in purchase of the two residential flats. The Assessing Officer, however, gave exemption under section 54 to the extent of purchase of one residential flat only contending that since the long-term capital gain exceeds ₹ 2 crore, sub-section (1) of section 54 clearly restricts the benefit of exemption to purchase one residential house only and the two flats cannot be treated as one residential unit since –

- (i) the flats were purchased through different sale deeds; and
- (ii) it was found by the Inspector that, before its sale to the assessee, the residential flats were in occupation of two different tenants.

Examine the correctness of the contention of the Assessing Officer.

3. *Vijay, an individual, owned three residential houses which were let out. Besides, he and his four brothers co-owned a residential house in equal shares. He sold one residential house owned by him during the previous year relevant to the assessment year 2025-26. Within a month from the date of such sale, the four brothers executed a release deed in respect of their shares in the co-owned residential house in favour of Vijay for a monetary consideration.*

*Vijay utilised the entire long-term capital gain arising out of the sale of the residential house for payment of the said consideration to his four brothers. Vijay is not using the house, in respect of which his brothers executed a release deed, for his own residential purposes, but has let it out to another person, who is using it for his residential purposes.*

*Is Vijay eligible for exemption under section 54 of the Income-tax Act, 1961 for the assessment year 2025-26 in respect of the long-term capital gain arising from the sale of his residential house, which he utilised for acquiring the shares of his brothers in the co-owned residential house? Will the non-use of the new house for his own residential purposes disentitle him to exemption?*

10. SS(P) Ltd., an Indian company having two undertakings engaged in manufacture of cement and steel, decided to hive off cement division to RV(P) Ltd., an Indian company, by way of demerger. The net worth of SS(P) Ltd. immediately before demerger was ₹ 40 crores. The net book value of assets transferred to RV(P) Ltd. was ₹ 10 crores. The demerger was made in January 2025. In the scheme of demerger, it was fixed that for each equity share of ₹ 10 each (fully paid up) of SS(P) Ltd., two equity shares of ₹ 10 each (fully paid up) were to be issued.

One Mr. N.K. held 25,000 equity shares in SS(P) Ltd. which were acquired in the financial year 2004-05 for ₹ 6,00,000. Mr. N.K. received 50,000 equity shares from RV(P) Ltd. consequent to demerger in January 2025. He sold all the shares of RV(P) Ltd. for ₹ 8,00,000 in March, 2025. In this background you are requested to answer the following:

- (i) Does the transaction of demerger attract any income tax liability in the hands of SS(P) Ltd. and RV(P) Ltd.?
- (ii) Compute the capital gain that could arise in the hands of Mr. N.K. on receipt of shares of RV(P) Ltd.
- (iii) Compute the capital gain that could arise in the hands of Mr. N.K. on sale of shares of RV(P) Ltd.
- (iv) Will the sale of shares by Mr. N.K. affect the tax benefits availed by SS(P) Ltd. and/or RV(P) Ltd.?
- (v) Is Mr. N.K. eligible to avail any tax exemption under any of the provisions of the Income-tax Act, 1961 on the sale of shares of RV(P) Ltd.? If so, mention in brief.

11. PQR Limited has two units - one engaged in manufacture of computer hardware and the other involved in developing software. As a restructuring drive, the company has decided to sell its software unit as a going concern by way of slump sale for ₹ 385 lakhs to a new company called S Limited, in which it holds 74% equity shares.

The balance sheet of PQR limited as on 31<sup>st</sup> March 2025, being the date on which software unit has been transferred, is given hereunder –

**Balance Sheet as on 31.3.2025**

<b>Liabilities</b>	<b>₹ (in lakhs)</b>	<b>Assets</b>	<b>₹ (in lakhs)</b>
Paid up Share Capital	300	<u>Fixed Assets</u>	
General Reserve	150	Hardware unit	170
Share Premium	50	Software unit	200
Revaluation Reserve	120	<u>Debtors</u>	
<u>Current Liabilities (Ascertained liabilities)</u>		Hardware unit	140
Hardware unit	40	Software unit	110
Software unit	90	<u>Inventories</u>	
		Hardware unit	95
		Software unit	35
	<b>750</b>		<b>750</b>

Following additional information are furnished by the management:

- (i) The Software unit is in existence since May, 2015.
  - (ii) Fixed assets of Software unit includes land which was purchased at ₹ 40 lakhs in the year 2016 and revalued at ₹ 60 lakhs as on March 31, 2025. The stamp duty value on 31.3.2025 is ₹ 55 lakhs.
  - (iii) Fixed assets of Software unit mirrored at ₹ 140 lakhs (₹ 200 lakhs minus land value ₹ 60 lakhs) is written down value of depreciable assets (Furniture and Plant & machinery) as per books of account. However, the written down value of these assets under section 43(6) of the Income-tax Act, 1961 is ₹ 90 lakhs.
- (a) Ascertain the tax liability, which would arise from slump sale to PQR Limited, assuming it does not opt for section 115BAA.
  - (b) What would be your advice as a tax-consultant to make the restructuring plan of the company more tax-savvy, without changing the amount of sale consideration?

12. Determine the capital gains/loss on transfer of listed equity shares (STT paid both at the time of acquisition and transfer of shares) and units of equity oriented mutual fund (STT paid at the time of transfer of units) for the A.Y.2025-26 and tax, if any, payable thereon, in the following cases, assuming that these are the only transactions covered under section 112A during the P.Y.2024-25 in respect of these assessees:

- (i) Mr. Prasun purchased 300 shares in A Ltd. on 20.5.2017 at a cost of ₹ 400 per share. He sold all the shares of A Ltd. on 31.5.2024 for ₹ 1200. The price at which these shares were traded in National Stock Exchange on 31.1.2018 is as follows –

Particulars	Amount in ₹
Highest Trading Price	700
Average Trading Price	680
Lowest Trading Price	660

- (ii) Mr. Raj purchased 200 units each of equity oriented funds, Fund A and Fund B on 1.2.2017 at a cost of ₹ 550 per unit. The units were not listed at the time of purchase. Subsequently, units of Fund A were listed on 1.1.2018 and units of Fund B were listed on 1.2.2018 on the National Stock Exchange. Mr. Raj sold all the units on 3.8.2024 for ₹ 900 each. The details relating to quoted price on National Stock Exchange and net asset value of the units are given hereunder:

Particulars	Fund A	Fund B
	Amount in ₹	Amount in ₹

13. Mr. Shyam purchased a house property on February 15, 1979 for ₹ 3,24,000. In addition, he has also paid stamp duty @10% on the stamp duty value of ₹ 3,50,000.

In April, 2008, Mr. Shyam entered into an agreement with Mr. Mohan for sale of such property for ₹ 14,35,000 and received an amount of ₹ 1,11,000 as advance. However, the sale consideration did not materialize and Mr. Shyam forfeited the advance. In May 2015, he again entered into an agreement for sale of said house for ₹ 20,25,000 to Ms. Deepshikha and received ₹ 1,51,000 as advance. However, as Ms. Deepshikha did not pay the balance amount, Mr. Shyam forfeited the advance. In August, 2015, Mr. Shyam constructed the first floor by incurring a cost of ₹ 3,90,000.

On November 15, 2024, Mr. Shyam entered into an agreement with Mr. Manish for sale of such house for ₹ 30,50,000 and received an amount of ₹ 1,50,000 as advance through an account payee cheque. Mr. Manish paid the balance entire sum and Mr. Shyam transferred the house to Mr. Manish on February 20, 2025. Mr. Shyam has paid the brokerage @1% of sale consideration to the broker.

On April 1, 2001, fair market value of the house property was ₹ 11,85,000 and Stamp duty value was ₹ 10,70,000. Further, the Valuation as per Stamp duty Authority of such house on 15<sup>th</sup> November, 2024 was ₹ 39,00,000 and on 20<sup>th</sup> February, 2025 was ₹ 41,00,000.

Compute the capital gains in the hands of Mr. Shyam for A.Y.2025-26. Also, compute the tax liability under section 112, assuming that the basic exemption limit has been fully exhausted against other income.

## Answers

### 1. Computation of taxable capital gain of Mr. Hari for the A.Y.2025-26

Particulars	₹
Sale proceeds	43,00,000
Less: Indexed cost of acquisition [Since the transfer took place before 23.7.2024] [See Note (i)]	30,25,000
Long Term Capital Gain	12,75,000
Less: Exemption under section 54 in respect of investment in house at Delhi [See Note (ii)]	7,00,000
Exemption under section 54 in respect of investment in house at Chennai [See Note (iii)]	5,00,000
<b>Taxable long-term capital gain</b>	<b>75,000</b>

#### Notes:

#### (i) Computation of indexed cost of acquisition

Particulars	₹
Cost of acquisition	9,00,000
Less: Advance taken and forfeited	25,000
Cost for the purpose of Indexation	8,75,000
Indexed cost of acquisition (₹ 8,75,000 x 363/105)	30,25,000

Advance received and forfeited on or after 01.04.2014 is taxable under section 56(2)(ix). Such amount would not be reduced to compute indexed cost of acquisition while determining capital gains on sale of such property.

However, in this case, since the advance was received and forfeited in the year 2005, such advance has to be reduced for calculating indexed cost of acquisition for the purpose of arriving at capital gains.

- (ii) In order to avail exemption of capital gains under section 54, residential house should be purchased within 1 year before or 2 years after the date of transfer or constructed within a period of 3 years after the date of transfer. In this case, Hari has purchased the residential house in Delhi within one year before the date of transfer and paid the full amount as per the purchase agreement, though he does not possess any legal title till 31.3.2025 since the transfer was not registered with the registration authority. However, for the purpose of claiming exemption under section 54, holding of legal title is not necessary. If the taxpayer pays the full consideration in terms of the purchase agreement within the stipulated period, the exemption under section 54 would be available. It was so held in *Balraj v. CIT(2002) 254 ITR 22 (Del.)* and *CIT v. Shahzada Begum (1988) 173 ITR 397 (A.P.)*.
- (iii) As per section 54, since the amount of capital gain does not exceed ₹ 2 crore, Mr. Hari can claim exemption thereunder in respect of investment made in two residential houses situated in India.

However, if Mr. Hari exercises the option to claim exemption in respect of two residential houses in Delhi and Chennai in P.Y. 2024-25, he shall not be subsequently entitled to exercise the option for the same or any other assessment year.

2. This issue came up before the Karnataka High Court in *CIT v. D. Ananda Basappa (2009) 309 ITR 329*. The Court observed that the assessee had shown that the flats were situated side by side and the builder had also certified that he had effected modification of the flats to make them one unit by opening the door between the apartments. Therefore, it was immaterial that the flats were occupied by two different tenants prior to sale or that it was purchased through different sale deeds. The Court observed that these were not the grounds to hold that the assessee did not have the intention to purchase the two flats as one unit. The Court held that the assessee was entitled to exemption under section 54 in respect of purchase of both the flats to form one residential house.

Applying the ratio of the above decision to the case on hand, Mr. Ganesh is entitled to exemption under section 54 in respect of purchase of two flats to form **one residential house**. Therefore, the contention of the Assessing Officer is not correct.

3. The long-term capital gain arising on sale of residential house would be exempt under section 54 if it is utilized, *inter alia*, for purchase of one residential house situated in India within one year before or two years after the date of transfer. Release by the other co-owners of their share in co-owned property in favour of Vijay would amount to “purchase” by Vijay for the purpose of claiming exemption under section 54 [*CIT v. T.N. Arvinda Reddy (1979) 120 ITR 46 (SC)*]. Since such purchase is within the stipulated time of two years from the date of transfer of asset, Vijay is eligible for exemption under section 54. As Vijay has utilised the entire long-term capital gain arising out of the sale of the residential house for payment of consideration to the other co-owners who have released their share in his favour, he can claim full exemption under section 54.

There is no requirement in section 54 that the new house should be used by the assessee for his own residence. The condition stipulated is that the new house should be utilised for residential purposes and its income is chargeable under the head “Income from house property”. This requirement would be satisfied even when the new house is let out for residential purposes.

4. Under section 46(1), where the assets of a company are distributed to its shareholders on its liquidation, such distribution shall not be regarded as transfer in the hands of the company for the purpose of section 45.

However, under section 46(2), where the shareholder, on liquidation of a company, receives any money or other assets from the company, he shall be chargeable to income-tax under the head “capital gains”, in respect of the money so received or the market value of the other assets on the date of distribution as reduced by the amount of dividend deemed under section 2(22)(c) [chargeable to tax in the hands of shareholders under the head “Income from other sources”] and the sum so arrived at shall be deemed to be the full value of the consideration for the purposes of section 48.

As per section 2(22)(c), dividend includes any distribution made to the shareholders of a company on its liquidation, to the extent to which the distribution is attributable to the accumulated profits of the company immediately before its liquidation, whether capitalized or not.

In this case, the accumulated profits immediately before liquidation is ₹ 3,00,000. The share of each shareholder is ₹ 60,000 (being one-fifth of ₹ 3,00,000). An amount of ₹ 60,000 is the deemed dividend under section 2(22)(c). The same is taxable in the hands of the shareholder under the head “Income from other sources”.

Therefore, ₹ 2,00,000 [i.e. ₹ 2,60,000 minus ₹ 60,000, being the deemed dividend under section 2(22)(c)] is the full value of consideration in the hands of each shareholder as per section 46(2). Against this, the investment of ₹ 1,00,000 by each shareholder is to be deducted to arrive at the capital gains of ₹ 1,00,000 of each shareholder. The benefit of indexation is available to the shareholders (since the shares are held for more than 24 months, hence long-term capital asset and the transfer took place before 23.7.2024), but could not be computed in the absence of required information. Since the equity shares are not listed, it would not be liable for securities transaction tax and hence, the capital gain (long term) would be taxable under section 112. Such long-term capital gain would be taxable @20% with indexation benefit since the transfer took place before 23.7.2024.

Exemption under section 54EC is available only where there is an actual transfer of capital assets and not in the case of deemed capital gain as per the decision rendered in the case of *CIT v. Ruby Trading Co (P) Ltd (2003) 259 ITR 54 (Raj)*. Therefore, exemption under section 54EC will not be available in this case since it is deemed transfer and not actual transfer. Furthermore, with effect from A.Y. 2019-20, exemption under section 54EC is available only on transfer of long-term capital asset, being land or building or both.

5. The cost of inherited property to Mr. Abraham shall be the cost to the previous owner as per provisions of section 49(1)(iii)a and therefore, ₹ 5 lakhs, being the cost to his father (amount paid by his father on 26.5.2002 for acquiring the property) shall be the cost to Mr. Abraham, who is the new owner. Payment of outstanding loan of the predecessor by the successor for obtaining a clear title of the property by release of Mortgage Deed shall be the cost of acquisition of the successor under section 48 read with section 55(2) of the Act as held by the Apex Court in case of *RM. Arunachalam v. CIT [1997] 227 ITR 222*.

#### Computation of Taxable Capital Gain for the A.Y. 2025-26

Particulars		₹
Sale consideration of house property		55,00,000
<b>Less: Indexed cost of acquisition (See Note below)</b>		
(i) Cost to previous owner (₹ 5,00,000 × 363/105)	17,28,571	

(ii) Loan amount paid by Mr. Abraham (Benefit of CII is available since the loan amount was paid in the financial year 2009-10) ( $\text{₹ } 15,00,000 \times 363/148$ )	36,79,054	54,07,625
<b>Capital gains</b>		<b>92,375</b>

**Note:** Since the property was acquired by Mr. Abraham through inheritance, the cost of acquisition will be cost to the previous owner.

As per the view expressed by Bombay High Court in *CIT v. Manjula J. Shah 16 Taxman 42*, in case the cost of acquisition of the capital asset in the hands of the assessee is taken to be cost of such asset in the hands of the previous owner, the indexation benefit would be available from the year in which the capital asset is acquired by the previous owner. Accordingly, the indexed cost of acquisition is calculated by taking the CII of F.Y.2002-03.

*However, as per the plain reading of the provisions of section 48, indexation benefit would be available only from the previous year in which Abraham first held the asset i.e. P.Y. 2009-10. In such case, the indexed cost of acquisition would be ₹ 49,05,405 (₹ 12,26,351 + ₹ 36,79,054) and long-term capital gain would be ₹ 5,94,595.*

6. Section 54G deals with deduction in respect of any capital gain that may arise from the transfer of an industrial undertaking situated in an urban area in the course of or in consequence of shifting to a non-urban area.

If the assessee purchases new machinery or plant or acquires a building or land or constructs a new building or shifts the original asset and transfers the establishment to the new area, within 1 year before or 3 years after the date on which the transfer takes place, then, instead of the capital gain being charged to tax, it shall be dealt with as under:

1. If the capital gain is greater than the cost of the new asset, the difference between the capital gain and the cost of the new asset shall be chargeable as income 'under section 45'.
2. If the capital gain is equal to or less than the cost of the new asset, section 45 is not to be applied.

The capital assets referred to in section 54G are machinery or plant or land or building or any rights in building or land. Capital gain arising on transfer of furniture does not qualify for exemption under section 54G. No exemption is therefore available under section 54G in respect of investment of ₹ 2 lakhs in acquiring furniture.

The first step therefore is to determine the capital gain arising out of the transfer and thereafter apply the provisions of section 54G.

	Particulars	₹
(a)	<b>Land</b> – Sale proceeds (Non-depreciable asset)	8,00,000
	Less: Cost of acquisition	4,00,000
	Long term capital gain	4,00,000
	Less: Cost of new assets purchased within three year after the date of transfer (under section 54G) <b>(See Note below)</b>	3,00,000
	<b>Taxable Long-term capital gain</b>	<b>1,00,000</b>
(b)	<b>Building</b> – sale proceeds (depreciable assets)	18,00,000
	Less: W.D.V. is deemed as cost of acquisition under section 50	4,00,000
	<b>Short-term capital gain</b>	<b>14,00,000</b>
(c)	<b>Plant &amp; machinery</b> - sale proceeds (depreciable asset)	16,00,000
	Less: WDV is deemed cost under section 50	5,00,000
	<b>Short-term capital gain</b>	<b>11,00,000</b>
(d)	<b>Furniture</b> - sale proceeds (depreciable asset)	3,00,000
	Less: WDV is deemed cost under section 50	2,00,000
	<b>Short-term capital gain (A)</b>	<b>1,00,000</b>

Summary		₹
Short term capital gain : Building		14,00,000
Short term capital gain : Plant & machinery		11,00,000
		<b>25,00,000</b>
Less: Section 54G [New assets purchased] <b>(See Note below)</b>		25,00,000
Net short term capital gain <b>(B)</b>		<b>Nil</b>
Total short-term capital gain (A)+(B) = ₹ 1 lakh		

**Note** – Total exemption available under section 54G is ₹ 28 lakhs (₹ 4 lakhs + ₹ 7 lakhs + ₹ 17 lakhs). The exemption should first be exhausted against short term capital gain as the incidence of tax in case of short-term capital gain is more than in case of long-term capital gain. Therefore, ₹ 25 lakhs is exhausted against short term capital gain and the balance of ₹ 3 lakhs against long term capital gain.

The taxable capital gains would be:

Long-term capital gains	₹ 1,00,000 (taxable @12.5% under section 112)
Short-term capital gains (furniture)	<u>₹ 1,00,000</u> (taxable at applicable tax rates)
	<u>₹ 2,00,000</u>

7. As per section 45(1A), where any person receives any money or other assets under an insurance from an insurer on account of damage to or destruction of capital asset as a result of, *inter alia*, accidental fire then, any profits and gains arising from the receipt of such money or other assets, shall be chargeable to income tax under the head “Capital Gains” and shall be deemed to be the income of such person of the previous year in which such money or asset was received.

For the purpose of section 48, the money received or the market value of the asset shall be deemed to be the full value of the consideration accruing as a result of the transfer of such capital asset. Since the asset was destroyed and the money from the insurance company was received in the previous year, there will be a liability to compute capital gains in respect of the insurance moneys received by the assessee.

Under section 45(1A) any profits and gains arising from receipt of insurance moneys is chargeable under the head “Capital gains”. For the purpose of section 48, the moneys received shall be deemed to be the full value of the consideration accruing or arising. Under section 50 the capital gains in respect of depreciable assets had to be computed in the following manner (**assuming it was the only asset in the block**).

The computation of capital gain and tax implication is given below:

Full value of the consideration	₹ 4,00,000
Less: Written down value as on April 1 <sup>st</sup> , 2024	₹ <u>1,87,850</u>
Short term capital gains	₹ <u>2,12,150</u>

#### 8. Computation of capital gains and business income of Tani for A.Y. 2025-26

Particulars	₹
<b>Capital Gains</b>	
Fair market value of land on the date of conversion deemed as the full value of consideration for the purposes of section 45(2)	2,10,00,000
Less: Indexed cost of acquisition [₹ 35,00,000 × 348/113]	1,07,78,761
	<u>1,02,21,239</u>

Proportionate capital gains arising during A.Y.2025-26 [₹ 1,02,21,239 × 2/3]	68,14,159
Less: Exemption under section 54EC	50,00,000
<b>Capital gains chargeable to tax for A.Y.2025-26</b>	<b>18,14,159</b>
<b>Business Income</b>	
Sale price of flats [10 × ₹ 30 lakhs]	3,00,00,000
Less: Cost of flats	
Fair market value of land on the date of conversion [₹ 210 lakhs × 2/3]	1,40,00,000
Cost of construction of flats [10 × ₹ 10 lakhs]	1,00,00,000
<b>Business income chargeable to tax for A.Y.2025-26</b>	<b>60,00,000</b>

**Notes:**

- (i) The conversion of a capital asset into stock-in-trade is treated as a transfer under section 2(47). It would be treated as a transfer in the year in which the capital asset is converted into stock-in-trade.
- (ii) However, as per section 45(2), the capital gains arising from the transfer by way of conversion of capital assets into stock-in-trade will be chargeable to tax only in the year in which the stock-in-trade is sold.
- (iii) The indexation benefit for computing indexed cost of acquisition would, however, be available only up to the year of conversion of capital asset to stock-in-trade and not up to the year of sale of stock-in-trade.
- (iv) For the purpose of computing capital gains in such cases, the fair market value of the capital asset on the date on which it was converted into stock-in-trade shall be deemed to be the full value of consideration received or accruing as a result of the transfer of the capital asset.  
  
In this case, since only 2/3rd of the stock-in-trade (10 flats out of 15 flats) is sold in the P.Y.2024-25, only proportionate capital gains (i.e., 2/3rd) would be chargeable in the A.Y.2025-26.
- (v) On sale of such stock-in-trade, business income would arise. The business income chargeable to tax would be computed after deducting the fair market value on the date of conversion of the capital asset into stock-in-trade and cost of construction of flats from the price at which the stock-in-trade is sold.

- (vi) In case of conversion of capital asset into stock-in-trade and subsequent sale of stock-in-trade, the period of 6 months is to be reckoned from the date of sale of stock-in-trade for the purpose of exemption under section 54EC [CBDT Circular No.791 dated 2.6.2000]. In this case, since the investment in bonds of NHAI has been made within 6 months of sale of flats, the same qualifies for exemption under section 54EC. With respect to long-term capital gains arising in any financial year, the maximum deduction under section 54EC would be ₹ 50 lakhs, whether the investment in bonds of NHAI or RECL are made in the same financial year or next financial year or partly in the same financial year and partly in the next financial year.

Therefore, even though investment of ₹ 50 lakhs has been made in bonds of NHAI during the P.Y.2024-25 and investment of ₹ 50 lakhs has been made in bonds of RECL during the P.Y.2025-26, both within the stipulated six month period, the maximum deduction allowable for A.Y.2025-26, in respect of long-term capital gain arising on sale of long-term capital asset(s) during the P.Y.2024-25, is only ₹ 50 lakhs.

#### 9. Computation of taxable income of Mr. Singh for A.Y.2025-26

Particulars	₹	₹
<b>Income from house property</b>		
Gross Annual Value [Higher of Expected Rent & Actual Rent]		3,00,000
Expected Rent [lower of Fair Rent and Standard Rent]	2,50,000	
Actual Rent	3,00,000	
Less: Municipal taxes paid by Mr. Singh during the year (including arrears) [₹ 35,000 + ₹ 1,50,000]		1,85,000
Net Annual Value (NAV)		1,15,000
Less: Deductions under section 24		
(a) 30% of NAV	34,500	
(b) Interest on loan borrowed for major repairs	1,50,000	1,84,500
		(69,500)

Less: Deduction@30%	9,000	21,000
		(48,500)
<b>Capital Gains</b>		
Full value of consideration		30,00,000

As per section 50C, the full value of consideration would be the higher of -		
Actual Consideration	25,00,000	
Stamp Duty Value [₹ 3,90,000/13%]	30,00,000	
Since stamp duty value > 110% of actual consideration		
<b>Less: Cost of acquisition</b>		
As per section 49(1), cost of acquisition of the residential house gifted by Mr. Singh's father to Mr. Singh would be the cost for which Mr. Singh's father acquired the asset		1,25,000
		28,75,000
<b>Less: Exemption under section 54 (₹ 8,00,000 + ₹ 7,00,000)</b>		
Purchase of residential house within the stipulated time (within one year before or two years after the date of sale) [Where the flats are situated side by side and the builder had effected the necessary modification to make it as one house, the assessee would be entitled to exemption under section 54 in respect of investment in both the flats, despite the fact that they were purchased by separate sale deeds] <i>[CIT v. Ananda Basappa (2009) 331 ITR 211 (Kar.)]</i>	15,00,000	
<b>Note:</b> Since two adjacent flats are treated as one residential house, Mr. Singh can defer availing exemption under section 54 in respect of two residential houses (where capital gains do not exceed ₹ 2 crores) to a later assessment year.		
<b>Exemption under section 54EC</b>		
Investment in bonds of NHAI within six months from the date of transfer. Where the payment for bonds has been made within the six months period, exemption under section 54EC would be available even if the allotment of bonds was made after the expiry of the six months <i>[Hindustan Unilever Ltd. v. <b>Long-term capital gains</b>		3,75,000
<b>Total Income</b>		<b>3,26,500</b>

**Note:** It may be noted that since Mr. Singh has transferred residential house property on or after 23.7.2024 which was acquired before the said date, he can opt to pay tax @20% on LTCG (computed with indexation) or 12.5% on LTCG (computed without indexation) whichever is beneficial to him.

10. (i) No, the transaction of demerger would not attract any income-tax liability in the hands of SS(P) Ltd. or RV(P) Ltd.

As per section 47(vib), any transfer in a demerger, of a capital asset, by the demerged company to the resulting company would not be regarded as “transfer” for levy of capital gains tax if the resulting company is an Indian company.

Hence, capital gains tax liability would not be attracted in the hands of SS(P) Ltd., the demerged company, in this case, since RV(P) Ltd. is an Indian company.

- (ii) There would be no capital gains tax liability in the hands of Mr. N.K. on receipt of shares of RV (P) Ltd., since as per section 47(vid), any issue of shares by the resulting company in a scheme of demerger to the shareholders of the demerged company will not be regarded as “transfer” for levy of capital gains tax, if the issue is made in consideration of demerger of the undertaking.

- (iii) Yes, capital gains would arise in the hands of Mr. N.K. on sale of shares of RV (P) Ltd.

Sale consideration 8,00,000

Less: Indexed cost of acquisition of shares of RV (P) Ltd.

Cost of acquisition of shares of RV(P) Ltd. as per section 49(2C):

Cost of acquisition of shares of SS(P) Ltd. x  $\frac{\text{Net book Value of assets transferred in a demerger}}{\text{Net worth of the demerged company immediately before demerger}}$

$$₹6,00,000 \times \frac{10 \text{ crore}}{40 \text{ crore}} = ₹1,50,000$$

Cost of acquisition of shares of RV (P) Ltd. ₹ 1,50,000

Long-term capital gain (since period of holding of shares in demerged company is also to be considered) ₹ 6,50,000

- (iv) No, sale of shares by Mr. N.K. would not affect the tax benefits availed by SS(P) Ltd. or RV (P) Ltd.

One of the conditions to be satisfied is that the shareholders holding not less than three-fourths in value of the shares in the demerged company become shareholders of the resulting company by virtue of the demerger. It is presumed that the condition is satisfied in this case.

There is no stipulation that they continue to remain shareholders for any period of time thereafter.

- (v) Since the resultant capital gain on sale of shares of RV(P) Ltd. is a long-term capital gain (on account of the period of holding of shares in demerged company being considered by virtue of section 2(42A)(g)), Mr. N.K. can avail exemption under section 54F by investing the entire net consideration in purchase (within one year before and two years after the date of transfer) or construction (within three years after the date of transfer) of one residential house in India. If part of the net consideration is invested, only proportionate exemption would be available.
11. (a) As per section 50B, any profits and gains arising from the slump sale effected in the previous year shall be chargeable to income-tax as capital gains arising from the transfer of capital assets and shall be deemed to be the income of the previous year in which the transfer took place.

If the assessee owned and held the undertaking transferred under slump sale for more than 36 months before slump sale, the capital gain shall be deemed to be long-term capital gain. Indexation benefit is not available in case of slump sale as per section 50B(2).

**(b) Tax advice**

- (i) Transfer of any capital asset by a holding company to its 100% Indian subsidiary company is exempt from capital gains under section 47(iv). Hence, PQR Limited should try to acquire the remaining 26% equity shares in S Limited then make the slump sale in the above said manner, in which case the slump sale shall be exempt from tax. For this exemption, PQR Limited will have to keep such 100% holding in S Limited for a period of 8 years from the date of slump sale, otherwise the amount exempt would be deemed to be income chargeable under the head "Capital Gains" of the previous year in which such transfer took place.
- (ii) Alternatively, if acquisition of 26% share is not feasible, PQR Limited may think about demerger plan of Software Unit to get benefit of section 47(vib) of the Income-tax Act, 1961.

- 12.** (i) For the purpose of computation of long-term capital gains chargeable to tax under section 112A, the cost of acquisition in relation to the long-term capital asset, being an equity share in a company or a unit of an equity oriented fund or a unit of a business trust acquired before 1<sup>st</sup> February, 2018 shall be the higher of
- (a) cost of acquisition of such asset, i.e., actual cost; and
  - (b) lower of
    - (i) the fair market value of such asset as on 31.1.2018; and
    - (ii) the full value of consideration received or accruing as a result of the transfer of the capital asset.

The fair market value of listed equity shares as on 31.1.2018 is the highest price quoted on the recognized stock exchange as on that date.

Accordingly, long-term capital gain on transfer of STT paid listed equity shares by Mr. Prasun would be determined as follows:

The FMV of shares of A Ltd. would be ₹ 700, being the highest price quoted on National Stock Exchange on 31.1.2018. The cost of acquisition of each equity share in A Ltd. would be ₹ 700, being higher of actual cost i.e., ₹ 400 and ₹ 700 [being the lower of FMV of ₹ 700 as on 31.1.2018 (i.e., the highest trading price) and actual sale consideration of ₹ 1,200]. Thus, the long-term capital gain would be ₹ 1,50,000 i.e.,  $(₹ 1,200 - ₹ 700) \times 300$  shares. The long-term capital gain of ₹ 25,000 (i.e., the amount in excess of ₹ 1,25,000) would be subject to tax@10% under section 112A (plus cess@4%), without benefit of indexation. The tax on capital gain @10.4% would be ₹ 2,600  $(₹ 25,000 \times 10.4\%)$

- (ii) In the case of units listed on recognised stock exchange on the date of transfer, the FMV as on 31.1.2018 would be the highest trading price on recognised stock exchange as on 31.1.2018 (if units are listed on that date), else, it would be the net asset value as on 31.1.2018 (where units are unlisted on that date).

Accordingly, the FMV of units of Fund A as on 31.1.2018 would be ₹ 750 (being the highest trading price on 31.1.2018, since the units of Fund A are listed on that date) and the FMV of units of Fund B as on 31.1.2018 would be ₹ 950 (being the net asset value as on 31.1.2018, since the units of Fund B are unlisted on that date).

The cost of acquisition of a unit of Fund A would be ₹ 750, being higher of actual cost i.e., ₹ 550 and ₹ 750 (being the lower of FMV of ₹ 750 as on 31.1.2018 and actual sale consideration of ₹ 900). Thus, the long-term capital gains on sale of units of Fund A would be ₹ 30,000  $(₹ 900 - ₹ 750) \times 200$  units.

The cost of acquisition of a unit of Fund B would be ₹ 900, being higher of actual cost i.e., ₹ 550 and ₹ 900 (being the lower of FMV of ₹ 950 as on 31.1.2018 (net asset value) and actual sale consideration of ₹ 900). Thus, the long-term capital gains on sale of units of Fund B would be Nil  $(₹ 900 - ₹ 900) \times 200$  units.

Since the long-term capital gains on sale of units is ₹ 30,000, which is less than ₹ 1,25,000, the said sum is not chargeable to tax under section 112A.

Since the computation results in a long term capital loss, if indexation benefit is given, the tax u/s 112 would be Nil. However, this computation is only for determining tax liability, the said loss can neither be set off nor carried forward.		

**Notes:****(1) Computation of cost of acquisition**

Particulars	Amount (₹)	Amount (₹)
Cost of acquisition, Being the higher of		10,70,000
(i) lower of Fair market value i.e., ₹ 11,85,000 and Stamp duty value i.e., ₹ 10,70,000, on April 1, 2001	10,70,000	
(ii) Actual cost of acquisition (₹ 3,24,000 + ₹ 35,000, being stamp duty @10% of ₹ 3,50,000)	3,59,000	
Less: Advance money taken from Mr. Mohan and forfeited		1,11,000
<b>Cost of acquisition</b>		<b>9,59,000</b>

- (2) Where advance money has been received by the assessee, and retained by him, as a result of failure of the negotiations, section 51 will apply. The advance retained by the assessee will go to reduce the cost of acquisition. Accordingly, cost of acquisition after reducing the advance money forfeited would be ₹ 9,59,000 [i.e. ₹ 10,70,000 – ₹ 1,11,000 (being the advance money forfeited during the P.Y. 2008-09)]. However, where the advance money is forfeited during the previous year 2014-15 or thereafter, the amount forfeited would be taxable under the head “Income from Other Sources” and such amount will not be deducted from the cost of acquisition of such asset while calculating capital gains. Hence, ₹ 1,51,000, being the advance received from Ms. Deepshikha and retained by him, would have been taxable under the head “Income from other sources” in the hands of Mr. Shyam in A.Y.2016-17.
